IV. Commission’s Findings and Order Granting Accelerated Approval of a Proposed Rule Change

FINRA has requested that the Commission find good cause pursuant to Section 19(b)(2) of the Act for approving the proposed rule change prior to the 30th day after publication in the Federal Register.15 After careful consideration, the Commission finds that the proposed rule change is consistent with the requirements of the Act and the rules and regulations thereunder applicable to a national securities association.16

In particular, the Commission finds that the proposed rule change is consistent with Section 15A(b)(6) of the Act, which requires, among other things, that FINRA rules be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest.17 Specifically, as noted above, FINRA is limiting the application of FINRA Rule 4240 at this time to CDS that are security-based swaps under Section 3(a)(68) of the Act, pending further development of federal regulations governing margin for swaps and security-based swaps and further consideration of potential portfolio margin methodologies for cleared CDS that include both swaps and security-based swaps. This is consistent with the goals of Title VII of the Dodd-Frank Act.18 In addition, the Commission believes that the proposed alternative tables that may be used by market participants to compute the required margin will provide market participants with some flexibility in computing margin, while still permitting the continued use of the existing margin tables in FINRA Rule 4240 Supplementary Material .01.

The accelerated approval will, consistent with the goals set forth by the Commission when it adopted the interim final temporary rules with respect to the operation of central counterparties to clear and settle CDS, and pending the final implementation of new CFTC and SEC rules pursuant to Title VII of the Dodd-Frank Act, help to stabilize the financial markets by setting forth margin requirements for certain transactions in CDS. Therefore, the Commission finds good cause, pursuant to Section 19(b)(2) of the Act, for approving the proposed rule change prior to the 30th day after the date of publication of note in the Federal Register.20

V. Conclusion

It is therefore ordered, pursuant to Section 19(b)(2) of the Act,21 that the proposed rule change (SR–FINRA–2012–015) be, and hereby is, approved on an accelerated basis.

For the Commission, by the Division of Trading and Markets, pursuant to delegated authority.22

Kevin M. O’Neill,

Deputy Secretary.
