

recent Gulf of Maine cod assessment. Setting ABCs/ACLs may also require modification of recreational fishing measures and the Committee may begin this discussion. The Committee may also discuss adopting additional sub-ACLs for the scallop fishery and pursuing the Mixed Stock Exception for SNE/MA windowpane flounder. The Committee will receive an update on Plan Development Team work related to possible modifications to groundfish closed areas. They will receive a report on the recent Endangered Species Act listing of Atlantic Sturgeon and will discuss ways to reduce sturgeon takes. The Committee will also discuss the rockhopper/roller gear restriction in the western Gulf of Maine and develop a recommended response to a request for clarification from the National Marine Fisheries Service. Other business may be discussed.

Although non-emergency issues not contained in this agenda may come before this group for discussion, those issues may not be the subject of formal action during this meeting. Action will be restricted to those issues specifically identified in this notice and any issues arising after publication of this notice that require emergency action under section 305(c) of the Magnuson-Stevens Fishery Conservation and Management Act, provided the public has been notified of the Council's intent to take final action to address the emergency.
