In accordance with section 1865(a)(3)(A) of the Act, the September 23, 2011 proposed notice (76 FR 59136) also solicited public comments regarding whether CHAP’s requirements met or exceeded the Medicare conditions of participation for HHAs. We received no public comments in response to our proposed notice.

IV. Provisions of the Final Notice

A. Differences Between CHAP’s Standards and Requirements for Accreditation and Medicare’s Conditions and Survey Requirements

We compared the standards and survey process contained in CHAP’s application with the Medicare HHA conditions for participation and our State Operations Manual (SOM). Our review and evaluation of CHAP’s application for continued CMS-approval were conducted as described in section III of this final notice, and yielded the following:

• To meet the requirements at § 486.3(b)(3)(i); 486.36(d)(2)(i)(I); and 486.36(d)(2)(ii), CHAP revised its accreditation standard to ensure that all required elements necessary for the Regional Office (RO) to render a decision regarding approval of a provider agreement for participation in Medicare.
• To meet the requirements at Chapter Five, section 5075.9 of the SOM, CHAP revised its policies to ensure all compliant investigations are conducted within 45 calendar days, following receipt of a complaint that does not rise to the level of immediate jeopardy.
• To meet the clinical records requirements at Appendix B of the SOM, CHAP developed and implemented a monitoring plan to ensure the minimum number of home visits with clinical record reviews is completed during a survey.
• CHAP amended its crosswalk to ensure current CHAP standards are clearly crosswalked to the following regulatory requirements: §§ 484.12(b); 484.12(c); 484.14(b); 484.14(i)(3); 484.30(a); 484.32; 484.34(a); 486.36(b)(3)(i); 486.36(d)(4)(i); 486.36(d)(4)(ii); 486.36(d)(4)(iii); 486.36(e); 484.38; 484.48; 484.52; 484.55; 484.55(a)(1); 485.55(b)(1); and 484.55(d)(2).

B. Term of Approval

Based on the review and observations described in section III of this final notice, we have determined that CHAP’s HHA accreditation program requirements meet or exceed our requirements. Therefore, we approve CHAP as a national accreditation organization for HHAs that request participation in the Medicare program, effective March 31, 2012 through March 31, 2018.

Title: Mother and Infant Home Visiting Program Evaluation: Baseline survey data collection.

OMB No.: 0970–0402.

Description: The Administration for Children and Families (ACF) and Health Resources and Services Administration (HRSA) within the U.S. Department of Health and Human Services (HHS) have launched a national evaluation called the Mother and Infant Home Visiting Program Evaluation (MIHOPE, formerly called the Maternal, Infant, and Early Childhood Home Visiting Evaluation). This evaluation, mandated by the Affordable Care Act, will inform the federal government about the effectiveness of the newly established MIECHV program in its first few years of operation, and provide information to help states develop and strengthen home visiting programs in the future. By systematically estimating the effects of home visiting programs across a wide range of outcomes and studying the variation in how programs are implemented, MIHOPE will provide valuable information on the effects of these programs on parents and children.
