

Report and Order (the top 150 Arbitron markets plus markets with more than 4 pending translator applications) to request the dismissal of applications to comply with these limits. Applicants may request such dismissal by filing a letter with the Commission ("Dismissal Letter") identifying the applications they wish to be dismissed. In the event that an applicant does not timely comply with these dismissal procedures, the Commission staff will first apply the national cap, retaining on file the first 50 filed applications and dismissing those that were subsequently filed. The staff will then dismiss all but the first filed application in each of the markets identified in Appendix A.

OMB Control Number: 3060-xxxx.

Title: Creation of a Low Power Radio Service and Amendment of Service and Eligibility Rules for FM Broadcast Translator Stations, Fourth Report and Order and Third Order on Reconsideration ("Fourth Report and Order"), MM Docket 99–25, MB Docket No. 07–172, RM–11338; Translator Amendments and Top 50 Market Preclusion Showings.

Respondents: Not-for-profit institutions; State, local or tribal government.

Number of Respondents and Responses: 500 respondents; 1,300 responses.

Estimated Time per Response: 2 hours.

Frequency of Response: One time reporting requirement.

Total Annual Burden: 2,600 hours.

Total Annual Costs: None.

Obligation to Respond: Required to obtain or retain benefits. The statutory authority for this collection is contained in Sections 154(i) of the Communications Act of 1934, as amended.

Nature and Extent of Confidentiality: There is no need for confidentiality with this collection of information.

Privacy Impact Assessment(s): No impact(s).

Needs and Uses: On March 19, 2012, the Commission adopted a Fourth Report and Order and Third Order on Reconsideration ("Fourth Report and Order"), FCC 12–29. It adopts the market-based dismissal policy proposed in the Third Further Notice, FCC 11–105, with certain modifications. Among other things, it gives all translator applicants a limited opportunity to amend their proposals. It holds that translator applicants in "spectrum available" markets may modify their proposals so long as they do not preclude any LPFM channel/point

combination identified in the Bureau's study ("Spectrum Available Amendments"). It further holds that translator applicants with proposals in "spectrum limited" markets will be allowed to modify their proposals to eliminate their preclusive impact on any of the LPFM point/channel combinations that would be available within the grid if all translator window applications in that market were dismissed ("Spectrum Limited Amendments") ("Spectrum Available Amendments" and "Spectrum Limited Amendments" are collectively referred to herein as, "Amendments"). In addition, any translator applicant in any top 50 spectrum limited market must demonstrate that its out-of-grid proposal would not preclude the only LPFM station licensing opportunity at that location ("Top 50 Market Preclusion Showing"). Specifically, it needs to demonstrate either that no LPFM station could be licensed at the proposed transmitter site or, if an LPFM station could be licensed at the site, that an additional channel remains available for a future LPFM station at the same site.

Final approval under OMB delegated authority of the extension for three years, with revision, of the following report:

Report title: Survey of Terms of Lending.

Agency form number: FR 2028A, FR 2028B, and FR 2028S.

OMB Control number: 7100–0061.

Frequency: Quarterly.

Reporters: Commercial banks and U.S. branches and agencies of foreign banks (FR 2028A and FR 2028S only).

Estimated annual reporting hours: 7,358 hours.

Estimated average hours per response: FR 2028A, 3.6 hours; FR 2028B, 1.4 hours; and FR 2028S, 0.1 hours.

Number of respondents: FR 2028A, 398; FR 2028B, 250; and FR 2028S, 567.

General description of report: This information collection is authorized by section 11(a)(2) of the Federal Reserve Act (12 U.S.C. 248(a)(2)) and is voluntary. Individual responses reported on the FR 2028A and FR 2028B are regarded as confidential under the Freedom of Information Act (5 U.S.C. 552(b)(4)).

Abstract: The Survey of Terms of Lending collects unique information concerning price and certain nonprice terms of loans made to businesses and farmers during the first full business week of the mid-month of each quarter (February, May, August, and November). The survey comprises three reporting forms: The FR 2028A, Survey of Terms of Business Lending; the FR 2028B, Survey of Terms of Bank Lending to Farmers; and the FR 2028S, Prime Rate Supplement to the Survey of Terms of Lending. The FR 2028A and FR 2028B collect detailed data on individual loans made during the survey week, and the FR 2028S collects the prime interest rate for each day of the survey from both FR 2028A and FR

2028B respondents. From these sample STL data, estimates of the terms of business loans and farm loans extended during the reporting week are constructed. The aggregate estimates for business loans are published in the quarterly E.2 release, *Survey of Terms of Business Lending*, and aggregate estimates for farm loans are published in the E.15 release, *Agricultural Finance Databook*.

Current Actions: On October 13, 2011, the Federal Reserve published a notice in the **Federal Register** (76 FR 63619) requesting public comment for 60 days on the extension, with revision, of the FR 2028ABS. The comment period for this notice expired on December 12, 2011. The Federal Reserve received one comment letter on the proposed revisions from a banking association. The commenter did not support the addition of a column to collect the Research Statistics Supervision Discount (RSSD) ID of the branch that originated each loan nor a column for the loan origination fee. The commenter stated that the data are not readily available and questioned how the data to be reported in the column for the RSSD ID would be used. The commenter also suggested deferring the implementation date of any changes until after the May 2012 survey week. After receiving this comment letter, in February 2012, the Federal Reserve consulted with several members of the banking association about the comments and discussed possible alternatives to the original proposal. After considering these alternatives, the Federal Reserve decided to modify the proposal by (1) replacing the proposed column to collect the RSSD ID of the branch that originated each loan with the state where the borrower is headquartered, (2) removing the proposed column for the loan origination fee, and (3) deferring the implementation date to the August 2012 survey week; however, banks that need additional time to program the changes would be able to report the new items as not available until the February 2013 survey week.

Board of Governors of the Federal Reserve System, March 21, 2012.

Jennifer J. Johnson,
Secretary of the Board.
