### Foreign-Trade Zones Board

[Docket 12-2012]

#### Foreign-Trade Zone 189—Kent, Ottawa, and Muskegon Counties, MI; Application for Reorganization Under Alternative Site Framework

An application has been submitted to the Foreign-Trade Zones (FTZ) Board (the Board) by the Kent-Ottawa-Muskegon Foreign-Trade Zone Authority, grantee of FTZ 189, requesting authority to reorganize the zone under the alternative site framework (ASF) adopted by the Board (74 FR 1170, 1/12/09 (correction 74 FR 3987, 1/22/09); 75 FR 71069-71070, 11/22/10). The ASF is an option for grantees for the establishment or reorganization of general-purpose zones and can permit significantly greater flexibility in the designation of new “usage-driven” FTZ sites for operators/users located within a grantee’s “service area” in the context of the Board’s standard 2,000-acre activation limit for a general-purpose zone project. The application was submitted pursuant to the Foreign-Trade Zones Act, as amended (19 U.S.C. 81a-81u), and the regulations of the Board (15 CFR part 400). It was formally filed on March 1, 2012.

FTZ 189 was approved by the Board on January 15, 1993 (Board Order 616, 58 FR 6614, 2/1/1993). The current zone project includes the following sites: *Site 1* (8 acres)—44th Street and Clay Avenue, Wyoming, Kent County; *Site 2* (18 acres)—1920 Lakeshore Drive, Muskegon, Muskegon County; *Site 3* (64 acres)—5353 52nd Street, Cascade Township, Kent County; *Site 4* (40 acres)—500 Mart Street, Muskegon,

Muskegon County; *Site 5* (5 acres)—449 Howard Avenue, Holland Township, Ottawa County; *Site 6* (80 acres)—48th & Thornapple River Drive, Cascade Township, Kent County; *Site 7* (1.15 acres)—1210 & 1218 East Pontaluna Road, Norton Shores, Muskegon County; *Site 8* (15 acres)—900 Hall Street SW., Grand Rapids, Kent County; and *Site 9* (6 acres)—2900 Dixie Street, Grandville, Kent County.

The grantee’s proposed service area under the ASF would be Kent, Ottawa and Muskegon Counties, Michigan, as described in the application. If approved, the grantee would be able to serve sites throughout the service area based on companies’ needs for FTZ designation. The proposed service area is within and adjacent to the Grand Rapids Customs and Border Protection port of entry.

The applicant is requesting authority to reorganize its existing zone project to include all of the existing sites as “magnet” sites. The ASF allows for the possible exemption of one magnet site from the “sunset” time limits that generally apply to sites under the ASF, and the applicant proposes that Site 9 be so exempted. No usage-driven sites are being requested at this time. Because the ASF only pertains to establishing or reorganizing a general-purpose zone, the application would have no impact on FTZ 189’s authorized subzones.

In accordance with the Board’s regulations, Elizabeth Whiteman of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board’s Executive Secretary at the address below. The closing period for their receipt is May 7, 2012. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to May 22, 2012.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230-0002, and in the “Reading Room” section of the Board’s Web site, which is accessible via [www.trade.gov/ftz](http://www.trade.gov/ftz). For further information, contact Elizabeth Whiteman at [Elizabeth.Whiteman@trade.gov](mailto:Elizabeth.Whiteman@trade.gov) or (202) 482-0473.

Dated: March 1, 2012.

### Foreign-Trade Zones Board

[Docket T-3-2012]

#### Foreign-Trade Zone 126—Reno, NV; Application for Temporary/Interim Manufacturing Authority, Brightpoint North America L.P. (Cell Phone Kitting and Distribution), Reno, NV

An application has been submitted to the Executive Secretary of the Foreign-Trade Zones Board (the Board) by the Economic Development Authority of Western Nevada, grantee of FTZ 126, requesting temporary/interim manufacturing (T/IM) authority within 126 at the Brightpoint North America L.P. (Brightpoint) facility, located in Reno, Nevada. The application was filed on March 2, 2012.

The Brightpoint facility (80 employees, 5.87 acres, 20 million units annual capacity) is located at 1025 Sandhill Road, Reno (Site 23). Under T/IM procedures, the company has requested authority to produce cell phone kits (HTSUS 8517.12, 8517.69, duty free). Foreign components that would be used in production (representing 70-90% of the value of the finished product) include power supplies (8504.40, 8504.50, 8504.90), nicad batteries (8507.80), lithium batteries (8507.30), cellular phone sets (8517.11), video phones (8517.18), base stations (8517.61), voice, data and image regeneration machines (8517.62), microphones (8518.10), answering machines (8519.50), video recorders (8521.10, 8521.90), answering machine and video recorder components (8522.10, 8522.90), transceivers (8525.60), monitors and projectors (8528.41, 8528.49, 8528.51, 8528.59, 8528.71, 8528.72, 8528.73), transceiver, monitor and projector parts and accessories (8529.10, 8529.90), thermionic, cathode and photocathode tubes (8540.11, 8540.12, 8540.20, 8540.40, 8540.50, 8540.60, 8540.71, 8540.72, 8540.79, 8540.81, 8540.89, 8540.91, 8540.99), cables (8544.42), connectors and plugs (8536.69), decals (3919.90), plastic holsters (3926.90), leather carrying cases (4202.31), leather pouches (4202.91), plastic carrying cases (4202.92), leather straps (4205.00), wrist straps (6307.90), key pads with connectors (8537.10), external speaker sets (8518.22), headsets with

microphones (8518.30), and hands-free speaker kits (8518.90). Duty rates for the imported components range from free to 20%. T/IM authority could be granted for a period of up to two years.

