## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Meeting of the National Biodefense Science Board

**AGENCY:** Office of the Secretary, Department of Health and Human Services.

**ACTION:** Notice.

**SUMMARY:** As stipulated by the Federal Advisory Committee Act, the U.S. Department of Health and Human Services is hereby giving notice that the National Biodefense Science Board (NBSB) will be holding two closed sessions by teleconference under exemption 9(B) of the Government in Sunshine Act, 5 U.S.C. section 552b(c).

**DATES:** The March 29, 2012, and April 30, 2012, NBSB closed sessions by teleconference are tentatively scheduled from 1 p.m. to 5 p.m. The agenda and time are subject to change as priorities dictate.

**ADDRESSES:** The closed sessions will occur by teleconference and will not be open to the public as stipulated under exemption 9(B) of the Government in Sunshine Act, 5 U.S.C. section 552b(c).

**FOR FURTHER INFORMATION CONTACT:** MacKenzie Robertson, Acting Executive Director, NBSB, Office of the Assistant Secretary for Preparedness and Response, U.S. Department of Health and Human Services; Email: [NBSB@HHS.GOV](mailto:NBSB@HHS.GOV).

**SUPPLEMENTARY INFORMATION:** Pursuant to section 319M of the Public Health Service Act (42 U.S.C. 247d-7f) and section 222 of the Public Health Service Act (42 U.S.C. 217a), the Department of Health and Human Services established the National Biodefense Science Board. The Board shall provide expert advice and guidance to the Secretary on scientific, technical, and other matters of special interest to the Department of Health and Human Services regarding current and future chemical, biological, nuclear, and radiological agents, whether naturally occurring, accidental, or deliberate. The Board may also provide advice and guidance to the Secretary and/or the Assistant Secretary for Preparedness and Response on other matters related to public health emergency preparedness and response.

*Background:* The Board is being asked to review and evaluate the 2012 Public

Health Emergency Medical Countermeasures Enterprise (PHEMCE) Strategy and Implementation Plan (SIP). Until a final document is approved by the Secretary of the Department of Health and Human Services (HHS), the development of PHEMCE SIP requires consideration and discussion of procurement-sensitive information that should not be released to the public prior to the Secretary's final decision. Premature public disclosure of the draft PHEMCE SIP would limit the Secretary's decision-making ability to effectively prioritize HHS expenditures on critical medical countermeasures. Therefore, the Board's deliberations on the new task will be conducted in closed sessions in accordance with provisions set forth under exemption 9(B) of the Government in Sunshine Act, 5 U.S.C. section 552b(c), and with approval by the Assistant Secretary for Preparedness and Response.

*Availability of Materials:* All public materials will be posted on the NBSB Web site at [www.phe.gov/nbsb](http://www.phe.gov/nbsb).

*Procedures for Providing Public Input:* All written comments should be sent by email to [NBSB@HHS.GOV](mailto:NBSB@HHS.GOV) with "NBSB Public Comment" as the subject line.

Dated: February 27, 2012.

**Nicole Lurie,**  
*Assistant Secretary for Preparedness and Response.*

## DEPARTMENT OF HEALTH AND HUMAN SERVICES

### Administration for Children and Families

#### Proposed Information Collection Activity; Comment Request

##### Proposed Projects

*Title:* National Child Abuse and Neglect Data System.

*OMB No:* 0980-0229.

*Description:* The Administration on Children, Youth and Families in the U.S. Department of Health and Human Services (HHS) established the National Child Abuse and Neglect Data System (NCANDS) to respond to the 1988 and 1992 amendments (Pub. L. 100-294 and Pub. L. 102-295) to the Child Abuse Prevention and Treatment Act (42 U.S.C. 5101 *et seq.*), which called for the creation of a coordinated national data collection and analysis program, both universal and case specific in scope, to examine standardized data on false, unfounded, or unsubstantiated reports.

In 1996, the Child Abuse Prevention and Treatment Act was amended by

Public Law 104-235 to require that any State receiving the Basic State Grant work with the Secretary of the Department of Health and Human Services (HHS) to provide specific data on child maltreatment, to the extent practicable. These provisions were retained in the 2010 reauthorization of CAPTA (Pub. L. 113-320).

Each State to which a grant is made under this section shall annually work with the Secretary to provide, to the maximum extent practicable, a report that includes the following:

1. The number of children who were reported to the State during the year as victims of child abuse or neglect.

2. Of the number of children described in paragraph (1), the number with respect to whom such reports were—

- A. substantiated;
- B. unsubstantiated; or
- C. determined to be false.

3. Of the number of children described in paragraph (2)—

A. the number that did not receive services during the year under the State program funded under this section or an equivalent State program;

B. the number that received services during the year under the State program funded under this section or an equivalent State program; and

C. the number that were removed from their families during the year by disposition of the case.

4. The number of families that received preventive services, including use of differential response, from the State during the year.

5. The number of deaths in the State during the year resulting from child abuse or neglect.

6. Of the number of children described in paragraph (5), the number of such children who were in foster care.

7.A. The number of child protective service personnel responsible for the—

- i. intake of reports filed in the previous year;
- ii. screening of such reports;
- iii. assessment of such reports; and
- iv. investigation of such reports.

B. The average caseload for the workers described in subparagraph (A).

8. The agency response time with respect to each such report with respect to initial investigation of reports of child abuse or neglect.

9. The response time with respect to the provision of services to families and children where an allegation of child abuse or neglect has been made.

10. For child protective service personnel responsible for intake, screening, assessment, and investigation of child abuse and neglect reports in the State—
