Cooperation with Authorities and Remedies (MAR 2012) (E.O. 13126). (Applies to contracts for supplies exceeding the micro-purchase threshold.)

6. On page 12936 in § 52.222–19, in the third column, the twenty-fifth line from the top of the page is amended to read: “CHILD LABOR—COOPERATION WITH AUTHORITIES AND REMEDIES (MAR 2012)”

7. On page 12936 in § 52.225–5, in the third column, the thirty-fourth line from the top of the page is amended to read: “TRADE AGREEMENTS (MAR 2012).”

8. On page 12936 in § 52.225–7, in the third column, the eighteen line from the bottom of the page is amended to read: “WAIVER OF BUY AMERICAN ACT FOR CIVIL AIRCRAFT AND RELATED ARTICLES (MAR 2012).”

9. On page 12937 in § 52.225–11, in the first column, the ninth line from the top of the page is amended to read: “BUY AMERICAN ACT—CONSTRUCTION MATERIALS UNDER TRADE AGREEMENTS (MAR 2012)”

10. On page 12937 in § 52.225–23, in the first column, the twentieth line from the top of the page is amended to read: “REQUIRED USE OF AMERICAN IRON, STEEL, AND MANUFACTURED GOODS—BUY AMERICAN ACT—CONSTRUCTION MATERIALS UNDER TRADE AGREEMENTS (MAR 2012)”

DEPARTMENT OF COMMERCE
National Oceanic and Atmospheric Administration

50 CFR Part 679
[Docket Nos. 101126522–0640–02 and 1112113751–2102–02]
RIN 0648–XB039
Fisheries of the Exclusive Economic Zone Off Alaska; Sablefish Managed Under the Individual Fishing Quota Program

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; opening.

SUMMARY: NMFS is opening directed fishing for sablefish with fixed gear managed under the Individual Fishing Quota (IFQ) Program and the Community Development Quota (CDQ) Program. The season will open 1200 hrs, A.l.t., March 17, 2012, and will close 1200 hrs, A.l.t., November 7, 2012. This period is the same as the 2012 commercial halibut fishing opening dates adopted by the International Pacific Halibut Commission. The IFQ and CDQ halibut season is specified by a separate publication in the Federal Register of annual management measures.

FOR FURTHER INFORMATION CONTACT: Obren Davis, 907–586–7228.

SUPPLEMENTARY INFORMATION: Beginning in 1995, fishing for Pacific halibut and sablefish with fixed gear in the IFQ regulatory areas defined in 50 CFR 679.2 has been managed under the IFQ Program. The IFQ Program is a regulatory regime designed to promote the conservation and management of these fisheries and to further the objectives of the Magnuson-Stevens Fishery Conservation and Management Act and the Northern Pacific Halibut Act. Persons holding quota share receive an annual allocation of IFQ. Persons receiving an annual allocation of IFQ are authorized to harvest IFQ species within specified limitations. Further information on the implementation of the IFQ Program, and the rationale supporting it, are contained in the preamble to the final rule implementing the IFQ Program published in the Federal Register, November 9, 1993 (58 FR 59375) and subsequent amendments.

This action responds to the best available information recently obtained from the fishery. The Acting Assistant Administrator for Fisheries, NOAA, (AA), finds good cause to waive the requirement to provide prior notice and opportunity for public comment pursuant to the authority set forth at 5 U.S.C. 553(b)(B) as such requirement is impracticable and contrary to the public interest. This requirement is impracticable and contrary to the public interest as it would prevent NMFS from responding to the most recent fisheries data in a timely fashion and would delay the opening of the sablefish fishery thereby increasing bycatch and regulatory discards between the sablefish fishery and the halibut fishery, and preventing the accomplishment of the management objective for simultaneous opening of these two fisheries. NMFS was unable to publish a notice providing time for public comment because the most recent, relevant data only became available as of January 30, 2012.

The AA also finds good cause to waive the 30-day delay in the effective date of this action under 5 U.S.C. 553(d)(3). This finding is based upon the reasons provided above for waiver of prior notice and opportunity for public comment.

This action is required by § 679.23 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 et seq.

Dated: March 6, 2012.

Carrie Selberg,
Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.

[Docket No. 110207103–2041–02]
RIN 0648–BA80
Fisheries of the Exclusive Economic Zone Off Alaska; Chinook Salmon Bycatch Management in the Bering Sea Pollock Fishery; Economic Data Collection; Correction

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Final rule; correction.

