FR 52385, 09/03/2003) and October 6, 2006 (Board Order 1481, 71 FR 61017–61018, 10/17/2006).

The current zone project includes the following sites: Site 1 (0.61 acres)—McGhee Tyson Airport, State Route 129, Alcoa; Site 2 (42 acres)—Colinx LLC warehousing facility, 1536 Genesis Road, Crossville; Site 3 (190 acres)—Partnership Park South, 1731 Fred Lawson Lane, Maryville; Site 4 (13 acres)—within the 15-acre Heritage Center Technology Park and adjacent Tennessee Technology Park, 1065 West Perimeter Road and 2010 Highway 58, Oak Ridge; Site 5 (71 acres, 2 parcels) within the Eagle Bend Industrial Park, 350 J.D. Yarnell Industrial Parkway, Clinton; Site 6 (6 acres)—CoLinx LLC warehouse facility, 712 Interchange Drive, Crossville; and, Site 7 (5.7 acres)—CoLinx LLC warehouse facility, 704 and 732 Industrial Boulevard, Crossville.

The grantee’s proposed service area under the ASF would include all of Anderson, Campbell, Claiborne, Cocke, Cumberland, Grainger, Jefferson, Knox, Loudon, Monroe, Morgan, Roane, Scott, Sevier and Union Counties, Tennessee, as described in the application. If approved, the grantee would be able to serve sites throughout the service area based on companies’ needs for FTZ designation. The proposed service area is within and adjacent to the Knoxville U.S. Customs and Border Protection port of entry.

The applicant is requesting authority to reorganize its existing zone project to include existing Site 3, Site 4 and Site 5 as “magnet” sites. The ASF allows for the possible exemption of one magnet site from the “sunset” time limits that generally apply to sites under the ASF, and the applicant proposes that Site 3 be exempted. The applicant is also requesting that existing Site 2, Site 6 and Site 7 be designated as usage-driven sites, and that existing Site 1 be removed from the zone project due to changed circumstances. Because the ASF only pertains to establishing or reorganizing a general-purpose zone, the application would have no impact on FTZ 148’s authorized subzones.

In accordance with the Board’s regulations, Christopher Kemp of the FTZ Staff is designated examiner to evaluate and analyze the facts and information presented in the application and case record and to report findings and recommendations to the Board.

Public comment is invited from interested parties. Submissions (original and 3 copies) shall be addressed to the Board or its Executive Secretary at the address below. The closing period for their receipt is May 18, 2012. Rebuttal comments in response to material submitted during the foregoing period may be submitted during the subsequent 15-day period to June 4, 2012.

A copy of the application will be available for public inspection at the Office of the Executive Secretary, Foreign-Trade Zones Board, Room 2111, U.S. Department of Commerce, 1401 Constitution Avenue NW., Washington, DC 20230–0002, and in the “Reading Room” section of the Board’s Web site, which is accessible via www.trade.gov/ftz. For further information, contact Christopher Kemp at Christopher.Kemp@trade.gov or (202) 482–0862.

Andrew McGilvray,
Executive Secretary.

DEPARTMENT OF COMMERCE
National Oceanic and Atmospheric Administration

Science Advisory Board (SAB); Notice of Open Meeting

AGENCY: Office of Oceanic and Atmospheric Research (OAR), National Oceanic and Atmospheric Administration (NOAA), Department of Commerce (DOC).

ACTION: Notice of open meeting.

SUMMARY: The Science Advisory Board (SAB) was established by a Decision Memorandum dated September 25, 1997, and is the only Federal Advisory Committee with responsibility to advise the Under Secretary of Commerce for Oceans and Atmosphere on strategies for research, education, and application of science to operations and information services. SAB activities and advice provide necessary input to ensure that National Oceanic and Atmospheric Administration (NOAA) science programs are of the highest quality and provide optimal support to resource management.

Time and Date: The meeting will be held Thursday, April 5, 2012 from 9 a.m. to 5:15 p.m. and Friday, April 6, 2012, from 9:15 a.m. to 2:30 p.m. These times and the agenda topics described below are subject to change. Please refer to the Web page http://www.sab.noaa.gov/Meetings/meetings.html for the most up-to-date meeting agenda.

