The subject plate products are flat-rolled products, 254 mm or over in width and 4.75 mm or more in thickness, in coils, and annealed or otherwise heat treated and pickled or otherwise descaled. The subject plate may also be further processed (*e.g.*, cold-rolled, polished, *etc.*) provided that it maintains the specified dimensions of plate following such processing. Excluded from the scope of this order are the following: (1) Plate not in coils; (2) Plate that is not annealed or otherwise heat treated and pickled or otherwise descaled; (3) Sheet and strip; and (4) Flat bars.

#### Final Results of Changed Circumstances Review

Based on the information provided by Aperam, the Department's analysis in the *Preliminary Results* (which we incorporate herein by reference), and in light of the fact that no interested parties submitted any comments on the Department's preliminary finding with respect to Aperam, the Department hereby determines that Aperam is the successor-in-interest to AMSB and is entitled to AMSB's treatment under the order. The Department will rely on the date of the publication of these final results of the instant changed circumstances review in the **Federal**

Register as the effective date of this determination.

### Instructions to U.S. Customs and Border Protection

We will instruct U.S. Customs and Border Protection to apply the cash-deposit rate in effect for AMSB to all entries of the subject merchandise from Aperam that were entered, or withdrawn from warehouse, for consumption on or after the date of publication of these final results of the changed circumstances review.

### Notifications

This notice also serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Department's presumption that reimbursement of antidumping duties occurred and the subsequent assessment of doubled antidumping duties.

This notice also serves as a reminder to parties subject to administrative protective order (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(3). Timely notification of the destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and the terms of an APO is a sanctionable violation.

We are issuing and publishing these results and notice in accordance with sections 751(b)(1) and 777(i)(1) and (2) of the Tariff Act of 1930, as amended, and 19 CFR 351.216(e).

Dated: April 4, 2012.
