Stainless Steel Plate in Coils From Belgium: Notice of Final Results of Antidumping Duty Changed Circumstances Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: The Department of Commerce (the “Department”) has determined that Aperam Stainless Belgium N.V. (“Aperam”) is the successor-in-interest to ArcelorMittal Stainless Belgium N.V. (“AMSB”). As a result, Aperam will be accorded the same treatment previously accorded AMSB with regard to the antidumping duty order on stainless steel plate in coils from Belgium (“SSPC from Belgium”), effective as of the date of publication of this notice in the Federal Register.

DATES: Effective April 12, 2012.

FOR FURTHER INFORMATION CONTACT: George McMahon or Stephanie Moore, AD/CVD Operations, Office 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–1167 and (202) 482–3692, respectively.

Background

On May 21, 1999, the Department published in the Federal Register an antidumping duty order on stainless steel plate in coils from Belgium.1 On June 14, 2011, Aperam filed a request for a changed circumstances review of the antidumping duty order on SSPC from Belgium. Aperam claimed that it is the successor-in-interest to AMSB and should be treated as such for purposes of the antidumping duty order.

On July 29, 2011, the Department published its initiation of the instant changed circumstances review of the antidumping duty order on SSPC from Belgium.2

On October 26, 2011, the Department published its preliminary results of changed circumstances review of the AD Order on SSPC from Belgium.3

The Department preliminarily determined that Aperam is the successor-in-interest to AMSB and should be treated as such for purposes of the antidumping duty order. In the Preliminary Results, we stated that interested parties could submit case briefs to the Department no later than 30 days after the publication of the Preliminary Results in the Federal Register, and submit rebuttal briefs seven days subsequent to the due date of the case briefs. Aperam submitted a case brief on November 23, 2011, and no interested parties submitted a rebuttal brief.

Analysis of Comments Received

The issue raised in Aperam’s case brief is addressed in the “Issues and Decision Memorandum for the Final Results of the Changed Circumstances Review of the Antidumping Duty Order on Stainless Steel Plate in Coils from Belgium,” from Christian Marsh, Deputy Assistant Secretary for Antidumping and Countervailing Duty Operations, to Paul Piquado, Assistant Secretary for Import Administration, (“Issues and Decision Memorandum”),4 dated concurrently with this notice and which is hereby adopted by this notice. A list of the issues which parties have raised, and to which we have responded in the Issues and Decision Memorandum, is attached to this notice as an Appendix.

Scope of the Antidumping Duty Order

The product covered by this order is certain stainless steel plate in coils. Stainless steel is an alloy steel containing, by weight, 1.2 percent or less of carbon and 10.5 percent or more of chromium, with or without other elements.

The subject plate products are flat-rolled products, 254 mm or over in width and 4.75 mm or more in thickness, in coils, and annealed or otherwise heat treated and pickled or otherwise descaled. The subject plate may also be further processed (e.g., cold-rolled, polished, etc.) provided that it maintains the specified dimensions of plate following such processing.

Excluded from the scope of this order are the following: (1) Plate not in coils; (2) Plate that is not annealed or otherwise heat treated and pickled or otherwise descaled; (3) Sheet and strip; and (4) Flat bars.

The merchandise subject to this order is currently classifiable in the Harmonized Tariff Schedule of the United States (“HTSUS”) at subheadings: 7219.11.00.30, 7219.11.00.60, 7219.12.00.06, 7219.12.00.21, 7219.12.00.26, 7219.12.00.51, 7219.12.00.56, 7219.12.00.66, 7219.12.00.71, 7219.12.00.81, 7219.31.00.10, 7219.90.00.10, 7219.90.00.20, 7219.90.00.25, 7219.90.00.60, 7219.90.00.80, 7220.11.00.00, 7220.20.10.10, 7220.20.10.15, 7220.20.10.60, 7220.20.10.80, 7220.20.60.05, 7220.20.60.10, 7220.20.60.15, 7220.20.60.60, 7220.20.60.80, 7220.90.00.10, 7220.90.00.15, 7220.90.00.60, and 7220.90.00.80.

Although the HTSUS subheadings are provided for convenience and customs purposes, the written description of the merchandise subject to these orders is dispositive.