Place: The meeting will be held at the Washington Plaza Hotel, 1 Thomas Circle, Washington, DC 20005 Please check the SAB Web site http://www.sab.noaa.gov for directions to the meeting location.

Status: The meeting will be open to public participation with a 15 minute public comment period on April 5 at 5 p.m. (check Web site to confirm time). The SAB expects that public statements presented at its meetings will not be repetitive of previously submitted verbal or written statements. In general, each individual or group making a verbal presentation will be limited to a total time of five (5) minutes. Individuals or groups planning to make a verbal presentation should contact the SAB Executive Director by March 29, 2012 to schedule their presentation.

Written comments should be received in the SAB Executive Director’s Office by March 29, 2012 to provide sufficient time for SAB review. Written comments received by the SAB Executive Director after March 29, 2012 will be distributed to the SAB, but may not be reviewed prior to the meeting date. Seating at the meeting will be available on a first-come, first-served basis.

Special Accommodations: These meetings are physically accessible to people with disabilities. Requests for special accommodations may be directed no later than 12 p.m. on March 29, 2012, to Dr. Cynthia Decker, SAB Executive Director, SSMC3, Room 11230, 1315 East-West Hwy., Silver Spring, MD 20910.

Matters To Be Considered: The meeting will include the following topics: (1) Update from the SAB Research and Development Portfolio Review Task Force; (2) External Review of the Cooperative Institute for Climate Science (CICS), Princeton University; (3) Proposed New Members for the Data Archive and Access Requirements Working Group (DAARWG); (4) Update from the SAB Satellite Task Force; (5) NOAA Response to the SAB Report on Fisheries Enterprise Data Management; (6) NOAA Response to Congress on Compensation Policy for Specialized Satellite Data Products and Services; (7) NOAA Report on Needs Assessment for Science Advisory Board Working Groups; (8) Use of the NOAA Logo by Affiliated Partners; and (9) Updates from SAB Working Groups.

FOR FURTHER INFORMATION CONTACT: Dr. Cynthia Decker, Executive Director, Science Advisory Board, NOAA, Rm. 11230, 1315 East-West Highway, Silver Spring, Maryland 20910. Phone: 301–734–1156, Fax: 301–734–1459. Email: Cynthia.Decker@noaa.gov or visit the NOAA SAB Web site at http://www.sab.noaa.gov.

National Oceanic and Atmospheric Administration

RIN 0648–XB083

Endangered Species; File No. 15672

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Issuance of permit.

SUMMARY: Notice is hereby given that Molly Lutcavage, Ph.D., University of Massachusetts, Amherst, 108 Main Street, Gloucester MA 01930 has been issued a permit to take leatherback sea turtles (Dermochelys coriacea) for purposes of scientific research.

ADDITIONAL INFORMATION:

For further information contact:

Colette Cairns or Amy Hapeman, (301) 427–9401.

For SUPPLEMENTARY INFORMATION:

On April 26, 2011, notice was published in the Federal Register (76 FR 23305) that a request for a scientific research permit to take leatherback sea turtles had been submitted by the above-named individual. The requested permit has been issued under the authority of the Endangered Species Act of 1973, as amended (ESA; 16 U.S.C. 1531 et seq.) and the regulations governing the taking, importing, and exporting of endangered and threatened species (50 CFR parts 222–226).

The five year permit authorizes Dr. Lutcavage to conduct research to characterize the distribution, movements and dive behavior of leatherback sea turtles in the waters of New England. Researchers may take up to 25 leatherback sea turtles annually that have been disentangled from fishing gear by a stranding network or captured with a breakaway hoopnet. Turtles would be measured, weighed, photographed and videotaped, flipper and passive integrated transponder tagged, blood, tissue, and fecal sampled, cloacal, oral, and nasal swabbed, tagged with an electronic transmitter, and released.

Issuance of this permit, as required by the ESA, was based on a finding that such permit (1) was applied for in good faith, (2) will not operate to the disadvantage of such endangered or threatened species, and (3) is consistent with the purposes and policies set forth in section 2 of the ESA.

Tammy C. Adams,

Acting Chief, Permits and Conservation Division, Office of Protected Resources, National Marine Fisheries Service.
