SUMMARY:

The Department of Defense (DoD) is revising the Defense Federal Acquisition Regulation Supplement (DFARS) to implement a recommendation made by the Panel on Contracting Integrity and included in its 2009 Report to Congress concerning compliance with the DFARS documentation requirements for commercial item determinations. The Panel on Contracting Integrity working group concluded, after reviewing a sampling of commercial contract awards, that contracting officer determinations are not always sufficiently documented in accordance with DFARS 212.102.

DoD is issuing a final rule because this rule does not have a significant effect beyond the internal operating procedures of DoD and does not have a significant cost or administrative impact on contractors or offerors. This rule addresses DoD's internal approval process for contracting officer determinations made pursuant to DFARS part 12 for actions in excess of $1 million.

II. Discussion and Analysis

The DFARS changes are as follows:

- DFARS 212.102(a)(i) is revised to add "except for acquisitions made pursuant to Federal Acquisition Regulation (FAR) 12.102(f)(1)." This language clarifies that no additional contracting officer determination is required for acquisitions made pursuant to FAR 12.102(f)(1).
- DFARS 212.102(a)(i)(A) is revised to add "or meets the criteria at FAR 12.102(g)(1)." This language addresses the inconsistency between the existing DFARS language at 212.102(a)(i)(A) that all FAR part 12 acquisitions exceeding $1 million must meet the commercial item definition, and the exception at FAR 12.102(g)(1) that allows for the use of part 12 procedures for services that do not meet the definition of commercial item in FAR 2.101, as long as it meets specific criteria listed in FAR 12.102(g)(1). The change clarifies that the contracting officer must determine that an acquisition exceeding $1 million and using part 12 procedures either meets the commercial item definition in part FAR 2.101 or the criteria set out at FAR 12.102(g)(1).
- Adds DFARS 212.102(a)(i)(C) to require approval at one level above the contracting officer when the commercial item determination relies on subsections (1)(i)(i), (3), (4), or (6) of the "commercial item" definition at FAR 2.101. The higher-level approval is required for commercial item determinations for actions that exceed $1 million that are based on "of a type" commercial procurements or items "offered for sale" but not yet sold to the general public.

III. Executive Orders 12866 and 13563

Executive Orders (E.O.s) 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This is a significant regulatory action and, therefore, was subject to review under section 6(b) of E.O. 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

IV. Regulatory Flexibility Act

The Regulatory Flexibility Act does not apply to this rule because this final rule does not constitute a significant DFARS revision as defined within the meaning at FAR 1.501–1, and 41 U.S.C. 1707 does not require publication for comment.

V. Paperwork Reduction Act

The proposed rule does not contain any information collection requirements that require the approval of the Office of Management and Budget under the Paperwork Reduction Act (44 U.S.C. chapter 35).

List of Subjects in 48 CFR Part 212

Government procurement.
212.102 Applicability.
   (a)(i) When using FAR part 12 procedures for acquisitions exceeding $1 million in value, except for acquisitions made pursuant to FAR 12.102(f)(1), the contracting officer shall—
   (A) Determine in writing that the acquisition meets the commercial item definition in FAR 2.101 or meets the criteria at FAR 12.102(g)(1);
   (B) Include the written determination in the contract file; and
   (C) Obtain approval at one level above the contracting officer when a commercial item determination relies on subsections (1)(ii), (3), (4), or (6) of the “commercial item” definition at FAR 2.101.

DEPARTMENT OF COMMERCE

National Oceanic and Atmospheric Administration

50 CFR Part 648

[Docket No. 111220786–1781–01]

RIN 0648–XB026

Fisheries of the Northeastern United States; Summer Flounder Fishery; Quota Transfer

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Temporary rule; quota transfer.

SUMMARY: NMFS announces that the State of North Carolina is transferring a portion of its 2012 commercial summer flounder quota to the Commonwealth of Virginia. By this action, NMFS adjusts the quotas and announces the revised commercial quota for each state involved.

SUPPLEMENTARY INFORMATION:
Regulations governing the summer flounder fishery are found at 50 CFR part 648. The regulations require annual specification of a commercial quota that is apportioned among the coastal states from North Carolina through Maine. The process to set the annual commercial quota and the percent allocated to each state are described in § 648.100.

The final rule implementing Amendment 5 to the Summer Flounder, Scup, and Black Sea Bass Fishery Management Plan, which was published on December 17, 1993 (58 FR 65936), provided a mechanism for summer flounder quota to be transferred from one state to another. Two or more states, under mutual agreement and with the concurrence of the Administrator, Northeast Region, NMFS (Regional Administrator), can transfer or combine summer flounder commercial quota under § 648.102(c)(2). The Regional Administrator is required to consider the criteria in § 648.102(c)(2)(i) to evaluate requests for quota transfers or combinations.

North Carolina has agreed to transfer 879,118 lb (398,761 kg) of its 2012 commercial quota to Virginia. This transfer was prompted by summer flounder landings of a number of North Carolina vessels that were granted safe harbor in Virginia due to hazardous shoaling in Oregon Inlet, North Carolina, between January 1, 2012, and January 31, 2012, thereby requiring a quota transfer to account for an increase in Virginia’s landings that would have otherwise accrued against the North Carolina quota. The Regional Administrator has determined that the criteria set forth in § 648.102(c)(2)(i) have been met. The revised summer flounder quotas for calendar year 2012 are: North Carolina, 2,614,661 lb (1,185,990 kg); and Virginia, 3,592,683 lb (1,629,614 kg).

Classification
This action is taken under 50 CFR part 648 and is exempt from review under Executive Order 12866.

Authority: 16 U.S.C. 1801 et seq.

Carrie Selberg,
Acting Director, Office of Sustainable Fisheries, National Marine Fisheries Service.
