Rescission of Previously Issued Cancellation Order for Methyl Parathion Product Registration

AGENCY: Environmental Protection Agency (EPA).
ACTION: Notice.

SUMMARY: This notice rescinds a previously issued Cancellation Order, printed in the **Federal Register** on December 28, 2011, to the extent it is applicable to one methyl parathion product. The product in question, EPA Registration Number 070506-00193, was previously cancelled under a separate Cancellation Order published in the **Federal Register** on July 27, 2010. The July 27, 2010 order correctly identifies the effective date of cancellation for the affected product registration as well as the correct dates associated with the disposition of existing stocks. This rescission only applies to the methyl parathion registration. All other product registrations for all other chemicals that were included in the December 28, 2011 cancellation order remain in effect and are not otherwise affected by this action.

DATES: The cancellation of the methyl parathion product at issue is effective December 31, 2012 as provided by the July 27, 2010 Cancellation Order.

This action is directed to the public in general, and may be of interest to a wide range of stakeholders including environmental, human health, and agricultural advocates; the chemical industry; pesticide users; and members of the public interested in the sale, distribution, or use of pesticides. Since others also may be interested, the Agency has not attempted to describe all the specific entities that may be affected by this action. If you have any questions regarding the applicability of this action to a particular entity, consult the person listed under **FOR FURTHER INFORMATION CONTACT**.

B. How can I get copies of this document and other related information?

EPA has established a docket for this action under docket identification (ID) number EPA-HQ-OPP-2009-0332. Publicly available docket materials are available either in the electronic docket at <http://www.regulations.gov>, or, if only available in hard copy, by appointment at One Potomac Yard (South Bldg.), 2777 S. Crystal Dr., Arlington, VA, between 9 a.m. and 3 p.m., Monday through Friday, excluding legal holidays. To schedule an appointment, call (703) 305-5805.

II. What action is the agency taking?

EPA is rescinding a recently issued Cancellation Order, a December 28, 2011 **Federal Register** Notice (76 FR 81496) to the extent it is applicable to one methyl parathion product. On December 28, 2011 EPA issued a batch order cancelling products for failure to pay maintenance fees. The list of products in Table 2 inadvertently contained the methyl parathion product, EPA Registration Number 070506-00193, Pennacp-M Microencapsulated Insecticide. However, this methyl parathion product was previously cancelled under a separate Cancellation Order printed in the **Federal Register** of July 27, 2010 (75 FR 43981), in relation to a Memorandum of Agreement where all methyl parathion products were voluntarily cancelled by the registrants. The July 27, 2010 order correctly identifies the effective date of cancellation for the affected product registration as well as the correct dates associated with the disposition of existing stocks. The cancellation order for the methyl parathion product, issued in the **Federal Register** on December 28, 2011 is rescinded. The rescission only applies to the methyl parathion registration, EPA Registration Number 070506-00193. The December 28, 2011 cancellation order remains in full force and effect with respect to all other product registrations and chemicals contained in those cancellation orders.

Needs and Uses: On April 6, 2011, in document FCC 11–56, the Commission

released a *Report and Order* adopting final rules to implement section 719 of the Communications Act of 1934 (the Act), as amended, which was added to the Act by the "Twenty-First Century Communications and Video Accessibility Act of 2010" (CVAA). See Public Law 111–260, § 105. Section 719 of the Act authorizes up to \$10 million annually from the Interstate Telecommunications Relay Service Fund (TRS Fund) to support eligible programs that distribute equipment designed to make telecommunications service, Internet access service, and advanced communications accessible by low-income individuals who are deaf-blind. Specifically, the rules adopted in document FCC 11–56 established the National Deaf-Blind Equipment Distribution Program (NDBEDP) as a pilot program for two years with an option to extend the program for one additional year. The rules adopted in document FCC 11–56 have the following information collection requirements:

(a) State equipment distribution programs, other public programs, and private entities may submit applications for NDBEDP certification to the Commission. For each state, the Commission will certify a single program as the sole authorized entity to participate in the NDBEDP and receive reimbursement from the TRS Fund.

(b) Each program certified under the NDBEDP must submit certain program-related data electronically to the Commission, as instructed by the NDBEDP Administrator, every six months, commencing with the start of the pilot program.

(c) Each program certified under the NDBEDP must retain all records associated with the distribution of equipment and provision of related services under the NDBEDP for two years following the termination of the pilot program.

(d) Each program certified under the NDBEDP must obtain verification that NDBEDP applicants meet the definition of an individual who is deaf-blind.

(e) Each program certified under the NDBEDP must obtain verification that NDBEDP applicants meet the income eligibility requirements.

(f) Programs certified under the NDBEDP shall be reimbursed for the cost of equipment that has been distributed to eligible individuals and authorized related services, up to the state's funding allotment under this program. Within 30 days after the end of each six-month period of the Fund Year, each program certified under the NDBEDP pilot must submit documentation that supports its claim

for reimbursement of the reasonable costs of equipment and related services.

On March 20, 2012 in document DA 12–430, the Commission released an *order* to conditionally waive the requirement in section (f), above, for NDBEDP certified programs to submit reimbursement claims at the end of each six-month period of the TRS Fund Year to permit certified programs to submit reimbursement claims as frequently as monthly. Each certified program that wishes to take advantage of this waiver will be permitted to elect a monthly or quarterly reimbursement schedule, must notify the TRS Fund Administrator of its election at the start of each Fund Year, and must maintain that schedule for the duration of the Year.
