The BLM and Western will use and coordinate the Draft EIS public review and comment period to assist the agencies in satisfying the public involvement requirements under Section 106 of the National Historic Preservation Act (NHPA) (16 U.S.C. 470ff), as provided for in 36 CFR 800.2(d)(3). Information about historic and cultural resources within the area potentially affected by the proposed project will assist the BLM and Western in identifying and evaluating impacts to such resources in the context of both NEPA and Section 106 of the NHPA. Consultation with American Indian tribes will be conducted in accordance with applicable policies; tribal concerns, including impacts on Indian trust assets, will be given due consideration.

Before including addresses, phone numbers, email addresses, or other personal identifying information in comments, commenters should be aware that entire comments—including personal identifying information—may be made publicly available at any time. Requests may be made that personal identifying information be withheld from public review; however, the BLM and Western cannot guarantee that they will be able to do so.
