

I. Abstract

The mission of the Economic Development Administration (EDA) is to lead the Federal economic agenda by promoting innovation and competitiveness, preparing American regions for growth and success in the worldwide economy. In order to effectively administer and monitor its economic development assistance programs, EDA collects certain information from applications for, and recipients of, EDA investment assistance.

The *Summary of EDA Construction Standards* (commonly referred to as the “bluebook”) and the *Standard Terms and Conditions for Construction Projects*, as well as any special conditions incorporated into the terms and conditions at the time of award, supplement the requirements that apply to EDA-funded construction projects. The information collected is used to monitor recipients’ compliance with EDA’s statutory and regulatory requirements and specific terms and conditions relating to individual awards. EDA also uses the information requested to analyze and evaluate program performance.

II. Method of Collection

Paper and electronic submissions.

III. Data

OMB Control Number: 0610–0096.
Form Number(s): None.

Type of Review: Regular submission (extension of a currently approved information collection).

Estimated Number of Annual Responses: 4,200.

Estimated Time per Response: 2 hours.

Estimated Total Annual Burden Hours: 8,400.

Estimated Total Annual Cost: \$0.

IV. Request for Comments

Comments are invited on: (a) Whether the proposed collection of information is necessary for the proper performance

of the functions of the agency, including whether the information shall have practical utility; (b) the accuracy of the agency’s estimate of the burden (including hours and cost) of the proposed collection of information; (c) ways to enhance the quality, utility, and clarity of the information to be collected; and (d) ways to minimize the burden of the collection of information on respondents, including through the use of automated collection techniques or other forms of information technology.

Comments submitted in response to this notice will be summarized and/or included in the request for OMB approval of this information collection; they also will become a matter of public record.

SUPPLEMENTARY INFORMATION:

I. Abstract

The mission of the Economic Development Administration (EDA) is to lead the Federal economic agenda by promoting innovation and competitiveness, preparing American regions for growth and success in the worldwide economy. In order to effectively administer and monitor its economic development assistance programs, EDA collects certain information from applications for, and recipients of, EDA investment assistance. A recipient must request in writing EDA’s approval to undertake an incidental use of property acquired or improved with EDA’s investment assistance (see 13 CFR 314.3 of EDA’s regulations). This collection of information allows EDA to determine whether an incidental use of property acquired or improved with EDA investment assistance is appropriate. If a recipient wishes EDA to release its real property or tangible personal property interests before the expiration of the property’s estimated useful life, the recipient must submit a written request to EDA and disclose to EDA the intended future use of the real property or the tangible personal property for which the release is requested (see 13 CFR 314.10 of EDA’s regulations). This collection of information allows EDA to determine whether to release its real property or tangible personal property interests.

Certain Frozen Fish Fillets From the Socialist Republic of Vietnam: Initiation of Antidumping Duty New Shipper Reviews

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

DATES: Effective Date: April 3, 2012.

SUMMARY: The Department of Commerce (the "Department") has determined that requests for four new shipper reviews ("NSRs") of the antidumping duty order on certain frozen fish fillets ("fish") from the Socialist Republic of Vietnam ("Vietnam") meet the statutory and regulatory requirements for initiation. The period of review ("POR") for these NSRs is August 1, 2011, through January 31, 2012.

FOR FURTHER INFORMATION CONTACT: Seth Isenberg, AD/CVD Operations, Office 9, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and

Constitution Avenue NW., Washington, DC 20230; telephone: 202-482-0588.

SUPPLEMENTARY INFORMATION:

Background

The antidumping duty order on fish from Vietnam was published in the **Federal Register** on August 12, 2003.¹ On February 15, and 28, 2012, pursuant to section 751(a)(2)(B)(i) of the Tariff Act of 1930, as amended (the "Act"), and 19 CFR 351.214, the Department received NSR requests from Quang Minh Seafood Co., Ltd., Dai Thanh Seafoods Company Limited, Fatifish Company Limited, and Hoang Long Seafood Processing Co., Ltd. (collectively, "requesting companies"). The requesting companies certified that they are producers and exporters of the subject merchandise upon which the requests were based.

Pursuant to section 751(a)(2)(B)(i)(I) of the Act and 19 CFR 351.214(b)(2)(i), the requesting companies certified that they did not export subject merchandise to the United States during the period of investigation ("POI"). In addition, pursuant to section 751(a)(2)(B)(i)(II) of the Act and 19 CFR 351.214(b)(2)(iii)(A), the requesting companies certified that, since the initiation of the investigation, they have never been affiliated with any Vietnamese exporter or producer who exported subject merchandise to the United States during the POI, including those respondents not individually examined during the investigation. As required by 19 CFR 351.214(b)(2)(iii)(B), the requesting companies also certified that their export activities were not controlled by the central government of Vietnam.

In addition to the certifications described above, pursuant to 19 CFR 351.214(b)(2)(iv), the requesting companies submitted documentation establishing the following: (1) The date on which they first shipped subject merchandise for export to the United States; (2) the volume of their first shipment; and (3) the date of their first sale to an unaffiliated customer in the United States.²

Initiation of New Shipper Reviews

Pursuant to section 751(a)(2)(B) of the Act and 19 CFR 351.214(d)(1), we find that the requests submitted by the requesting companies meet the threshold requirements for initiation of

¹ See Notice of Antidumping Duty Order: Certain Frozen Fish Fillets From the Socialist Republic of Vietnam, 68 FR 47909 (August 12, 2003).

² See also "Memorandum to the File, from Scot Fullerton, Program Manager, 'Certain Frozen Fish Fillets From the Socialist Republic of Vietnam: Placing CBP data on the record,' dated concurrently with this notice.

NSRs for shipments of fish from Vietnam produced and exported by the requesting companies.³ The POR is August 1, 2011, through January 31, 2012.⁴ The Department intends to issue the preliminary results of these NSRs no later than 180 days from the date of initiation, and the final results no later than 270 days from the date of initiation.⁵

It is the Department's usual practice, in cases involving non-market economies ("NMEs"), to require that a company seeking to establish eligibility for an antidumping duty rate separate from the NME entity-wide rate provide evidence of *de jure* and *de facto* absence of government control over the company's export activities.

Accordingly, we will issue questionnaires to the requesting companies, which will include a section requesting information with regard to the requesting companies' export activities for separate rate purposes. Each NSR will proceed if the responses provide sufficient indication that the requesting companies are not subject to either *de jure* or *de facto* government control with respect to their export of subject merchandise.

We will instruct U.S. Customs and Border Protection to allow, at the option of the importer, the posting, until the completion of the review, of a bond or security in lieu of a cash deposit for each entry of the subject merchandise from the requesting companies in accordance with section 751(a)(2)(B)(iii) of the Act and 19 CFR 351.214(e).

Because the requesting companies certified that they both produced and exported the subject merchandise, the sale of which is the basis for each new shipper review request, we will apply the bonding privilege to the requesting companies only for subject merchandise which the requesting companies both produced and exported.

Interested parties requiring access to proprietary information in these NSRs should submit applications for disclosure under administrative protective order, in accordance with 19 CFR 351.305 and 19 CFR 351.306.

This initiation and notice are in accordance with section 751(a)(2)(B) of the Act, 19 CFR 351.214 and 19 CFR 351.221(c)(1)(i).
