**Lock+ Hydro Friends Fund XLV, FFP
Project 2, LLC; Notice Announcing
Filing Priority for Preliminary Permit
Applications**

On February 22, 2012, the Commission held a drawing to determine priority among competing preliminary permit applications with identical filing times. In the event that the Commission concludes that none of the applicants' plans are better adapted than the others to develop, conserve, and utilize in the public interest the water resources of the region at issue, the priority established by this drawing will serve as the tiebreaker. Based on the drawing, the order of priority is as follows:

1. Lock+ Hydro Friends Fund XLV. Project No. 14180-000.
2. FFP Project 2, LLC. Project No. 14193-000.

Dated: March 7, 2012.

**Stoughton Water Power Company;
Notice of Preliminary Permit
Application Accepted for Filing and
Soliciting Comments, Motions To
Intervene, and Competing Applications**

On December 7, 2011, the Stoughton Water Power Company filed an application for a preliminary permit under section 4(f) of the Federal Power Act proposing to study the feasibility of the proposed Stoughton Dam Water Power Project No. 14335, to be located at the existing Stoughton Dam on the Yahara River, near the City of Stoughton, in Dane County, Wisconsin. The Stoughton Dam is owned by the City of Stoughton.

The proposed project would consist of: (1) The existing Stoughton Dam; (2) an existing 70-foot-long by 38-foot-wide concrete powerhouse; (3) two new or refurbished hydropower turbines and generators having a total combined generating capacity of 192 kilowatts; (4) an existing 200-foot-long by 40-foot-wide headrace; (5) a 25-foot-long, 12-kilovolt transmission line; and (6) appurtenant facilities. The project would have an estimated annual generation of 450,000 kilowatt-hours.

Applicant Contact: Mr. Thomas J. Reiss, Jr., P.O. Box 553, 319 Hart Street Watertown, WI 53094; (920) 261-2319.

Federal Energy Regulatory Commission

[Docket No. CP12-74-000]

El Paso Natural Gas Company; Notice of Amendment to Presidential Permit

Take notice that on February 20, 2012, El Paso Natural Gas Company (El Paso), P.O. Box 1087, Colorado Springs, Colorado, filed an application in Docket No. CP12-74-000, to amend its Presidential Permit granted in Docket No. CP93-253-000 on November 29, 1993, as amended by orders issued June 11, 1997 and January 31, 2002. In its

amendment, El Paso requests that its Samalayuca Presidential Permit for the existing international border crossing located in El Paso County, Texas (Samalayuca Crossing) be amended to increase the daily export capacity from 308,000 Mcf/d to 544,500 Mcf/d of natural gas from the United States to Mexico. No new facilities will be added nor will there be any physical changes or modifications to the upstream facilities or the Samalayuca Crossing, all as more fully set forth in the application which is on file with the Commission and open for public inspection.

Any questions regarding the applications should be directed to Susan Stires, Director, Regulatory Affairs, El Paso Western Pipelines, Two North Nevada Avenue, P.O. Box 1087, Colorado Springs, Colorado 80944, or call at 719-667-7514, or email at susan.stires@elpaso.com.

Pursuant to section 157.9 of the Commission's rules, 18 CFR 157.9, within 90 days of this Notice the Commission staff will either: Complete its environmental assessment (EA) and place it into the Commission's public record (eLibrary) for this proceeding; or issue a Notice of Schedule for Environmental Review. If a Notice of Schedule for Environmental Review is issued, it will indicate, among other milestones, the anticipated date for the Commission staff's issuance of the final environmental impact statement (FEIS) or EA for this proposal. The filing of the EA in the Commission's public record for this proceeding or the issuance of a Notice of Schedule for Environmental Review will serve to notify federal and state agencies of the timing for the completion of all necessary reviews, and the subsequent need to complete all federal authorizations within 90 days of the date of issuance of the Commission staff's FEIS or EA.

There are two ways to become involved in the Commission's review of this project. First, any person wishing to obtain legal status by becoming a party to the proceedings for this project should, on or before the comment date stated below, file with the Federal Energy Regulatory Commission, 888 First Street, NE., Washington, DC 20426, a motion to intervene in accordance with the requirements of the Commission's Rules of Practice and Procedure (18 CFR 385.214 or 385.211) and the Regulations under the NGA (18 CFR 157.10). A person obtaining party status will be placed on the service list maintained by the Secretary of the Commission and will receive copies of all documents filed by the applicant and by all other parties. A party must submit 7 copies of filings made with the

Commission and must mail a copy to the applicant and to every other party in the proceeding. Only parties to the proceeding can ask for court review of Commission orders in the proceeding.

However, a person does not have to intervene in order to have comments considered. The second way to participate is by filing with the Secretary of the Commission, as soon as possible, an original and two copies of comments in support of or in opposition to this project. The Commission will consider these comments in determining the appropriate action to be taken, but the filing of a comment alone will not serve to make the filer a party to the proceeding. The Commission's rules require that persons filing comments in opposition to the project provide copies of their protests only to the party or parties directly involved in the protest.

Persons who wish to comment only on the environmental review of this project should submit an original and two copies of their comments to the Secretary of the Commission. Environmental commentors will be placed on the Commission's environmental mailing list, will receive copies of the environmental documents, and will be notified of meetings associated with the Commission's environmental review process. Environmental commentors will not be required to serve copies of filed documents on all other parties. However, the non-party commentors will not receive copies of all documents filed by other parties or issued by the Commission (except for the mailing of environmental documents issued by the Commission) and will not have the right to seek court review of the Commission's final order.

The Commission strongly encourages electronic filings of comments, protests and interventions in lieu of paper using the "eFiling" link at <http://www.ferc.gov>. Persons unable to file electronically should submit an original and 7 copies of the protest or intervention to the Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

This filing is accessible on-line at <http://www.ferc.gov>, using the "eLibrary" link and is available for review in the Commission's Public Reference Room in Washington, DC. There is an "eSubscription" link on the web site that enables subscribers to receive email notification when a document is added to a subscribed docket(s).
