responsibilities between the Federal Government and Indian tribes.

Energy Effects

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that order because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

Technical Standards

The National Technology Transfer and Advancement Act (NTTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

Environment

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have concluded this action is one of a category of actions which do not individually or cumulatively have a significant effect on the human environment. This rule is categorically excluded, under figure 2–1, paragraph (34)(h.), of the Instruction. This rule involves establishing a special local regulation, requiring a permit wherein an analysis of the environmental impact of the regulations was performed. Under figure 2–1, paragraph (34)(h.), of the Instruction, an environmental analysis checklist and a categorical exclusion determination are not required for this rule.

List of Subjects 33 CFR Part 100

Marine safety, Navigation (water), Reporting and recordkeeping requirements, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 100 as follows:

PART 100—SAFETY OF LIFE ON NAVIGABLE WATERS

§ 100.350T08–0030 Special Local Regulation; O’Leary Lake; Moss Point, MS.

(a) Regulated Area. The following area is a regulated area: a portion of O’Leary Lake, Moss Point, MS, enclosed by a bounded area starting at a point on the shore at approximately 30°25’11.0” N, 088°32’24.4” W, then east to 30°25’12.9” N, 088°32’18.0” W, then south to 30°24’50.9” N, 088°32’09.6” W, then west following the shore line back to the starting point at 30°25’11.0” N, 088°32’24.4” W.

(b) Enforcement dates. This rule will be enforced from 11 a.m. until 4 p.m. on April 28–29, 2012.

(c) Special Local Regulations.

1. The authority citation for part 100 continues to read as follows:

Authority: 33 U.S.C. 1233.

2. Add § 100.350T08–0030 to read as follows:

§ 100.350T08–0030 Special Local Regulation; O’Leary Lake; Moss Point, MS.

(a) Regulated Area. The following area is a regulated area: a portion of O’Leary Lake, Moss Point, MS, enclosed by a bounded area starting at a point on the shore at approximately 30°25’11.0” N, 088°32’24.4” W, then east to 30°25’12.9” N, 088°32’18.0” W, then south to 30°24’50.9” N, 088°32’09.6” W, then west following the shore line back to the starting point at 30°25’11.0” N, 088°32’24.4” W.

(b) Enforcement dates. This rule will be enforced from 11 a.m. until 4 p.m. on April 28–29, 2012.

(c) Special Local Regulations.

1. The Coast Guard will patrol the regulated area under the direction of a designated Coast Guard Patrol Commander. The Patrol Commander may be contacted on Channel 16 VHF–FM (156.8 MHz) by the call sign "PATCOM".

2. All Persons and vessels not registered with the sponsor as participants or official patrol vessels are considered spectators. The "official patrol vessels" consist of any Coast Guard, state, or local law enforcement and sponsor provided vessels assigned or approved by the Captain of the Port Mobile to patrol the regulated area.

3. Spectator vessels desiring to transit the regulated area may do so only with prior approval of the Patrol Commander and when so directed by that officer and will be operated at a minimum safe navigation speed in a manner which will not endanger participants in the regulated area or any other vessels.

4. No spectator shall anchor, block, loiter, or impede the through transit of participants or official patrol vessels in the regulated area during the effective dates and times, unless cleared for entry by or through an official patrol vessel.

5. The patrol commander may forbid and control the movement of all vessels in the regulated area. When hailed or signaled by an official patrol vessel, a vessel shall come to an immediate stop and comply with the directions given. Failure to do so may result in expulsion from the area, citation for failure to comply, or both.

6. Any spectator vessel may anchor outside the regulated area, but may not anchor in, block, or loiter in a navigable channel. Spectator vessels may be moored to a waterfront facility within the regulated area in such a way that they shall not interfere with the progress of the event. Such mooring must be complete at least 30 minutes prior to the establishment of the regulated area and remain moored through the duration of the event.

7. The Patrol Commander may terminate the event or the operation of any vessel at any time it is deemed necessary for the protection of life or property.

8. The Patrol Commander will terminate enforcement of the special local regulations at the conclusion of the event.

(d) Informational Broadcasts. The Captain of the Port or a designated representative will inform the public through broadcast notices to mariners of the enforcement period for the regulated area as well as any changes in the planned schedule.