FTZ procedures could exempt Brightpoint from customs duty payments on the foreign components used in export production. The company anticipates that up to 10 percent of the plant's shipments could be exported. On its domestic sales, Brightpoint would be able to choose the duty rates during customs entry procedures that apply to cell phone kits (duty free) for the foreign inputs noted above.

In accordance with the Board's regulations, Christopher Kemp of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations pursuant to Board Orders 1347 and 1480.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board's Executive Secretary at the following address: Office of the Executive Secretary, Foreign-Trade Zones Board, U.S. Department of Commerce, Room 2111, 1401 Constitution Ave. NW., Washington, DC 20230. The closing period for their receipt is April 9, 2012.

Brightwood has also submitted a request to the FTZ Board for FTZ manufacturing authority beyond a two-year period, which may include additional products and components. It should be noted that the request for extended authority would be docketed separately and would be processed as a distinct proceeding. Any party wishing to submit comments for consideration regarding the request for extended authority would need to submit such comments pursuant to the separate notice that would be published for that request.

A copy of the application will be available for public inspection at the Office of the Foreign-Trade Zones Board's Executive Secretary at the address listed above, and in the "Reading Room" section of the Board's Web site, which is accessible via [www.trade.gov/ftz](http://www.trade.gov/ftz). For further information, contact Christopher Kemp at [Christopher.Kemp@trade.gov](mailto:Christopher.Kemp@trade.gov) or (202) 482-0862.

Dated: March 2, 2012.

**Andrew McGilvray,**  
Executive Secretary.

## DEPARTMENT OF COMMERCE

### International Trade Administration

[A-821-802]

#### Continuation of Suspended Antidumping Duty Investigation: Uranium From the Russian Federation

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** As a result of the determination by the Department of Commerce ("the Department") that termination of the Agreement Suspending the Antidumping Investigation on Uranium from the Russian Federation ("Suspension Agreement") would likely lead to continuation or recurrence of dumping and the determination by the International Trade Commission ("ITC") that termination of the suspended antidumping duty investigation on uranium from the Russian Federation ("Russia") would likely lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time, the Department is publishing this notice of continuation of the Suspension Agreement on uranium from Russia.

**DATES:** *Effective Date:* March 8, 2012.

**FOR FURTHER INFORMATION CONTACT:** Maureen Price or Sally Gannon, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone (202) 482-4271 or (202) 482-0162, respectively.

#### SUPPLEMENTARY INFORMATION:

##### Background

On July 1, 2011, the ITC instituted, and the Department initiated, a sunset review of the Suspension Agreement, pursuant to section 751(c) of the Tariff Act of 1930, as amended ("the Act"). See *ITC Investigation Nos. 731-TA-539-C (Third Review)*, *Uranium from Russia* Russia; Institution of a Five-Year Review Concerning the Suspended Investigation on Uranium From Russia, 76 FR 38694 (July 1, 2011) and *Initiation of Five-year (Sunset) Reviews*, 76 FR 38613 (July 1, 2011). As a result of its review, pursuant to sections 751(c) and 752 of the Act, the Department determined that termination of the Suspension Agreement would likely lead to a continuation or recurrence of dumping and notified the ITC of the magnitude of the margin likely to prevail should the Suspension Agreement be terminated. See *Uranium From the Russian Federation; Final*

*Results of Expedited Sunset Review of the Suspension*, 76 FR 68404 (November 4, 2011).

On March 2, 2012, pursuant to section 751(c) of the Act, the ITC published its determination that termination of the suspended investigation on uranium from the Russian Federation would be likely to lead to continuation or recurrence of material injury to an industry in the United States within a reasonably foreseeable time. See *Uranium from Russia*, 77 FR 12880 (March 2, 2012) and USITC Publication 4307 (February 2012), entitled "*Uranium From Russia*, Investigation No. 731-TA-539-C (Third Review)". Therefore, pursuant to Section 351.218(f)(4) of the Department's regulations, the Department is publishing this notice of the continuation of the Suspension Agreement.

##### Scope

The merchandise covered by this Suspension Agreement (Section III, "Product Coverage") includes the following products from Russia: Natural uranium in the form of uranium ores and concentrates; natural uranium metal and natural uranium compounds; alloys, dispersions (including cermet), ceramic products, and mixtures containing natural uranium or natural uranium compounds; uranium enriched in U235 and its compounds; alloys, dispersions (including cermet), ceramic products, and mixtures containing uranium enriched in U235 or compounds of uranium enriched in U235; and any other forms of uranium within the same class or kind. Uranium ore from Russia that is milled into U3O8 and/or converted into UF6 in another country prior to direct and/or indirect importation into the United States is considered uranium from Russia and is subject to the terms of this Suspension Agreement. For purposes of this Suspension Agreement, uranium enriched in U235 or compounds of uranium enriched in U235 in Russia are covered by this Suspension Agreement, regardless of their subsequent modification or blending. Uranium enriched in U235 in another country prior to direct and/or indirect importation into the United States is not considered uranium from Russia and is not subject to the terms of this Suspension Agreement.

##### Continuation

As a result of the determinations by the Department and the ITC that termination of the suspended investigation would be likely to lead to continuation or recurrence, respectively,
