SUPPLEMENTARY INFORMATION:

Background

On March 5, 2012, the FAA published a notice of proposed rulemaking (NPRM) entitled, “Rules of Practice for Federally-Assisted Airport Enforcement Proceedings (Retrospective Regulatory Review)” (77 FR 13027).

In that NPRM, the FAA proposed to update, simplify, and streamline rules of practice and procedure for filing and adjudicating complaints against federally-assisted airports. The proposed requirements would improve efficiency by enabling parties to file submissions with the FAA electronically, and by incorporating modern business practices into how the FAA handles complaints. If adopted, the amendment would reflect changes in applicable laws and regulations, and apply lessons learned since the existing rules were implemented in 1996.

Correction

In FR Doc. 2012-4993, beginning on page 13027 in the **Federal Register** of March 5, 2012, make the following correction:

On page 13027, in the second column and fourth line under the NPRM’s publication, correct “Notice No. 12-01” to read as “Notice No. 12-02”.

Issued in Washington, DC, on March 26, 2012.

Director, Office of Rulemaking.

Airworthiness Directives; Eurocopter France Helicopters

AGENCY: Federal Aviation Administration (FAA), DOT.

ACTION: Notice of proposed rulemaking (NPRM).

SUMMARY: We propose to adopt a new airworthiness directive (AD) for all Eurocopter France (EC) Model SA-365N, SA-365N1, SA-366G1, AS-365N2, AS 365 N3, EC 155B, and EC155B1 helicopters. This proposed AD was prompted by the discovery of a cracked main rotor mast nut. This condition, if not corrected, could lead to complete failure of the mast nut, resulting in failure of the rotor mast and loss of control of the helicopter. This proposed AD would require replacing the main rotor mast nut with an airworthy main rotor mast nut. We are proposing this AD to prevent failure of the main rotor mast and subsequent loss of control of the helicopter.

DATES: We must receive comments on this proposed AD by June 4, 2012.
