*Needs and Uses:* On April 6, 2011, in document FCC 11–56, the Commission

released a *Report and Order* adopting final rules to implement section 719 of the Communications Act of 1934 (the Act), as amended, which was added to the Act by the "Twenty-First Century Communications and Video Accessibility Act of 2010" (CVAA). See Public Law 111–260, § 105. Section 719 of the Act authorizes up to \$10 million annually from the Interstate Telecommunications Relay Service Fund (TRS Fund) to support eligible programs that distribute equipment designed to make telecommunications service, Internet access service, and advanced communications accessible by low-income individuals who are deaf-blind. Specifically, the rules adopted in document FCC 11–56 established the National Deaf-Blind Equipment Distribution Program (NDBEDP) as a pilot program for two years with an option to extend the program for one additional year. The rules adopted in document FCC 11–56 have the following information collection requirements:

(a) State equipment distribution programs, other public programs, and private entities may submit applications for NDBEDP certification to the Commission. For each state, the Commission will certify a single program as the sole authorized entity to participate in the NDBEDP and receive reimbursement from the TRS Fund.

(b) Each program certified under the NDBEDP must submit certain program-related data electronically to the Commission, as instructed by the NDBEDP Administrator, every six months, commencing with the start of the pilot program.

(c) Each program certified under the NDBEDP must retain all records associated with the distribution of equipment and provision of related services under the NDBEDP for two years following the termination of the pilot program.

(d) Each program certified under the NDBEDP must obtain verification that NDBEDP applicants meet the definition of an individual who is deaf-blind.

(e) Each program certified under the NDBEDP must obtain verification that NDBEDP applicants meet the income eligibility requirements.

(f) Programs certified under the NDBEDP shall be reimbursed for the cost of equipment that has been distributed to eligible individuals and authorized related services, up to the state's funding allotment under this program. Within 30 days after the end of each six-month period of the Fund Year, each program certified under the NDBEDP pilot must submit documentation that supports its claim

for reimbursement of the reasonable costs of equipment and related services.

On March 20, 2012 in document DA 12–430, the Commission released an *order* to conditionally waive the requirement in section (f), above, for NDBEDP certified programs to submit reimbursement claims at the end of each six-month period of the TRS Fund Year to permit certified programs to submit reimbursement claims as frequently as monthly. Each certified program that wishes to take advantage of this waiver will be permitted to elect a monthly or quarterly reimbursement schedule, must notify the TRS Fund Administrator of its election at the start of each Fund Year, and must maintain that schedule for the duration of the Year.