Dated: February 8, 2012.

D.J. Rose,
Captain, U.S. Coast Guard, Captain of the Port Mobile.

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 100

[Docket No. USCG–2012–0083]

RIN 1625–AA08

Special Local Regulations; Red Bull Candola, New River, Fort Lauderdale, FL

AGENCY: Coast Guard, DHS.

ACTION: Temporary final rule.

SUMMARY: The Coast Guard is establishing special local regulations on the waters of the New River between the Esplanade Park and slightly east of the South Andrews Avenue Bascule Bridge in Fort Lauderdale, Florida for the Red Bull Candola rowing event. The event is
scheduled to take place on April 14, 2012. The temporary special local regulation is necessary for the safety of the event participants, participant vessels, and the general public during the event. Persons and vessels are prohibited from entering, transiting through, anchoring in, or remaining within the regulated area unless specifically authorized by the Captain of the Port Miami or a designated representative.

DATES: This rule is effective from 10 a.m. until 2 p.m. on April 14, 2012.

ADDRESSES: Documents indicated in this preamble as being available in the docket are part of docket USCG–2012–0083 and are available online by going to http://www.regulations.gov, inserting USCG–2012–0083 in the “Keyword” box, and then clicking “Search.” They are also available for inspection or copying at the Docket Management Facility (M–30), U.S. Department of Transportation, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions on viewing the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone 202–366–9926.

SUPPLEMENTARY INFORMATION:

Regulatory Information

The Coast Guard is issuing this temporary final rule without prior notice and opportunity to comment pursuant to authority under section 4(a) of the Administrative Procedure Act (APA) (5 U.S.C. 553(b)). This provision authorizes an agency to issue a rule without prior notice and opportunity to comment when the agency for good cause finds that those procedures are “impracticable, unnecessary, or contrary to the public interest.” Under 5 U.S.C. 553(b)(B), the Coast Guard finds that good cause exists for not publishing a notice of proposed rulemaking (NPRM) with respect to this rule because the Coast Guard did not receive necessary information about the Red Bull Candola until February 3, 2012. As a result, the Coast Guard did not have sufficient time to publish an NPRM and to receive public comments prior to the event. Any delay in the effective date of this rule would be contrary to the public interest because immediate action is needed to minimize potential danger to Candola participants, participant vessels, spectators, and the general public.

Basis and Purpose

The legal basis for the rule is the Coast Guard’s authority to establish special local regulations: 33 U.S.C. 1233.

The purpose of the rule is to ensure safety of life on navigable waters of the United States during the Red Bull Candola.

Discussion of Rule

On April 14, 2012 Red Bull North America is conducting the Red Bull Candola on the New River in Fort Lauderdale, Florida. The regulated area will encompass certain navigable waters of the New River between Esplanade Park and slightly east of the South Andrews Avenue Bascule Bridge in Fort Lauderdale, Florida. Persons and vessels are prohibited from entering, transiting through, anchoring in, or remaining within the regulated area unless specifically authorized by the Captain of the Port Miami or a designated representative. The special local regulation will be in effect from 10 a.m. until 2 p.m. on April 14, 2012. Persons and vessels are prohibited from entering, transiting through, anchoring, or remaining within the race area unless authorized by the Captain of the Port Miami or a designated representative. Persons and vessels desiring to enter, transit through, anchor in, or remain within the race area may contact the Captain of the Port Miami by telephone at 305–535–4472, or a designated representative via VHF radio on channel 16, to request authorization. If authorization to enter, transit through, anchor in, or remain within any of the race areas is granted by the Captain of the Port Miami or a designated representative, all persons and vessels receiving such authorization must comply with the instructions of the Captain of the Port Miami or a designated representative.

Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on 13 of these statutes or executive orders.

Regulatory Planning and Review

Executive Orders 13563, Regulatory Planning and Review, and 12866, Improving Regulation and Regulatory Review, direct agencies to assess the costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). Executive Order 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This rule has not been designated a significant regulatory action under section 3(f) of Executive Order 12866. Accordingly, the Office of Management and Budget has not reviewed this regulation under Executive Order 12866.

