NATIONAL ARCHIVES AND RECORDS ADMINISTRATION

Records Schedules; Availability and Request for Comments

AGENCY: National Archives and Records Administration (NARA).

ACTION: Notice of availability of proposed records schedules; request for comments.

SUMMARY: The National Archives and Records Administration (NARA) publishes notice at least once monthly of certain Federal agency requests for records disposition authority (records schedules). Once approved by NARA, records schedules provide mandatory instructions on what happens to records when no longer needed for current Government business. They authorize the preservation of records of continuing value in the National Archives of the United States and the destruction, after a specified period, of records lacking administrative, legal, research, or other value. Notice is published for records schedules in which agencies propose to destroy records not previously authorized for disposal or reduce the retention period of records already authorized for disposal. NARA invites public comments on such records schedules, as required by 44 U.S.C. 3303a(a).

DATES: Requests for copies must be received in writing on or before May 7, 2012. Once the appraisal of the records is completed, NARA will send a copy of the schedule. NARA staff usually prepare appraisal memorandums that contain additional information concerning the records covered by a proposed schedule. These, too, may be requested and will be provided once the appraisal is completed. Requesters will be given 30 days to submit comments.

ADDRESSES: You may request a copy of any records schedule identified in this notice by contacting Records Management Services (ACNR) using one of the following means:

Mail: NARA (ACNR), 8601 Adelphi Road, College Park, MD 20740-6001.

Email: request.schedule@nara.gov.

Fax: 301-837-3698.

Requesters must cite the control number, which appears in parentheses after the name of the agency which submitted the schedule, and must provide a mailing address. Those who desire appraisal reports should so indicate in their request.

FOR FURTHER INFORMATION CONTACT:

Margaret Hawkins, Director, National Records Management Program (ACNR), National Archives and Records Administration, 8601 Adelphi Road, College Park, MD 20740-6001. Telephone: 301-837-1799. Email: request.schedule@nara.gov.

SUPPLEMENTARY INFORMATION: Each year Federal agencies create billions of records on paper, film, magnetic tape, and other media. To control this accumulation, agency records managers prepare schedules proposing retention periods for records and submit these schedules for NARA's approval, using the Standard Form (SF) 115, Request for Records Disposition Authority. These schedules provide for the timely transfer into the National Archives of historically valuable records and authorize the disposal of all other records after the agency no longer needs them to conduct its business. Some schedules are comprehensive and cover all the records of an agency or one of its major subdivisions. Most schedules, however, cover records of only one office or program or a few series of records. Many of these update previously approved schedules, and some include records proposed as permanent.

The schedules listed in this notice are media neutral unless specified otherwise. An item in a schedule is media neutral when the disposition instructions may be applied to records regardless of the medium in which the records are created and maintained.

Items included in schedules submitted to NARA on or after December 17, 2007, are media neutral unless the item is limited to a specific medium. (See 36 CFR 1225.12(e).)

No Federal records are authorized for destruction without the approval of the Archivist of the United States. This approval is granted only after a thorough consideration of their administrative use by the agency of origin, the rights of the Government and of private persons directly affected by the Government's activities, and whether or not they have historical or other value.

Besides identifying the Federal agencies and any subdivisions requesting disposition authority, this public notice lists the organizational unit(s) accumulating the records or indicates agency-wide applicability in the case of schedules that cover records that may be accumulated throughout an agency. This notice provides the control number assigned to each schedule, the total number of schedule items, and the number of temporary items (the records proposed for destruction). It also includes a brief description of the temporary records. The records schedule itself contains a full description of the records at the file unit level as well as their disposition. If NARA staff has prepared an appraisal memorandum for the schedule, it too includes information about the records. Further information about the disposition process is available on request.

I. Introduction

On March 28, 2012, the Postal Service filed a notice with the Commission announcing its intent to implement Picture Permit Imprint Indicia as price categories for First-Class Mail and Standard Mail letters and cards pursuant to 39 U.S.C. 3622 and 39 CFR 3010.¹ The classification and price adjustment will permit certain images, such as corporate or product logos, to be placed in the permit indicia area of First-Class and Standard Mail letters and cards (Adjustment). *Id.* at 2. The adjustment is proposed to take effect at 12:01 a.m. on June 24, 2012. *Id.* at 1.

II. Postal Service Filing

Picture Permit Imprint Indicia category. The Postal Service plans to implement Picture Permit Imprint Indicia as a price category for First-Class Mail and Standard Mail letters and cards. *Id.* at 2. The Postal Service states that, in response to customer requests to use corporate or product logos in this area of the envelope, it has developed guidelines, requirements, and other specifications for the use of images on

the permit indicia area of the mailpiece. *Id.* It asserts that the Picture Permit Imprint Indicia is an innovative use for the permit indicia space that affords prospective customers the opportunity and ability to brand and advertise their products and services on the mailpiece. *Id.* It states that such mailpieces have been tested in the mailstream, and it believes that limited use of the permit indicia space of the mailpiece should be permitted at an appropriate price. *Id.* at 3.

The Postal Service states that the Adjustment is designed to help keep mailers using the mail, increase the interest of mail recipients in the mail they receive, and generate higher revenue through a per-piece charge over and above postage. *Id.* Market research by the Postal Service indicates that most mailers would use Picture Permit imprints for existing volume, although some said that they would increase their mailing volume. *Id.* Nine percent of First-Class Mail commercial customers and 12 percent of Standard Mail customers responded that they would be willing to pay a small premium to use Picture Permit imprints. *Id.* The Postal Service will charge an additional one cent per piece for First-Class Mail and two cents per piece for Standard Mail for the use of Picture Permit imprints. *Id.* It will require all mailings to be Full-Service Intelligent Mail barcodes, with each Picture Permit imprint to be approved by the Postal Service. *Id.* Mail customers will be responsible to defend against all legal charges for use of the image. *Id.*

Impact on the price cap. The Postal Service states that the planned prices have no impact on price cap issues because they do not change the prices for any existing First-Class Mail or Standard Mail price categories. *Id.* Therefore, it made no cap or price change calculations as described in rules 3010.14(b)(1) through (4). *Id.*

Objectives and factors, workshare discounts, and preferred rates. The Postal Service lists the relevant objectives and factors of 39 U.S.C. 3622, and claims the Adjustment does not substantially alter the degree to which First-Class Mail and Standard Mail prices already address the objectives and factors. *Id.* at 4-8. In particular, the Postal Service contends that the Adjustment is an example of the increased pricing flexibility under the Postal Accountability and Enhancement Act (objective 4), and will encourage new mail volumes, which will have the effect of enhancing the financial position of the Postal Service (objective 5). *Id.* at 7, 8. Similarly, the Postal Service claims that the Adjustment
