Abstract: The National Agricultural Library’s Water Quality Information Center (WQIC) currently maintains an on-line announcement-only discussion list. The current voluntary “Electronic Mailing List Subscription Form” gives individuals interested in the subject area of water quality and agriculture an opportunity to receive and post messages to this list. The form includes the following items: This form contains five items and is used to collect information about participants who are interested in joining an electronic discussion group. The form collects data to see if a person is eligible to join the discussion group. Because these electronic discussion groups are only available to people who work in the areas of water quality and water resources, it is necessary to gather this information. The questionnaire asks for the person’s name, email address, job title, work affiliation, and topics of interest. The online submission form will continue to serve as an efficient vehicle that allows WQIC staff to communicate with researchers and practitioners working with water quality and water resources.
