SECURITIES AND EXCHANGE COMMISSION

Self-Regulatory Organizations; Financial Industry Regulatory Authority, Inc.; Notice of Filing and Immediate Effectiveness of Proposed Rule Change To Amend Online Form NMA, the Standardized Membership Application Form Applicants Must File Pursuant to NASD Rule 1013 (New Member Application and Interview)

March 9, 2012.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (“Act”)1 and Rule 19b–4 thereunder, notice is hereby given that on March 5, 2012, Financial Industry Regulatory Authority, Inc. (“FINRA”) (f/k/a National Association of Securities Dealers, Inc. (“NASD”)) filed with the Securities and Exchange Commission (“SEC” or “Commission”) the proposed rule change as described in Items I and II below, which Items have been prepared by FINRA. FINRA has designated the proposed rule change as constituting a “non-controversial” rule change under paragraph (f)(6) of Rule 19b–4 under the Act,2 which renders the change under paragraph (f)(6) of Rule 19b–4 under the Act a “non-controversial” rule change and thus subject to Section 19(b)(3)(A) of the Act and Rule 19b–4 under the Act.3

II. Self-Regulatory Organization’s Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

FINRA is proposing to amend online Form NMA, the standardized membership application form applicants must file pursuant to NASD Rule 1013 (New Member Application and Interview) as part of their new membership application.4

The revisions also seek to group information requests on specific topics that currently are located throughout existing Form NMA, as well as reduce current duplicative information requests in Form NMA. Additionally, revised Form NMA provides the following new user-friendly features intended to reduce the administrative burden placed on applicants:

- Information fields, included in standards 1, 2, 8, and 12, that are pre-populated with information previously provided by applicants to FINRA in other submissions (e.g., Central Registration Depository (“CRD”)® entitlement forms and Form BD) or otherwise available to FINRA from CRD records (e.g., continuing education status), thereby minimizing the time necessary for applicants to complete the new form:
  - Information fields, included in standards 2, 3, 5, 6, 8, and 12, requesting information that applicants are currently required to provide during FINRA’s review of the new member application process which currently results in extensive follow-up during the review process which currently results in processing delays; and
  - Information fields, included in all standards except standard 9, allowing applicants to provide additional information, if applicable to their proposed business activities, structures, or circumstances.

Below is a synopsis of the content of revised Form NMA, by standard, and its nexus to existing Form NMA:

- **Standard 1 (Overview of the Applicant):**
  - This standard seeks certain applicant overview information currently contained primarily in Sections I (General Information) and VII (Facilities) of existing Form NMA (e.g., formation information, identification of

- **While NASD Rule 1014 sets forth 14 standards for membership, Form NMA does not elicit specific information from the applicant regarding standards 13 (FINRA does not possess information indicating that the applicant may circumvent the federal securities laws or FINRA rules) or 14 (the application is consistent with the federal securities laws and FINRA rules). See NASD Rule 1014(a)(13) and (14).**
business activities, types of customers (and/or counterparties), owners, officers, directors, and control persons, validation of clearing arrangements).

- **Standard 2 (Licenses and Registrations):**
  This standard consists of information requests regarding licenses and registrations (e.g., required licenses and registrations, two-principal requirement waiver, Securities Information Center exemption, other self-regulatory organization registrations) currently contained primarily in Sections I and III of existing Form NMA that FINRA considers necessary for the applicant to demonstrate compliance with the requirements of this standard in the revised Form NMA and also incorporates additional information requests (e.g., state or federal orders or decrees, statements of claims, settlement agreements).

- **Standard 3 (Contractual and Business Relationships):**
  This standard includes the information requests regarding an applicant’s contractual and business relationships currently contained in Sections I, IV (Net Capital and Sources of Funding) and V (Contractual and Business Arrangements) of existing Form NMA (e.g., description of contractual arrangements, expense sharing agreements, financing arrangements, fidelity bonds or fidelity bond applications, support and service agreements, auditor information).

