reference to paragraph (d) is confusing. We have also added the word “inspection” to clarify that the requirements we are referring to are the inspection requirements, not the compliance times.

No other part of the preamble or regulatory information has been changed; therefore, only the changed portion of the final rule is being published in the Federal Register.

Correction of Regulatory Text

§ 39.13 [Corrected]

In the Federal Register of June 17, 2011, on page 35333 in the second column, paragraph (b) of AD 2011–12–10 is corrected to read as follows:

* * * * *

(b) If you find any bare metal in the area of the skin-to-spar bond line, before further flight, inspect the blade by following the inspection requirements of paragraph (c) of this AD.

* * * * *

Issued in Fort Worth, Texas, on January 3, 2012.

Federal Aviation Administration

14 CFR Part 71

[Docket No. FAA–2011–0556; Airspace Docket No. 11–ASO–21]

Amendment of Class E Airspace; Jacksonville, NC

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Final rule, technical amendment.

SUMMARY: This action amends Class E airspace at Albert J. Ellis Airport, Jacksonville, NC, by updating the geographic coordinates of the airport to aid in the navigation of our National Airspace System. The airport dimensions and operating procedures remain the same.

DATES: Effective date: 0901 UTC. April 5, 2012. The Director of the Federal Register approves this incorporation by reference action under title 1, Code of Federal Regulations, part 51, subject to the annual revision of FAA Order 7400.9 and publication of conforming amendments.

FOR FURTHER INFORMATION CONTACT: John Fornito, Operations Support Group, Eastern Service Center, Federal Aviation Administration, P.O. Box 20636, Atlanta, Georgia 30320; telephone (404) 305–6364.

SUPPLEMENTARY INFORMATION:

History

The FAA received a request from the National Aeronautical Navigation Services to update the geographic coordinates of Albert J. Ellis Airport, Jacksonville, NC. This action makes the adjustment.

The Rule

This action amends Title 14 Code of Federal Regulations (14 CFR) part 71 by amending Class E surface airspace, and Class E airspace extending upward from 700 feet above the surface, at Albert J. Ellis Airport, Jacksonville, NC. The geographic coordinates of the airport are adjusted to be in concert with the FAA aeronautical database. Accordingly, since this is an administrative change, and does not involve a change in the dimensions or operating requirements of that airspace, notice and public procedures under 5 U.S.C. 553(b) are unnecessary.

The Class E airspace designations are published in Paragraphs 6002 and 6005, respectively of FAA order 7400.9V, dated August 9, 2011, and effective September 15, 2011, which is incorporated by reference in 14 CFR 71.1. The Class E airspace designations listed in this document will be published subsequently in the Order.

The FAA has determined that this regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current, is non-controversial and unlikely to result in adverse or negative comments. It, therefore, (1) Is not a “significant regulatory action” under Executive Order 12866; (2) is not a “significant rule” under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a Regulatory Evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified that this rule, when promulgated, will not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it amends controlled airspace at Jacksonville, NC.

Lists of Subjects in 14 CFR Part 71

Airspace, Incorporation by reference, Navigation (air).

Adoption of the Amendment

In consideration of the foregoing, the Federal Aviation Administration amends 14 CFR part 71 as follows:

PART 71—DESIGNATION OF CLASS A, B, C, D, AND E AIRSPACE AREAS; AIR TRAFFIC SERVICE ROUTES; AND REPORTING POINTS

1. The authority citation for part 71 continues to read as follows:

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of Federal Aviation Administration Order 7400.9V, Airspace Designations and Reporting Points, dated August 9, 2011, and effective September 15, 2011, is amended as follows:

Paragraph 6002 Class E airspace designated as surface areas.

Paragraph 6005 Class E airspace areas extending upward from 700 feet or more above the surface of the earth.

ASO NC E2 Jacksonville Albert J. Ellis Airport, NC [Amended]

Jacksonville, Albert J. Ellis Airport, NC

(Lat. 34°49′45″ N., long. 77°36′44″ W.)

Within a 4.2-mile radius of Albert J. Ellis Airport.

ASO NC E5 Jacksonville, NC [Amended]

Jacksonville, New River MCAS, NC

(Lat. 34°42′30″ N., long. 77°26′23″ W.)

Albert J. Ellis Airport

(Lat. 34°49′45″ N., long. 77°36′44″ W.)

Onslow Memorial Hospital Point In Space Coordinates

(Lat. 34°45′36″ N., long. 77°22′28″ W.)

That airspace extending upward from 700 feet or more above the surface within a 7-mile radius of New River MCAS, and within a 6.7-mile radius of Albert J. Ellis Airport, and within a 6-mile radius of the point in space (lat. 34°45′36″ N., long. 77°22′28″ W.) serving Onslow Memorial Hospital.
DEPARTMENT OF DEFENSE
Department of the Navy

32 CFR Part 706

Certifications and Exemptions Under the International Regulations for Preventing Collisions at Sea, 1972

AGENCY: Department of the Navy, DoD.

ACTION: Final rule.

SUMMARY: The Department of the Navy (DoN) is amending its certifications and exemptions under the International Regulations for Preventing Collisions at Sea, 1972 (72 COLREGS), to reflect that the Deputy Assistant Judge Advocate General (DAJAG) (Admiralty and Maritime Law) has determined that USS MICHAEL MURPHY (DDG 112) is a vessel of the Navy which, due to its special construction and purpose, cannot fully comply with the following specific provisions of 72 COLREGS without interfering with its special function as a naval ship: Annex I, paragraph 2(f)(i), pertaining to the placement of the masthead light or lights above and clear of all other lights and obstructions; Annex I, paragraph 2(f)(ii), pertaining to the vertical placement of task lights; Rule 21(a), pertaining to the arc of visibility of the forward masthead light; Annex I, paragraph 3(a), pertaining to the location of the forward masthead light in the forward quarter of the ship, and the horizontal distance between the forward and after masthead lights; and Annex I, paragraph 3(c), pertaining to placement of task lights not less than two meters from the fore and aft centerline of the ship in the athwartship direction. The DAJAG (Admiralty and Maritime Law) has also certified that the lights involved are located in closest possible compliance with the applicable 72 COLREGS requirements.

Moreover, it has been determined, in accordance with 32 CFR parts 296 and 701, that publication of this amendment for public comment prior to adoption is impracticable, unnecessary, and contrary to public interest since it is based on technical findings that the placement of lights on this vessel in a manner different from that prescribed herein will adversely affect the vessel’s ability to perform its military functions.

List of Subjects in 32 CFR Part 706

Marine safety, Navigation (water), and Vessels.

For the reasons set forth in the preamble, amend part 706 of title 32 of the CFR as follows:

PART 706—CERTIFICATIONS AND EXEMPTIONS UNDER THE INTERNATIONAL REGULATIONS FOR PREVENTING COLLISIONS AT SEA, 1972

1. The authority citation for part 706 continues to read as follows:

2. Section 706.2 is amended as follows:

A. In Table Four, Paragraph 15 by adding, in alpha numerical order, by vessel number, an entry for USS MICHAEL MURPHY (DDG 112);

B. In Table Four, Paragraph 16 by adding, in alpha numerical order, by vessel number, an entry for USS MICHAEL MURPHY (DDG 112);

C. In Table Five, by adding, in alpha numerical order, by vessel number, an entry for USS MICHAEL MURPHY (DDG 112):

§ 706.2 Certifications of the Secretary of the Navy under Executive Order 11964 and 33 U.S.C. 1605.