The economic impact of this rule is not significant for the following reasons: (1) The special local regulations will be enforced for a total of 4 hours; (2) although persons and vessels will not be able to enter, transit through, anchor in, or remain within the race area without authorization from the Captain of the Port Miami or a designated representative, they may operate in the surrounding area during the enforcement periods; (3) persons and vessels may still enter, transit through, anchor in, or remain within the race area if authorized by the Captain of the Port Miami or a designated representative; and (4) the Coast Guard will provide advance notification of the special local regulations to the local maritime community by Local Notice to Mariners and Broadcast Notice to Mariners.

Small Entities

Under the Regulatory Flexibility Act (5 U.S.C. 601–612), we have considered whether this rule would have a significant economic impact on a substantial number of small entities. The term “small entities” comprises small businesses, not-for-profit organizations that are independently owned and operated and are not dominant in their fields, and governmental jurisdictions with populations of less than 50,000.

The Coast Guard certifies under 5 U.S.C. 605(b) that this rule will not have a significant economic impact on a substantial number of small entities. This rule may affect the following entities, some of which may be small entities: the owners or operators of vessels intending to enter, transit through, anchor in, or remain within the waters of the New River in Fort Lauderdale, Florida that are encompassed within the special local regulations from 10 a.m. until 2 p.m. on April 14, 2012. For the reasons discussed in the Regulatory Planning and Review section above, this rule will not have a significant economic impact.
on a substantial number of small entities.

**Assistance for Small Entities**

Under section 213(a) of the Small Business Regulatory Enforcement Fairness Act of 1996 (Pub. L. 104–121), we offer to assist small entities in understanding the rule so that they can better evaluate its effects on them and participate in the rulemaking process.

Small businesses may send comments on the actions of Federal employees who enforce, or otherwise determine compliance with, Federal regulations to the Small Business and Agriculture Regulatory Enforcement Ombudsman and the Regional Small Business Regulatory Fairness Boards. The Ombudsman evaluates these actions annually and rates each agency’s responsiveness to small business. If you wish to comment on actions by employees of the Coast Guard, call 1–888–REG–FAIR (1–888–734–3247). The Coast Guard will not retaliate against small entities that question or complain about this rule or any policy or action of the Coast Guard.

**Collection of Information**

This rule calls for no new collection of information under the Paperwork Reduction Act of 1995 (44 U.S.C. 3501–3520).

**Federalism**

A rule has implications for federalism under Executive Order 13132. Federalism, if it has a substantial direct effect on the States, on the relationship between the national government and the States, or on the distribution of power and responsibilities among the various levels of government. We have analyzed this rule under that Order and determined that this rule does not have implications for federalism.

**Unfunded Mandates Reform Act**

The Unfunded Mandates Reform Act of 1995 (2 U.S.C. 1531–1536) requires Federal agencies to assess the effects of their discretionary regulatory actions. In particular, the Act addresses actions that may result in the expenditure by a State, local, or Tribal government, in the aggregate, or by the private sector of $100,000,000 or more in any one year. Though this rule will not result in such an expenditure, we do discuss the effects of this rule elsewhere in this preamble.

**Taking of Private Property**

This rule will not effect a taking of private property or otherwise have taking implications under Executive Order 12630, Governmental Actions and Interference with Constitutionally Protected Property Rights.

**Civil Justice Reform**

This rule meets applicable standards in sections 3(a) and 3(b)(2) of Executive Order 12988, Civil Justice Reform, to minimize litigation, eliminate ambiguity, and reduce burden.

**Protection of Children**

We have analyzed this rule under Executive Order 13045. Protection of Children from Environmental Health Risks and Safety Risks. This rule is not an economically significant rule and does not create an environmental risk to health or risk to safety that may disproportionately affect children.

**Indian Tribal Governments**

This rule does not have Tribal implications under Executive Order 13175, Consultation and Coordination with Indian Tribal Governments, because it does not have a substantial direct effect on one or more Indian Tribes, on the relationship between the Federal Government and Indian Tribes, or on the distribution of power and responsibilities between the Federal Government and Indian Tribes.

