Public Water System Supervision Program Approval for the State of Minnesota

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of tentative approval.

SUMMARY: Notice is hereby given that the State of Minnesota is revising its approved public water system supervision program for four major rules. EPA has determined that these revisions are no less stringent than the corresponding Federal regulations. Therefore, EPA intends to approve these

revisions. This approval action does not extend to public water systems in Indian Country, as the term is defined in 18 U.S.C. 1151. By approving these rules, EPA does not intend to affect the rights of federally recognized Indian Tribes in Minnesota, nor does it intend to limit existing rights of the State of Minnesota.

Any interested person may request a public hearing. A request for a public hearing must be submitted to the Regional Administrator at the address shown below by April 16, 2012. If a substantial request for a public hearing is made within the requested time frame, a public hearing will be held and a notice of such hearing will be given in the **Federal Register** and a newspaper of general circulation. Frivolous or insubstantial requests for a hearing may be denied by the Regional Administrator. If no timely and appropriate request for a hearing is received and the Regional Administrator does not elect to hold a hearing on her own motion, this determination shall

become final and effective on April 16, 2012. Any request for a public hearing shall include the following information: The name, address, and telephone number of the individual, organization, or other entity requesting a hearing; a brief statement of the requesting person's interest in the Regional Administrator's determination and a brief statement of the information that the requesting person intends to submit at such hearing; and the signature of the individual making the request, or, if the request is made on behalf of an organization or other entity, the signature of a responsible official of the organization or other entity.

ADDRESSES: All documents relating to this determination are available for inspection at the following offices: Minnesota Department of Health, 625 North Robert Street, P.O. Box 64975, St. Paul, Minnesota, 55164-0975, and/or the U.S. Environmental Protection Agency, Region 5, Ground Water and Drinking Water Branch (WG-15J), 77 West Jackson Boulevard, Chicago,

Illinois 60604, between the hours of 9 a.m. and 4 p.m., Monday through Friday.

FOR FURTHER INFORMATION CONTACT: Janet Kuefler, EPA Region 5, Ground Water and Drinking Water Branch, at the address given above, by telephone, at (312) 886-0123, or at kuefler.janet@epa.gov.

Authority: (Section 1413 of the Safe Drinking Water Act, as amended, 42 U.S.C. 300g-2 and 40 CFR part 142 of the National Primary Drinking Water Regulations).

Dated: March 7, 2012.

Susan Hedman,

Regional Administrator, Region 5.

Clean Water Act; Availability of List Decisions

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of Availability and Request for Public Comment.

SUMMARY: This action announces the availability of the Environmental Protection Agency's (EPA) proposed decision identifying water quality limited segments and associated pollutants in Oregon to be listed pursuant to section 303(d)(2) of the Clean Water Act (CWA). EPA is proposing to add 1004 water quality limited segments to Oregon's 2010 Section 303(d) list. EPA solicits public comment on these proposed listings. The proposed listings, together with additional information concerning the proposed listings, are available for review on EPA's Web site.

DATES: Comments must be received on or before April 16, 2012.

ADDRESSES: Comments: Comments on the proposed listing action must be sent electronically or by mail to Jill Gable, 303(d) Listing Program, Office of Water and Watersheds; USEPA Region 10; 1200 6th Ave. Suite 900, OWW-134; Seattle, WA 98101; telephone (206) 553-2582, facsimile (206) 553-0165, email gable.jill@epa.gov. Oral comments will not be considered.

Availability for Review: Copies of the proposed decision concerning Oregon's 303(d) list which explain the rationale for EPA's proposed decision can be obtained at EPA Region 10's Web site at: www.epa.gov/region10/notices/oregon303d.html, or by writing or calling Ms. Gable at the above address.

FOR FURTHER INFORMATION CONTACT: Jill Gable at (206) 553-2582 or gable.jill@epa.gov.

