Department conducted an expedited sunset review of the Order, pursuant to 19 CFR 351.218(e)(1).

Scope of the Order

The product covered under the antidumping duty order is coke larger than 100 mm (4 inches) in maximum diameter and at least 50 percent of which is retained on a 100 mm (4 inch) sieve, of a kind used in foundries. The foundry coke products subject to the antidumping duty order were classified under subheading 2704.00.00.10 (as of Jan 1, 2000) and are currently classifiable under subheading 2704.00.00.11 (as of July 1, 2000) of the Harmonized Tariff Schedule of the United States (“HTSUS”). Although the HTSUS subheadings are provided for convenience and Customs purposes, our written description of the scope of the Order is dispositive.

Analysis of Comments Received

All issues raised in this review are addressed in the “Issues and Decision Memorandum for the Final Results of the Expedited Second Sunset Review of the Antidumping Duty Order on Foundry Coke from the People’s Republic of China” (“Decision Memorandum”) from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, to Paul Piquado, Assistant Secretary for Import Administration, dated concurrently with and hereby adopted by this notice. The issues discussed in the Decision Memorandum include (1) the likelihood of continuation or recurrence of dumping and the magnitude of the margins likely to prevail if the Order was to be revoked; and (2) the magnitude of the margins likely to prevail. Parties may find a complete discussion of all issues raised in the review and the corresponding recommendations in this public memorandum which is on file electronically via Import Administration’s Antidumping and Countervailing Duty Centralized Electronic Services System (“IA ACCESS”). Access to IA ACCESS is available in the Central Records Unit room 7046 of the main Commerce building. In addition, a complete version of the Decision Memorandum can be accessed directly on the Web at http://ia.ita.doc.gov/iafrn. The signed Decision Memorandum and the electronic versions of the Decision Memorandum are identical in content.

Final Results of Review

We determine that revocation of the Order would be likely to lead to continuation or recurrence of dumping at the following weighted-average percentage margins:

<table>
<thead>
<tr>
<th>Manufacturers/exporters/producers</th>
<th>Weighted-average margin (percent)</th>
</tr>
</thead>
<tbody>
<tr>
<td>Shaxi Dajin International (Group) Co. Ltd</td>
<td>101.62</td>
</tr>
<tr>
<td>Sinochem International Co. Ltd</td>
<td>105.91</td>
</tr>
<tr>
<td>Minmetals Townlord Technology Co. Ltd</td>
<td>75.58</td>
</tr>
<tr>
<td>CITIC Trading Company, Ltd</td>
<td>48.55</td>
</tr>
<tr>
<td>PRC–Wide Rate</td>
<td>214.89</td>
</tr>
</tbody>
</table>

Notice Regarding Administrative Protective Order (“APO”)

This notice also serves as the only reminder to parties subject to APO of their responsibility concerning the return or destruction of proprietary information disclosed under APO in accordance with 19 CFR 351.305. Timely notification of the return of destruction of APO materials or conversion to judicial protective order is hereby required. Failure to comply with the regulations and terms of an APO is a violation which is subject to sanction.

This sunset review and notice are in accordance with sections 751(c), 752, and 771(i)(1) of the Act.

Paul Piquado,
Assistant Secretary for Import Administration.

BILING CODE 3510-05-P

DEPARTMENT OF COMMERCE

National Institute of Standards and Technology

Work Group on Measuring Systems for Taxis

AGENCY: National Institute of Standards and Technology, Commerce.

ACTION: Notice.

SUMMARY: The National Institute of Standards and Technology (NIST) is forming a Work Group (WG) to develop proposals to revise the current Taximeters Code in NIST Handbook 44 (HB 44), Specifications, Tolerances, and Other Technical Requirements for Weighing and Measuring Devices, to adequately address emerging technologies used to assess charges based on time and/or distance measurements in taxi applications and to ensure that the prescribed methodologies and standards facilitate measurements that are traceable to the International System of Units (SI).

DATES: A preliminary web-based meeting or teleconference will be held on Wednesday, May 23, 2012, from 1:30 p.m. to 3:30 p.m. Eastern time. This meeting is intended to be a precursor to any subsequent face-to-face meeting and will serve to provide further information and orientation regarding the objectives of the WG. To register for this preliminary meeting, please submit your full name, email address, and phone number to Mr. John Barton by April 30, 2012, using the contact information provided below.

ADDRESSES: The preliminary meeting will be held using either a teleconference or a web-based format where participants will join the meeting remotely by telephone and/or computer. Once registered, participants will receive login and/or call-in instructions via email.

FOR FURTHER INFORMATION CONTACT: Mr. John Barton, NIST, Office ofWeights and Measures, 100 Bureau Drive, Stop 2600, Gaithersburg, MD 20899–2600. You may also contact Mr. Barton by telephone (301) 975–4002 or by email at john.barton@nist.gov.

SUPPLEMENTARY INFORMATION: The formation of this WG is intended to bring together government officials and representatives of business, industry, trade associations, and consumer organizations on the subject of standards and test procedures used in the testing of commercial measuring devices and systems by regulatory officials and service companies. NIST participates to promote uniformity among the states in laws, regulations, methods, and testing equipment that comprises the regulatory control of commercial weighing and measuring devices and systems and other trade and commerce issues.

The WG will review existing requirements and test procedures currently referenced in HB 44 Section 5.54, Taximeters Code, and propose changes as needed. They will also identify gaps between the Code and technologies currently in use in taxi applications. Additionally, the WG will identify and develop proposed modifications to HB 44 regarding inspection procedures used by regulatory weights and measures officials. These changes will be presented as proposals through the National Conference on Weights and Measures (NCWM).

