### Federal Energy Regulatory Commission

[Don Pedro Hydroelectric Project Project No. 2299–075]

#### Turlock Irrigation District, & Modesto Irrigation District; Notice of Dispute Resolution Process Schedule, Panel, Technical Conference, and Modified Filing Times for Panel Recommendations and Dispute Determination

On January 11, 2012, the National Oceanic and Atmospheric Administration's National Marine Fisheries Service (NMFS) and the California Water Resources Control Board (Water Board) (collectively, the Agencies), filed a Notice of Study Dispute to initiate the Federal Energy Regulatory Commission's (Commission) formal study dispute resolution process, pursuant to 18 CFR 5.14, in the relicensing proceeding for the Don Pedro Hydroelectric Project No. 2299–075.<sup>1</sup> Turlock Irrigation District and the Modesto Irrigation District (collectively, the Districts), are co-licensees for the Don Pedro Hydroelectric Project.

In its Notice of Study Dispute, NMFS disputes the December 22, 2011 Study Plan Determination's treatment of eight of its June 10, 2011 study requests. NMFS identified study requests 1–4 and 7–9 as being in dispute. Specifically, the disputed study requests are: Request 1—*Effects of the Project and Related LaGrange Complex Facilities on Anadromous Fish*; Request 2—*Effects of the Project and Related Facilities Evaluated Through an Operations Model*; Request 3—*Effects of the Project*

<sup>1</sup> The U.S. Fish and Wildlife Service (FWS) also requested dispute resolution on two studies requested by the California Department of Fish and Game (Cal Fish and Game) and one study requested by NMFS. Additionally, NMFS requested dispute resolution on one of the Cal Fish and Game studies. In a March 9, 2012, letter the Director of the Office of Energy Projects determined that the Cal Fish and Game's studies would not be referred to dispute resolution because a disputing agency can only dispute a study request that it has made itself. The dispute regarding the study requested by NMFS and endorsed by FWS will go forward as a NMFS study dispute.