SUPPLEMENTARY INFORMATION: Section 303(d) of the Clean Water Act (CWA) (hereinafter referred to as "Section 303(d)") requires states to identify those waters within their jurisdiction for which effluent limitations are not stringent enough to implement applicable water quality standards, to establish a priority ranking for such waters, and to submit a listing of such waters to EPA (hereinafter referred to as a "303(d) list").

EPA's Water Quality Planning and Management regulations include requirements for implementation of section 303(d), at 40 CFR 130.7. 40 CFR 130.7(d) requires states to identify water quality limited waters still requiring Total Maximum Daily Loads (TMDLs) every two years. The list of waters still needing TMDLs must also include priority rankings and must identify the waters targeted for TMDL development during the next two years. See 40 CFR 130.7(d).

Section 303(d)(2) also requires that EPA approve or disapprove lists submitted by States. If EPA disapproves a list, EPA must identify waters in the state that do not meet water quality standards. After EPA has identified waters not attaining water quality standards, EPA must issue a public notice seeking comments on the list. See 40 CFR 130.7(d)(2).

On May 24, 2011, the Oregon Department of Environmental Quality ("ODEQ") submitted Oregon's 2010 Section 303(d) list of water quality limited segments ("WQLSs") ("Oregon's 2010 303(d) list"), to EPA, as part of the Integrated Report submitted by the state to meet the requirements of sections 303(d), 305(b), and 314 of the CWA. On March 15, 2012, EPA sent a letter to ODEQ, in which EPA approved ODEQ's inclusion of 970 water quality limited segments to Oregon's 303(d) list and ODEQ's removal of 927 water quality limited segments from Oregon's 303(d) list.

In the March 15, 2012 letter to ODEQ, EPA also disapproved Oregon's decisions not to list 1004 water quality limited segments as impaired, including 321 water quality limited segments that Oregon identified as impaired but failed to list on the Section 303(d) list. EPA has identified these additional water quality limited segment for inclusion on the State's 2010 Section 303(d) list. These water quality limited segments and associated pollutants as proposed by EPA are identified in Enclosure 3 of the decision document available at the

following Web site link: www.epa.gov/region10/notices/oregon303d.html.

EPA is providing the public the opportunity to review its proposed decision to list 1004 water quality limited segments to Oregon's 2010 Section 303(d) list. EPA will consider and respond to public comments in reaching its final decision on the addition of the referenced water bodies and pollutants identified for inclusion on Oregon's 2010 303(d) list.

Dated: March 2, 2012.

Michael A. Bussell,

Director, Water Division, EPA Region X.

2012 Annual Meeting of the Ozone Transport Commission

AGENCY: Environmental Protection Agency (EPA).

ACTION: Notice of meeting.

SUMMARY: The United States Environmental Protection Agency is announcing the 2012 Annual Meeting of the Ozone Transport Commission (OTC). This OTC meeting will explore options available for reducing ground-level ozone precursors in a multi-pollutant context. The Commission will be evaluating potential measures and considering actions in areas such as performance standards for electric generating units (EGUs) on high electric demand days, oil and gas boilers serving EGUs, small natural gas boilers, stationary generators, energy security/energy efficiency, architectural industrial and maintenance coatings, consumer products, institution commercial and industrial (ICI) boilers, vapor recovery at gas stations, large above ground storage tanks, seaports, aftermarket catalysts, lightering, and non-road idling.

DATES: The meeting will be held on May 24, 2012 starting at 9 a.m. and ending at 4 p.m.

LOCATION: Sheraton Suites Old Town Alexandria, 801 North Saint Asaph Street, Alexandria, Virginia 22314; (703) 836-4700.

FOR FURTHER INFORMATION CONTACT: For documents and press inquiries contact: Ozone Transport Commission, 444 North Capitol Street NW., Suite 638, Washington, DC 20001; (202) 508-3840; email: ozone@otcair.org; Web site: <http://www.otcair.org>.