Included among the topics to be discussed by the WG for current and emerging device technologies used in commercial distance measuring systems are: Metrology laboratory standards and test procedures, uncertainties,
measurement traceability, tolerances and other technical requirements for commercial measuring systems, existing standards for testing equipment, field implementation, data analysis, field test and type evaluation procedures, field enforcement issues, training at all levels, and other relevant issues identified by the WG. WG recommendations may result in the revision of current standards or the development of new standards for testing equipment, including documents such as the NIST Handbook 105 Series for field standards; NIST HB 44, Specifications, Tolerances, and Technical Requirements for Weighing and Measuring Devices; NIST Examination Procedure Outlines; and NIST Handbook 137, Examination of Distance Measuring Devices, as well as proposed changes to requirements and testing procedures for commercial devices and systems used to assess charges to consumers based on time and/or distance measurements. 

Willie E. May,
Associate Director for Laboratory Programs.

National Institute of Standards and Technology

Manufacturing Extension Partnership Advisory Board

AGENCY: National Institute of Standards and Technology, Commerce.

ACTION: Notice of Open Meeting.

SUMMARY: NIST announces that the Manufacturing Extension Partnership (MEP) Advisory Board, National Institute of Standards and Technology (NIST) will hold an open meeting on Sunday, May 6, 2012, from 9 a.m. to 5 p.m.

DATES: The meeting will convene on Sunday, May 6, 2012, at 9 a.m. and will adjourn at 5 p.m. the same day.

ADDRESSES: The meeting will be held at the Orlando World Center Marriott Resort and Convention Center, 8701 World Center Drive, Orlando, Florida 32821.

Please see admission instructions in the SUPPLEMENTARY INFORMATION section below.

FOR FURTHER INFORMATION CONTACT: Karen Lellock, Manufacturing Extension Partnership, National Institute of Standards and Technology, 100 Bureau Drive, Mail Stop 4800, Gaithersburg, Maryland 20899–4800, telephone number (301) 975–4269.

SUPPLEMENTARY INFORMATION: This meeting is being held in conjunction with MEP’s Manufacturing Innovations 2012 Conference in Orlando, Florida. The MEP Advisory Board (Board) is composed of 10 members, appointed by the Director of NIST. MEP is a unique program consisting of centers across the United States and Puerto Rico with partnerships at the state, federal, and local levels. The Board works closely with MEP to provide input and advice on MEP’s programs, plans, and policies. This meeting will focus on (1) discussions with local MEP Board members, (2) a national manufacturing strategy, and (3) updates on MEP’s workforce initiatives. The agenda may change to accommodate other Board business.

Admission Instructions: Anyone wishing to attend this meeting should submit their name, email address and phone number to Karen Lellock (karen.lellock@nist.gov) or 301–975–4269 no later than April 30, 2012.

Individuals and representatives of organizations who would like to offer comments and suggestions related to the MEP Advisory Board’s business are invited to request a place on the agenda. Approximately 15 minutes will be reserved for public comments at the beginning of the meeting. Speaking times will be assigned on a first-come, first-served basis. The amount of time per speaker will be determined by the number of requests received but is likely to be no more than three to five minutes each. Questions from the public will not be considered during this period. Speakers who wish to expand upon their oral statements, those who had wished to speak but could not be accommodated on the agenda, and those who were unable to attend in person are invited to submit written statements to the MEP Advisory Board, National Institute of Standards and Technology, National Institute of Standards and Technology, 100 Bureau Drive, Mail Stop 4800, Gaithersburg, Maryland 20899–4800, or via fax at (301) 963–6556, or electronically by email to karen.lellock@nist.gov.

Phillip Singerman,
Associate Director for Innovation & Industry Services.

National Oceanic and Atmospheric Administration

Magnuson-Stevens Act Provisions; General Provisions for Domestic Fisheries; Application for Exempted Fishing Permit

AGENCY: National Marine Fisheries Service (NMFS), National Oceanic and Atmospheric Administration (NOAA), Commerce.

ACTION: Notice; request for comments.

SUMMARY: The Assistant Regional Administrator for Sustainable Fisheries, Northeast Region, NMFS (Assistant Regional Administrator), has made a preliminary determination that an Exempted Fishing Permit (EFP) application submitted by the Northeast Fisheries Science Center (NEFSC) contains all of the required information and warrants further consideration. The EFP would exempt participating vessels from the following types of fishery regulations: Minimum fish size restrictions; fish possession limits; prohibited fish species, not including species protected under the Endangered Species Act; and gear-specific fish possession restrictions for the purpose of collecting fishery dependent catch data and biological samples.

Regulations under the Magnuson-Stevens Fishery Conservation and Management Act require publication of this notification to provide interested parties the opportunity to comment on EFP applications.

DATES: Comments must be received on or before April 23, 2012.

ADDRESSES: You may submit written comments by any of the following methods:

- Email: nero.efp@noaa.gov. Include in the subject line “Comments on NEFSC Study Fleet EFP.”
- Mail: Daniel S. Morris, Acting Regional Administrator, NMFS, NE Regional Office, 55 Great Republic Drive, Gloucester, MA 01930. Mark the outside of the envelope “Comments on NEFSC Study Fleet EFP.”
- Fax: (978) 281–9135.

FOR FURTHER INFORMATION CONTACT: Brett Alger, Fisheries Management Specialist, 978–675–2153, Brett.Alger@noaa.gov.

SUPPLEMENTARY INFORMATION: NEFSC submitted a complete application for an EFP on February 28, 2012, to enable data collection activities to provide information on the regulations on commercial fishing would otherwise restrict. The EFP
