[Docket No. OSHA–2011–0183]

RIN 1218–AC64

Revising Standards Referenced in the Acetylene Standard

AGENCY: Occupational Safety and Health Administration (OSHA), Department of Labor.

ACTION: Final rule; confirmation of effective date.

SUMMARY: OSHA is confirming the effective date of its direct final rule that revises the Acetylene Standard for general industry by updating a reference to the Compressed Gas Association (CGA) acetylene standard (see 76 FR 75782). In the DFR, OSHA deleted reference to CGA G–1–2003 and replaced it with CGA G–1–2009. In that Federal Register document, OSHA also stated that it would confirm the effective date of the DFR if the Agency received no significant adverse comments. OSHA received one comment on the DFR, which it determined was not a significant adverse comment. The commenter observed differences between provisions of the most recent Compressed Gas Association acetylene standard (CGA G–1–2009) and provisions of OSHA’s oxygen-fuel gas.
welding and cutting standard at 29 CFR 1910.253. After describing the differences, the commenter stated that “the rulemaking process should include an assessment of how other existing OSHA Rules may be affected by the new or amended rule.” However, the commenter did not object to the revised provisions adopted by the CGA G–1–2009 standard that are the subject of this rulemaking. Therefore, the Agency determined that this comment was neither significant nor adverse.

32 CFR Part 706
Certifications and Exemptions Under the International Regulations for Preventing Collisions at Sea, 1972

AGENCY: Department of the Navy, DoD. ACTION: Final rule.

SUMMARY: The Department of the Navy (DoN) is amending its certifications and exemptions under the International Regulations for Preventing Collisions at Sea, 1972 (72 COLREGS), to reflect that the Deputy Assistant Judge Advocate General (DAJAG) (Admiralty and Maritime Law) has determined that USS MISSISSIPPI (SSN 782) is a vessel of the Navy which, due to its special construction and purpose, cannot fully comply with certain provisions of the 72 COLREGS without interfering with its special function as a naval ship. The intended effect of this rule is to warn mariners in waters where 72 COLREGS apply.

DATES: This rule is effective March 8, 2012 and is applicable beginning February 27, 2012.

SUPPLEMENTARY INFORMATION: Pursuant to the authority granted in 33 U.S.C. 1605, the DoN amends 32 CFR Part 706. This amendment provides notice that the DAJAG (Admiralty and Maritime Law), under authority delegated by the Secretary of the Navy, has certified that USS MISSISSIPPI (SSN 782) is a vessel of the Navy which, due to its special construction and purpose, cannot fully comply with the following specific provisions of 72 COLREGS without interfering with its special function as a naval ship: Annex I, paragraph 2(a)(i), pertaining to the vertical placement of the masthead light; Annex I, paragraph 2(k), pertaining to the vertical separation of the anchor lights and vertical placement of the forward anchor light above the hull; Annex I, paragraph 3(b), pertaining to the location of the sidelights; and Rule 21(c), pertaining to the location and arc of visibility of the sternlight. The DAJAG (Admiralty and Maritime Law) has also certified that the lights involved are located in closest possible compliance with the applicable 72 COLREGS requirements.

Moreover, it has been determined, in accordance with 32 CFR Parts 296 and 701, that publication of this amendment for public comment prior to adoption is impracticable, unnecessary, and contrary to public interest since it is based on technical findings that the placement of lights on this vessel in a manner differently from that prescribed herein will adversely affect the vessel’s ability to perform its military functions.

List of Subjects in 32 CFR Part 706
Marine safety, Navigation (water), and Vessels.

For the reasons set forth in the preamble, the DoN amends part 706 of title 32 of the Code of Federal Regulations as follows:

PART 706—CERTIFICATIONS AND EXEMPTIONS UNDER THE INTERNATIONAL REGULATIONS FOR PREVENTING COLLISIONS AT SEA, 1972

§ 706.2 Certifications of the Secretary of the Navy under Executive Order 11964 and 33 U.S.C. 1605.
