Background: In his request letter (dated March 22, 2012), the USTR asked that the Commission provide advice on the probable effect on U.S. trade under the United States-Korea Free Trade Agreement (FTA) and total U.S. trade of adding references to HS 6104.32 to correct the relevant product-specific rules of origin. He stated that the United States and Korea have confirmed that a reference to HS 6104.32 was inadvertently omitted through a clerical error from the relevant product-specific rules of origin in Annex 4–A (specific rules of origin for textile or apparel goods) of both the English and Korean language versions of the final text of the FTA. He said that HS 6104.32 was the subject of negotiations and is included in the corresponding product-specific rules of origin in other U.S. FTAs. He further stated that, in order to correct this clerical error, on March 5, 2012, the United States and Korea amended the relevant product-specific rules of origin in Annex 4–A to include references to HS 6104.32 and that this amendment will go into effect after the United States and Korea exchange written notification that they have completed their respective applicable legal requirements and procedures. The USTR also noted that, pursuant to section 202 (o)(2)(B)(ii) of the United-States-Korea Free Trade Agreement Implementation Act (Implementation Act), before the 1-year period beginning on the date on which the FTA enters into force, the President is authorized, subject to the consultation and layover provisions of the Implementation Act, to proclaim modifications to the HTS to correct any typographical, clerical, or non-substantive technical error regarding the provisions of chapters 50–63 (as included in Annex 4–A of the FTA).

Written Submissions: No public hearing is planned. However, interested parties are invited to file written submissions and other information concerning the matters to be addressed in this investigation. All written submissions should be addressed to the Secretary. To be assured of consideration by the Commission, written submissions relating to the Commission’s advice should be submitted at the earliest possible date, and should be received not later than 5:15 p.m., April 18, 2012.
