SUPPLEMENTARY INFORMATION: The JOLTS collects data on job vacancies, labor hires, and labor separations. The data can be used as demand-side indicators of labor shortages. These indicators of labor shortages at the national level greatly enhance policy makers' understanding of imbalances between the demand and supply of labor. Presently there is no other economic indicator of labor demand with which to assess the presence of labor shortages in the U.S. labor market. The availability of unfilled jobs is an important measure of job market tightness, symmetrical to unemployment measures. This submission has been characterized as a revision, because of minor edits to some of the cover letters, the addition of two new postcard reminders (email and fax), an update to the BLS confidentiality pledge, and the discontinuation of information collected in order to perform response analysis for two industries. This research has been performed. The JOLTS program plans to perform response analysis again sometime in the future and will seek an appropriate burden increase at that time.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB

Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information if the collection of information does not display a valid OMB Control Number. See 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under OMB Control Number 1220–0170. The current OMB approval is scheduled to expire on March 31, 2012; however, it should be noted that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. For additional information, see the related notice published in the **Federal Register** on November 10, 2011 (76 FR 70165).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within 30 days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should reference OMB Control Number 1220–0170. The OMB is particularly interested in comments that:

Pursuant to the LHWCA, injured employees shall receive compensation in an amount equal to 66 2/3 per centum of their average weekly wage. AGENCY: National Credit Union Administration (NCUA).

ACTION: Notice of Funding Opportunity.

Authority: 12 U.S.C. 1756, 1757(5)(D), and (7)(I), 1766, 1782, 1784, 1785 and 1786; 12 CFR 705.

SUMMARY: The National Credit Union Administration (NCUA) is issuing a Notice of Funding Opportunity (NOFO) to invite eligible credit unions to submit applications for participation in the Community Development Revolving Loan Fund (CDRLF) Loan Program, subject to funding availability. The CDRLF serves as a source of financial support, in the form of both loans and technical assistance grants, for credit unions serving predominantly low-income members. It also serves as a source of funding to help low-income designated credit unions (LICUs) respond to emergencies arising in their communities.

DATES: The application open period is from May 22, 2012 thru December 31, 2012. Funds may be exhausted prior to this deadline, at which time the program/funds will no longer be available.

SUPPLEMENTARY INFORMATION:

I. Description of Funding Opportunity

The purpose of the CDRLF is to assist specially designated credit unions in providing basic financial services to their low-income members to stimulate economic activities in their communities. Through the CDRLF, NCUA provides financial support in the form of loans and technical assistance grants to LICUs. These funds help improve and expand the availability of financial services to these members. The CDRLF also serves as a source of funding to help LICUs respond to emergencies. NCUA's Office of Small Credit Union Initiatives (OSCU) administers the CDRLF.

There are two components to the CDRLF, the Loan Program and the Technical Assistance Grant (TAG) Program. The Loan Program is primarily the subject of this NOFO.

Additional information about the TAG Program, including current funding initiatives, amount of funds available, funding priorities, permissible uses of funds, funding limits, deadlines and other pertinent details, are periodically published in NCUA Letters to Credit Unions and posted on the NCUA Web site (<http://www.ncua.gov/Resources/CUS/Dev/Pages/Loans.aspx>).

A. Program Regulation: Part 705 of NCUA's regulations implements the CDRLF. 12 CFR 705. A revised Part 705 was published on November 2, 2011. 76 FR 67583. Additional requirements are found at 12 CFR Parts 701 and 741. Applicants should review these regulations in addition to this NOFO. Each capitalized term in this NOFO is more fully defined in the regulations, the loan application, and the loan agreement. For the purposes of this NOFO, an Applicant is a Qualifying Credit Union that submits a complete Application to NCUA under the CDRLF Loan Program.

B. Funds Availability: Congress has not made an appropriation to the CDRLF for loans for Fiscal Years 2012-2013. NCUA expects to lend approximately \$11 million under this NOFO, derived from appropriated and earned funds. Monies for additional loans come from scheduled loan