**Energy Effects**

We have analyzed this rule under Executive Order 13211, Actions Concerning Regulations That Significantly Affect Energy Supply, Distribution, or Use. We have determined that it is not a “significant energy action” under that order because it is not a “significant regulatory action” under Executive Order 12866 and is not likely to have a significant adverse effect on the supply, distribution, or use of energy. The Administrator of the Office of Information and Regulatory Affairs has not designated it as a significant energy action. Therefore, it does not require a Statement of Energy Effects under Executive Order 13211.

**Technical Standards**

The National Technology Transfer and Advancement Act (NNTAA) (15 U.S.C. 272 note) directs agencies to use voluntary consensus standards in their regulatory activities unless the agency provides Congress, through the Office of Management and Budget, with an explanation of why using these standards would be inconsistent with applicable law or otherwise impractical. Voluntary consensus standards are technical standards (e.g., specifications of materials, performance, design, or operation; test methods; sampling procedures; and related management systems practices) that are developed or adopted by voluntary consensus standards bodies.

This rule does not use technical standards. Therefore, we did not consider the use of voluntary consensus standards.

**Environment**

We have analyzed this rule under Department of Homeland Security Management Directive 023–01 and Commandant Instruction M16475.1D, which guide the Coast Guard in complying with the National Environmental Policy Act of 1969 (NEPA) (42 U.S.C. 4321–4370f), and have concluded this action is one of a category of actions that do not individually or cumulatively have a significant effect on the human environment. This rule is categorically excluded, under figure 2–1, paragraph (34)(h), of the Instruction. This rule involves special local regulations issued in conjunction with a regatta. Under figure 2–1, paragraph (34)(h), of the Instruction, an environmental analysis checklist and a categorical exclusion determination are not required for this rule.

**List of Subjects in 33 CFR Part 100**

Marine safety, Navigation (water), Reporting and recordkeeping requirements, Waterways.

For the reasons discussed in the preamble, the Coast Guard amends 33 CFR part 100 as follows:

**PART 100—SAFETY OF LIFE ON NAVIGABLE WATERS**

1. The authority citation for part 100 continues to read as follows:

   **Authority:** 33 U.S.C. 1233.

2. Add a temporary § 100.35T07–0083 to read as follows:

   **§ 100.35T07–0083 Special Local Regulations; Red Bull Candola, New River, Fort Lauderdale, FL.**

   (a) **Regulated areas.** The following regulated area is being established as a special local regulation. All waters of the New River between the Esplanade Park and slightly east of the South Andrews Avenue Bascule Bridge encompassed between the following points: Point 1 in position 26°07′99″ N, 80°08′52″ W; and Point 2 in position 26°07′04″ N, 80°08′34″ W. All coordinates are North American Datum 1983.

   (b) **Definition.** The term “designated representative” means Coast Guard Patrol Commanders, including Coast Guard coxswains, petty officers, and other officers operating Coast Guard vessels, and Federal, state, and local
officers designated by or assisting the Captain of the Port Miami in the enforcement of the regulated area.

(c) Regulations. (1) All persons and vessels are prohibited from entering, transiting through, anchoring in, or remaining within the regulated area unless authorized by the Captain of the Port Miami or a designated representative.

(2) Persons and vessels desiring to enter, transit through, anchor in, or remain within the regulated area may contact the Captain of the Port Miami by telephone at 305–535–4472, or a designated representative via VHF radio on channel 16, to request authorization. If authorization to enter, transit through, anchor in, or remain within the regulated area is granted by the Captain of the Port Miami or a designated representative, all persons and vessels receiving such authorization must comply with the instructions of the Captain of the Port Miami or a designated representative.

(3) The Coast Guard will provide notice of the regulated area by Local Notice to Mariners, Broadcast Notice to Mariners, and on-scene designated representatives.

(c) Enforcement date. This rule will be enforced from 10 a.m. until 2 p.m. on April 14, 2012.

C.P. Scraha
Captain, U.S. Coast Guard, Captain of the Port Miami.

BILLING CODE 9110–04–P

DEPARTMENT OF HOMELAND SECURITY

Coast Guard

33 CFR Part 117

[Docket No. USCG–2011–0591]

RIN 1625–AA09

Drawbridge Operation Regulation; Anacostia River, Washington, DC

AGENCY: Coast Guard, DHS.

ACTION: Final rule.