SUMMARY: This action corrects an error in paragraph numbering in the final rule pertaining to Fisheries of the Exclusive Economic Zone Off Alaska; Chinook
Salmon Bycatch Management in the Bering Sea Pollock Fishery: Economic Data Collection published on February 3, 2012. This correction is intended to clarify regulatory text.

**DATES:** Effective March 9, 2012 and is applicable beginning March 5, 2012.

**FOR FURTHER INFORMATION CONTACT:** Patsy A. Bearden, (907) 586–7008, or Jeff Hartman, (907) 586–7442.

**SUPPLEMENTARY INFORMATION:**

**Background**

On February 3, 2012, NMFS published a final rule in the *Federal Register* (77 FR 5389) to implement the Chinook Salmon Economic Data Report Program, which will evaluate the effectiveness of Chinook salmon bycatch management measures for the Bering Sea pollock fishery that were implemented under Amendment 91 to the Fishery Management Plan for Groundfish of the Bering Sea and Aleutian Islands Management Area. This final rule added a regulatory provision at 50 CFR § 679.5(e)(6)(i)(A)(12), which describes deliveries from catcher vessels directed fishing for pollock in the Bering Sea in which the operator of the catcher vessel moved fishing location primarily to avoid Chinook salmon bycatch. However, a final rule implementing Amendment 83 to the Fishery Management Plan for Groundfish of the Central Regulatory Area of the Gulf of Alaska (GOA) previously had added a § 679.5(e)(6)(i)(A)(12), which describes the receipt of groundfish deliveries in the marine municipal boundaries of a Community Quota Entity community. (76 FR 74640: December 1, 2011). Thus, there are two different regulatory paragraphs numbered § 679.5(e)(6)(i)(A)(12).

**Need for Correction**

If this error is not corrected, the regulatory text at § 679.5(e)(6)(i)(A)(12) implementing Amendment 83 will be removed and replaced by the text implementing the Chinook Salmon Economic Data Report Program. Therefore, this correction is necessary to fully implement Amendment 83. This action corrects the final rule implementing the Chinook Salmon Economic Data Report Program by renumbering § 679.5(e)(6)(i)(A)(12) as § 679.5(e)(6)(i)(A)(13).

The Assistant Administrator for Fisheries, NOAA (AA), finds good cause pursuant to 5 U.S.C. 553(b)(B) to waive prior notice and the opportunity for public comment because it would be unnecessary and contrary to the public interest. This error must be corrected immediately to fully implement Amendment 83. Left uncorrected, the regulatory text at § 679.5(e)(6)(i)(A)(12) implementing Amendment 83 will be removed and replaced by the text implementing the Chinook Salmon Economic Data Report Program. The correction will ensure that regulations in this section include all of the regulatory text intended by the two programs.

If the effective date for this correction is delayed to solicit prior public comment, this technical error will not be corrected by the effective date of this final rule, thereby undermining the conservation and management objectives of the fishery management plans. Moreover, the public has already had opportunity to comment on both provisions included in the two final rules. Thus, further public comment is unnecessary.

The AA further finds, pursuant to 5 U.S.C. 553(d)(3), good cause to waive the regulatory text at § 679.5(e)(6)(i)(A)(12), which describes provisions at 50 CFR § 679.5(e)(6)(i)(A)(12), which describes deliveries from catcher vessels directed fishing for pollock in the Bering Sea in which the operator of the catcher vessel moved fishing location primarily to avoid Chinook salmon bycatch. However, a final rule implementing Amendment 83 to the Fishery Management Plan for Groundfish of the Central Regulatory Area of the Gulf of Alaska (GOA). This action is necessary to prevent exceeding the A season allowance of the 2012 Pacific cod total allowable catch apportioned to vessels using jig gear in the Central Regulatory Area of the GOA.

**DATES:** Effective 1200 hrs, Alaska local time (A.l.t.), March 6, 2012, through 1200 hrs, A.l.t., June 10, 2012.

The A season allowance of the 2012 Pacific cod total allowable catch (TAC) apportioned to vessels using jig gear in the Central Regulatory Area of the GOA is 256 metric tons (mt), as established by the final 2011 and 2012 harvest specifications for groundfish of the GOA (76 FR 11111, March 1, 2011), revision to the final 2012 harvest specifications for Pacific cod (76 FR 81860, December 29, 2011), and inseason adjustment to the final 2012 harvest specifications for Pacific cod (77 FR 438, January 5, 2012).

In accordance with § 679.20(d)(1)(i), the Administrator, Alaska Region, NMFS (Regional Administrator) has determined that the A season allowance...