- **Standard 4 (Facilities):**
  This standard consists of information requests regarding an applicant’s facilities primarily contained in Section VII of existing Form NMA (e.g., space sharing arrangements, leasing or subleasing arrangements). This standard also incorporates requests for additional information (e.g., authorizations to sublet, deeds of ownership).

- **Standard 5 (Communications and Operational Systems):**
  This standard includes information requests regarding an applicant’s communications and operational systems currently in Sections VI (Policies and Procedures) and VII of existing Form NMA (e.g., communications and operational systems descriptions, supervision arrangements of multiple locations, business continuity plan documents). The standard also incorporates requests for additional information (e.g., information relating to the use of social media sites).

- **Standard 7 (Maintaining Adequate Net Capital):**
  This standard includes information regarding an applicant’s net capital requirements currently requested primarily in Section IV of existing Form NMA (e.g., information on the nature and source of capital, additional funding plans, minimum net capital requirements, future funding sources).

- **Standard 8 (Financial Controls):**
  This standard seeks information regarding an applicant’s financial controls currently requested primarily in Sections I, III, and VI of existing Form NMA (e.g., information regarding the FINOP’s experience, financial controls, FINOP outside business activity notification) as well as incorporates requests for additional information (e.g., net capital deficiency plans).

- **Standard 9 (Written Procedures):**
  This standard seeks information regarding an applicant’s written procedures currently requested in Sections III, VI, and VIII (Recordkeeping System) of existing Form NMA (e.g., written supervisory procedures (“WSP”), WSP checklist, sample reports to support supervision and financial controls, heightened supervisory procedures attestation).

- **Standard 10 (Supervisory Structure):**
  This standard seeks information regarding an applicant’s supervisory structure currently requested in Sections I and III of the existing Form NMA (e.g., information regarding supervisors’ experience and duties, chief compliance officers’ experience, non-FINOP outside business activities notifications).

- **Standard 11 (Books and Records):**
  This standard seeks information regarding an applicant’s books and records currently requested primarily in Section VIII of existing Form NMA (e.g., recordkeeping system, sample books and records, recordkeeping service providers).

- **Standard 12 (Continuing Education):**
  This standard seeks information regarding an applicant’s continuing education (“CE”) obligations currently requested in Section VI of existing Form NMA (e.g., firm element owner identification, CE checklist, CE needs assessment) as well as incorporates additional requests for information (e.g., information regarding the applicant’s CE deficiency mitigation plan).

FINRA worked closely with an industry task force, comprised of seven representatives from small and large firms, several of whom also act as consultants, during the development of revised Form NMA. Among other things, the task force’s input assisted FINRA to make changes intended to reduce applicants’ administrative burden when completing Form NMA. Overall, FINRA believes that revised Form NMA will facilitate more effective and efficient application processing for applicants.

FINRA has filed the proposed rule change for immediate effectiveness. The implementation date for the revised Form NMA will be July 23, 2012.

2. **Statutory Basis**

FINRA believes that the proposed rule change is consistent with the provisions of Section 15A(b)(6) of the Act, which requires, among other things, that FINRA rules must be designed to prevent fraudulent and manipulative acts and practices, to promote just and equitable principles of trade, and, in general, to protect investors and the public interest. The proposed change restructures the content of existing Form NMA to make the requested information and documentation more consistent with the standards in NASD Rule 1014 against which they are evaluated and elicits information that applicants are currently required to provide during FINRA’s review of the new member application. FINRA believes that revised Form NMA will reduce new member applicants’ administrative burden and ensure a more streamlined and efficient membership application process for both FINRA and applicants.

**B. Self-Regulatory Organization’s Statement on Burden on Competition**

FINRA does not believe that the proposed rule change will result in any burden on competition that is not necessary or appropriate in furtherance of the purposes of the Act.

**C. Self-Regulatory Organization’s Statement on Comments on the Proposed Rule Change Received From Members, Participants, or Others**

Written comments were neither solicited nor received.

*The task force also assisted FINRA in creating a new online Form CMA for continuing member applicants. See SR–FINRA–2012–018 (February 28, 2012) (proposed rule change amending NASD Rules 1012 and 1017 to adopt a new standardized online Form CMA).*