SUMMARY: The Coast Guard is changing the regulation that governs the operation of the CSX Railroad Vertical Lift Bridge across the Anacostia River, mile 3.4, at Washington, DC. The change will alter the eight hour advance notice requirement for a bridge opening to a 48 hour advance notice requirement for a bridge opening. The operating regulation change gives more notice for trains and vessels to adjust their schedules accordingly to ensure safe and efficient transits across and under the bridge.

DATES: This rule is effective April 13, 2012.

ADDRESSES: Comments and related materials received from the public, as well as documents mentioned in this preamble as being available in the docket, are part of docket USCG–2011–0591 and are available online by going to http://www.regulations.gov, inserting USCG–2011–0591 in the "Keyword" box, and then clicking "Search." This material is also available for inspection or copying at the Docket Management Facility (M–30), U.S. Department of Transportation, West Building Ground Floor, Room W12–140, 1200 New Jersey Avenue SE., Washington, DC 20590, between 9 a.m. and 5 p.m., Monday through Friday, except Federal holidays.

FOR FURTHER INFORMATION CONTACT: If you have questions on this proposed rule, call or email Lindsey Middleton, Coast Guard; telephone 757–398–6629, email Lindsey.R.Middleton@uscg.mil. If you have questions on viewing or submitting material to the docket, call Renee V. Wright, Program Manager, Docket Operations, telephone 202–366–9826.

SUPPLEMENTARY INFORMATION:

Regulatory Information

On August 23, 2011, we published a notice of proposed rulemaking (NPRM) entitled Drawbridge Operation Regulation; Anacostia River, Washington, DC in the Federal Register (76 FR 163). We did not receive public comments on the proposed rule. No public meeting was requested, and none was held.

Basis and Purpose

The CSX Railroad Company has requested a change in the operation regulation for the CSX Railroad Vertical Lift Bridge, across the Anacostia River, mile 3.4, at Washington, DC. The new 48 hour advance notice requirement replaces the current eight hour advance notice requirement for a bridge opening. This rail-line is used for regular passenger service and train transits across this bridge on an average of 21 times a day. As a result, it is necessary that ample time be given to maintain an accurate schedule for trains and vessels for safe and efficient travel across and under the bridge.

The current operating schedule for the bridge is set out in 33 CFR 117.253(b)(iv). The regulation was established in August 2004 and allows the bridge to be operated from a remote location, the Benning Yard office. The draw of the bridge shall open on signal under the following circumstances: at all times for public vessels of the United States, state and local government vessels, commercial vessels, and any vessel in an emergency involving danger to life or property; from May 15 through September 30, between 9 a.m. and 12 p.m., and between 1 p.m. and 6 p.m.; and from May 15 through September 30, between 6 p.m. and 7 p.m. if notice is given before 6 p.m. on the day for which the opening is requested. At all other times, the bridge will open on signal if at least eight hours of notice is given. The vertical clearance of the bridge is 5 feet at Mean High Water (MHW) in the closed position and 29 feet MHW in the open position. There are on average, 21 train transits across this bridge everyday and there have been two bridge openings in the past two years for vessels taller than five feet.

Concurrent with the publication of the NPRM, a test deviation [USCG–2011–0591] was issued to allow the CSX Railroad Bridge to test the proposed schedule and to obtain data and public comments. The test deviation allowed the bridge to open if at least 48 hours of notice is given, replacing the eight hour notice requirement. The test deviation continues to run until February 21, 2012.

The Coast Guard has reviewed bridge tender logs from before the test deviation and during the first 120 days of the entire 180 day test deviation. Before the deviation, the bridge had two bridge openings in the last two years for vessels over five feet tall. During the first 120 days of the 180 day test deviation there were no requests for a bridge opening. The Coast Guard also reviewed the train logs before and during the first 120 day period of the entire 180 day test deviation. In both cases there was on average 21 train transits across this bridge daily.

Discussion of Comments and Changes

No comments were received on the proposed rule or the test deviation and no changes were made to the proposed rule.

Regulatory Analyses

We developed this rule after considering numerous statutes and executive orders related to rulemaking. Below we summarize our analyses based on 13 of these statutes or executive orders related to rulemaking.

Regulatory Planning and Review

This rule is not a significant regulatory action under section 3(f) of Executive Order 12866, Regulatory
