Assessment (EA) are available on the
NPS Planning, Environment, and Public
Comment (PEPC) Web site at http://
parkplanning.nps.gov/WRST. They can
also be obtained at park headquarters
(Wrangell-St. Elias National Park and
Preserve, Mile 106.8 Richardson
Highway, Copper Center, Alaska) or
may be requested from Bruce Rogers,
Project Manager, Wrangell-St. Elias
National Park and Preserve, P.O. Box
439, Copper Center, Alaska 99573. A
detailed description, including maps, of
the wilderness eligibility
reclassifications can be found in the
appendices of these documents.

SUPPLEMENTARY INFORMATION: The
wilderness eligibility reclassification
addresses inconsistencies between the
eligibility criteria and mapping
presented in the 1986 GMP:

• Some areas mapped as ineligible
meet the criteria for eligibility. For the
Nabesna District, the large ineligible
area between the Tanada Lake and
Copper Lake trails has not been
impacted by trail use nor was it in 1986.
This area has been reclassified as
eligible.

• Some areas mapped as eligible do
not meet the criteria for eligibility. In
the Nabesna District, trails that were
“improved or regularly used” or had
impacts associated with them in 1986
should be reclassified as ineligible.
Along the McCarthy Road corridor, the
Gilahina Butte site was incorrectly
determined to be eligible in 1986
despite the fact that it was already
“improved or regularly used.”

• “Federal lands under application”
were listed as ineligible for wilderness
in the 1986 GMP. Some lands in this
category have been retained in federal
ownership and now meet the criteria for
eligibility.

For the Nabesna District, the
reclassification proposal was described
in the Nabesna Off-Road Vehicle
Management Plan/Draft Environmental
Impact Statement (DEIS) as part of the
preferred alternative and again in the
FEIS. For the McCarthy Road corridor,
the reclassification proposal was
included in the McCarthy
Communications Sites Environmental
Assessment (EA). Public comment was
taken into consideration in the approval
of these wilderness eligibility
reclassifications.