Final Results of Changed Circumstances Review

Based on the information provided by Aperam, the Department’s analysis in the Preliminary Results (which we incorporate herein by reference), and in light of the fact that no interested parties submitted any comments on the Department’s preliminary finding with respect to Aperam, the Department hereby determines that Aperam is the successor-in-interest to AMSB and is entitled to AMSB’s treatment under the order. The Department will rely on the date of the publication of these final results of the instant changed circumstances review in the Federal Register.

Notice of Correction to the Amended Antidumping Duty Orders; Certain Stainless Steel Plate in Coils From Belgium, Canada, Italy, the Republic of Korea, South Africa, and Taiwan, 68 FR 20114 (April 24, 2003), and

Chlorinated Isocyanurates From the People’s Republic of China: Final Results of Antidumping Duty New Shipper Review

AGENCY: Import Administration, International Trade Administration, Department of Commerce.

SUMMARY: On November 15, 2011, the Department of Commerce (the Department) published in the Federal Register the preliminary rescission of the antidumping duty new shipper review (NSR) of chlorinated isocyanurates from the People’s Republic of China (PRC) for Heze Huayi Chemical Co. Ltd. (Heze Huayi). We gave interested parties an opportunity to comment on the preliminary rescission. Based on our analysis of the comments received, we now are assigning Heze Huayi its own rate for these final results. See “Final Results of Review” section below.

DATES: Effective April 12, 2012.

FOR FURTHER INFORMATION CONTACT: Jun Jack Zhao, AD/CVD Operations, Office 6, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482–1396.

SUPPLEMENTARY INFORMATION: We preliminarily rescinded the NSR for Heze Huayi on November 15, 2011. See Preliminary Results. In the preliminary rescission notice, the Department stated that interested parties were to submit case briefs within 30 days of publication of the Preliminary Results and rebuttal briefs within five days after the due date for filing case briefs. We received a case brief from Heze Huayi on December 16, 2011; we received a rebuttal brief from the Clearon Corp. and Occidental Chemical Corporation (collectively, Petitioners) on December 22, 2011. On December 15, 2011, we received a hearing request from Heze Huayi, pursuant to 19 CFR 351.310(c). Also on December 15, 2011, Petitioners filed a request to participate in a hearing should one be requested by another party. On January 18, 2012, we conducted a closed session hearing concerning Heze Huayi’s unreported sales that led to the Department’s preliminary rescission of the NSR. On February 1, 2012, the Department extended the time limit for the final results of the NSR. On February 22, 2012, Heze Huayi submitted a “Notice of New Authority” following the U.S. Court of International Trade (CIT) opinion 4 concerning the final results of the third NSR of the antidumping duty order of certain frozen fish fillets from the Socialist Republic of Vietnam. Petitioners filed a rebuttal response to the “Notice of New Authority” submission on February 29, 2012.

Period of Review
Pursuant to 19 CFR 351.214(g), the period of review (POR) for this NSR is June 1, 2010, through December 31, 2010.

Scope of the Order
The products covered by the order are chlorinated isocyanurates, which are derivatives of cyanuric acid, described as chlorinated s-triazine triones. There are three primary chemical compositions of chlorinated isocyanurates: (1) Trichloroisocyanuric acid (Cl3(NCO)O), (2) sodium dichloroisocyanurate (dihydrate) (NaCl2(NCO)O)(H2O), and (3) sodium dichloroisocyanurate (anhydrous) (NaCl2(NCO)O). Chlorinated isocyanurates are available in powder, granular, and tableted forms. The order covers all chlorinated isocyanurates.

Chlorinated isocyanurates are currently classifiable under subheadings 2933.69.6015, 2933.69.6021, 2933.69.6050, 3808.40.50, 3808.50.40 and 3808.94.50 of the Harmonized Tariff Schedule of the United States (HTSUS). The tariff classification 2933.69.6015 covers sodium dichloroisocyanurates (anhydrous and dihydrate forms) and trichloroisocyanuric acid. The tariff classifications 2933.69.6021 and 2933.69.6050 represent basket categories that include chlorinated isocyanurates and other compounds including an unfused triazine ring. Although the HTSUS subheadings are provided for convenience and customs purposes, the...
