

have been mitigated to the lowest level practicable.

Impact on Availability of Affected Species or Stock for Taking for Subsistence Uses

Section 101(a)(5)(D) also requires NMFS to determine that the authorization will not have an unmitigable adverse effect on the availability of marine mammal species or stocks for subsistence use. There are no relevant subsistence uses of marine mammals in the study area (offshore waters of the Line Islands in the central Pacific Ocean) that implicate MMPA section 101(a)(5)(D).

Endangered Species Act

Of the species of marine mammals that may occur in the proposed survey area, several are listed as endangered under the ESA, including the humpback, sei, fin, blue, and sperm whale and Hawaiian monk seal. L-DEO did not request take of endangered humpback, sei, blue, or fin whales or Hawaiian monk seals because of the low likelihood of encountering these species during the cruise. As mentioned previously, the survey would not occur in any areas designated as critical habitat for ESA-listed species and would not adversely impact marine mammal habitat.

Under section 7 of the ESA, NSF has initiated formal consultation with the NMFS', Office of Protected Resources, Endangered Species Act Interagency Cooperation Division on this proposed seismic survey. NMFS' Office of Protected Resources, Permits and Conservation Division has initiated formal consultation under section 7 of the ESA with NMFS' Office of Protected Resources, Endangered Species Act Interagency Cooperation Division to obtain a Biological Opinion evaluating the effects of issuing the IHA on threatened and endangered marine mammals and, if appropriate, authorizing incidental take. NMFS will conclude formal section 7 consultation prior to making a determination on whether or not to issue the IHA. If the IHA is issued, NSF and L-DEO, in addition to the mitigation and monitoring requirements included in the IHA, will be required to comply with the Terms and Conditions of the Incidental Take Statement corresponding to NMFS' Biological Opinion issued to both NSF and NMFS' Office of Protected Resources.

National Environmental Policy Act (NEPA)

With its complete application, NSF and L-DEO provided NMFS a

“Environmental Assessment and Finding of No Significant Impact (FONSI) Determination Pursuant to the National Environmental Policy Act, (NEPA: 42 U.S.C. 4321 *et seq.*) and Executive Order 12114 for a “Marine Geophysical Survey by the R/V *Marcus G. Langseth* in the Central Pacific Ocean May, 2012,” which incorporates an “Environmental Assessment of a Marine Geophysical Survey by the R/V *Marcus G. Langseth* in the central Pacific Ocean, May, 2012,” prepared by LGL on behalf of NSF and L-DEO. The EA analyzes the direct, indirect, and cumulative environmental impacts of the specified activities on marine mammals including those listed as threatened or endangered under the ESA. NMFS conducted an independent review and evaluation of the document for sufficiency and compliance with the Council of Environmental Quality and NOAA Administrative Order 216–6 § 5.09(d), Environmental Review Procedures for Implementing the National Environmental Policy Act, and determined that issuance of the IHA is not likely to result in significant impacts on the human environment. Consequently, NMFS plans to adopt NSF's EA and prepared a FONSI for the issuance of the IHA. An Environmental Impact Statement is not required and will not be prepared for the action.

Proposed Authorization

NMFS proposes to issue an IHA to L-DEO for conducting a marine geophysical survey in the central Pacific Ocean, provided the previously mentioned mitigation, monitoring, and reporting requirements are incorporated. The duration of the IHA would not exceed one year from the date of its issuance.

Information Solicited

NMFS requests interested persons to submit comments and information concerning this proposed project and NMFS' preliminary determination of issuing an IHA (see **ADDRESSES**). Concurrent with the publication of this notice in the **Federal Register**, NMFS is forwarding copies of this application to the Marine Mammal Commission and its Committee of Scientific Advisors.

SUPPLEMENTARY INFORMATION:

Additions

On 12/23/2011 (76 FR 80346), 1/6/2012 (77 FR 780) and 2/3/2012 (77 FR 5495–5496), the Committee for Purchase From People Who Are Blind or Severely Disabled published notices of proposed additions to the Procurement List.

After consideration of the material presented to it concerning capability of qualified nonprofit agencies to provide the services and impact of the additions on the current or most recent contractors, the Committee has determined that the services listed below are suitable for procurement by the Federal Government under 41 U.S.C. 8501–8506 and 41 CFR 51–2.4.

Regulatory Flexibility Act Certification

I certify that the following action will not have a significant impact on a substantial number of small entities. The major factors considered for this certification were:

1. The action will not result in any additional reporting, recordkeeping or other compliance requirements for small entities other than the small organizations that will provide the services to the Government.

2. The action will result in authorizing small entities to provide the services to the Government.

3. There are no known regulatory alternatives which would accomplish the objectives of the Javits-Wagner-O'Day Act (41 U.S.C. 8501–8506) in connection with the services proposed for addition to the Procurement List.

End of Certification

Accordingly, the following services are added to the Procurement List:

Services

Service Type/Location: Dining Facility Attendant, Buildings 1162 and 2382, Fort Polk, LA.

NPA: Lakeview Center, Inc., Pensacola, FL.
Contracting Activity: Dept of the Army, W6QM FT Polk Doc, Fort Polk, LA.

A comment was received from a consulting firm noting that if this project goes out for a full food service contract, then it would fall under the Randolph-Sheppard Act Program.

The Committee for Purchase From People Who Are Blind or Severely Disabled (Committee) operates pursuant to statutory and regulatory requirements. The Committee is aware of and complies with Section 856 of Public Law 108-375. In this instance, the requirement is for dining facility attendant—not a full food service contract. Accordingly, this project is within the authority of the Committee to consider for the AbilityOne Program Procurement List.

Service Type/Location: Dining Facility Attendant and Cook Support, 120th Fighter Wing, Montana Air National Guard, 2800 Airport Ave B, Bldg. 62, Big Sky Diner, Great Falls, MT.

CORPORATION FOR NATIONAL AND COMMUNITY SERVICE**Proposed Information Collection; Comment Request**

AGENCY: Corporation for National and Community Service.

ACTION: Notice.

SUMMARY: The Corporation for National and Community Service (the Corporation), as part of its continuing effort to reduce paperwork and respondent burden, conducts a pre-clearance consultation program to provide the general public and federal agencies with an opportunity to comment on proposed and/or continuing collections of information in accordance with the Paperwork Reduction Act of 1995 (PRA95) (44 U.S.C. 3506(c)(2)(A)). This program helps to ensure that requested data can be provided in the desired format, reporting burden (time and financial resources) is minimized, collection instruments are clearly understood, and the impact of collection requirement on respondents can be properly assessed.

Currently, the Corporation is soliciting comments concerning its proposed new collection request for a Field Assessment for Understanding the Involvement of Veterans and Military Families in National Service. The Field Assessment will include interviews with Corporation-funded programs and projects that involve veterans and military family members as national service participants or service beneficiaries. Through the interviews, the Corporation will collect detailed information on the models and strategies that national service programs and projects have developed and implemented to engage and serve veterans and military families. The aim of the study is to begin to build evidence of impact and isolate the unique value that national service brings to meeting the needs of these populations. Selection will be limited to those programs and projects that have shown significant and/or strategic
