SUPPLEMENTARY INFORMATION:

Multnomah County has requested that the Broadway Bascule Bridge remain closed to vessel traffic to facilitate safe, uninterrupted roadway passage of participants of the Race for the Roses event. The Broadway Bridge crosses the Willamette River at mile 11.7 and provides 90 feet of vertical clearance above Columbia River Datum 0.0 while in the closed position. Vessels which do not require a bridge opening may continue to transit beneath the bridge during this closure period. Under normal conditions this bridge operates in accordance with 33 CFR 117.897(c) which allows for the bridge to remain closed between 7 a.m. and 9 a.m. and 4 p.m. and 6 p.m. Monday through Friday and also requires advance notification when a bridge opening is needed. This deviation period is from 6:30 a.m. on April 1, 2012 through 7:30 a.m. April 1, 2012. The deviation allows the bascule span of the Broadway Bridge across the Willamette River, mile 11.7, to remain in the closed position and need not open for maritime traffic for one hour from 6:30 a.m. through 7:30 a.m. on April 1, 2012. The bridge shall operate in accordance to 33 CFR 117.897 at all other times. Waterway usage on this stretch of the Willamette River includes vessels ranging from commercial tug and barge to small pleasure craft. Mariners will be notified and kept informed of the bridge's operational status via the Coast Guard Notice to Mariners publication and Broadcast Notice to Mariners as appropriate. The draw span will be required to open, if needed, for vessels engaged in emergency response operations during this closure period.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the designated time period. This deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: February 22, 2012.

Randall D. Overton,

Bridge Administrator.

Tugs and tugs with tows, public vessels of the United States, and vessels in distress shall be passed at any time.

DATES: This deviation is effective from 6:46 p.m. on April 4, 2012 through 7:30 p.m. on July 3, 2012.

Basis and Purpose

The legal basis for test deviations to drawbridge operating schedules is the Coast Guard's authority to regulate drawbridge operations: 33 U.S.C. 499; 33 CFR 1.05-1; Department of Homeland Security Delegation No. 0170.1.

The purpose of the test deviation is to determine whether the current drawbridge operation schedule meets the needs of navigation and land traffic.

Discussion

The Miami Marlins Organization has requested bridge opening limitations to the N.W. 12th Avenue Bridge over the Miami River mile 2.1, in Miami, Florida, in order to determine whether traffic congestion during Miami Marlins home baseball games poses a safety concern and whether a brief closure will mitigate such congestion. This 90 day test deviation will allow this bridge to remain closed to navigation from 6:46 p.m. until 7:30 p.m., Monday through Friday, during Miami Marlins home baseball games on April 4, 13, 17, 18, 19, 27, 30; May 11, 14, 15, 21, 22, 23, 24, 25, 28, 29, 30; June 5, 6, 7, 8, 11, 12, 13, 22, 25, 26, 27, and 29.

The N.W. 12th Avenue Bridge provides a vertical clearance of 22 feet above mean high water in the closed position, and a horizontal clearance of 150 feet. The normal operating schedule for the bridge is set forth in 33 CFR 117.305(b), which states that the draws of the S.W. First Street Bridge, mile 0.9, up to and including the N.W. 27th Avenue Bridge, mile 3.7 at Miami, shall open on signal; except that, from 7:35 a.m. to 8:59 a.m. and 4:45 p.m. to 5:59 p.m., Monday through Friday, except Federal holidays, the draws need not open for the passage of vessels.

This 90 day test deviation will be in effect from 6:46 p.m. on April 4, 2012 through 7:30 p.m. on July 3, 2012. Tugs and tugs with tows, public vessels of the United States, and vessels in distress shall be passed at any time.

In accordance with 33 CFR 117.35(e), the drawbridge must return to its regular operating schedule immediately at the end of the designated time period. This test deviation from the operating regulations is authorized under 33 CFR 117.35.

Dated: February 29, 2012.

B.L. Dragon,

Bridge Program Director, Seventh Coast Guard District.
