The required 60-day comment period for the Use Authorization Application was initiated by a notice published in the Federal Register on December 2, 2011 (76 FR 75560). No public comments were received.

II. Changes to the Use Authorization Application Form and Its Instructions

We changed the form and its instructions to expand the examples in the instructions of proposed uses for which an applicant may seek permission and changed language to more closely reflect the actual wording of 43 CFR part 429. We made other changes to the form and the instructions to improve the readability and information-gathering. For instance, we re-organized the instructions and added headings. We moved some of the instructions from the first page to the second page and made more room on the first page for details about the proposed use.
