Persons interested in being placed on a mailing list for future NPRM's should contact the FAA's Office of Rulemaking, (202) 267-9677, for a copy of Advisory Circular No. 11-2A, Notice of Proposed Rulemaking Distribution System, which describes the application procedure.

The Proposal

The FAA is proposing an amendment to Title 14 Code of Federal Regulations (14 CFR) Part 71 by amending Class E airspace extending upward from 700 feet above the surface at Watts-Woodland Airport, Woodland, CA. Airspace reconfiguration is necessary due to the proposed decommissioning of the Travis VOR and would enhance the safety and management of aircraft operations at the airport.

Class E airspace designations are published in paragraph 6005, of FAA Order 7400.9V, dated August 9, 2011, and effective September 15, 2011, which is incorporated by reference in 14 CFR Part 71.1. The Class E airspace designation listed in this document will be published subsequently in this Order.

The FAA has determined this proposed regulation only involves an established body of technical regulations for which frequent and routine amendments are necessary to keep them operationally current. Therefore, this proposed regulation; (1) is not a "significant regulatory action" under Executive Order 12866; (2) is not a "significant rule" under DOT Regulatory Policies and Procedures (44 FR 11034; February 26, 1979); and (3) does not warrant preparation of a regulatory evaluation as the anticipated impact is so minimal. Since this is a routine matter that will only affect air traffic procedures and air navigation, it is certified this proposed rule, when

promulgated, would not have a significant economic impact on a substantial number of small entities under the criteria of the Regulatory Flexibility Act.

The FAA's authority to issue rules regarding aviation safety is found in Title 49 of the U.S. Code. Subtitle 1, Section 106, describes the authority for the FAA Administrator. Subtitle VII, Aviation Programs, describes in more detail the scope of the agency's authority. This rulemaking is promulgated under the authority described in Subtitle VII, Part A, Subpart I, Section 40103. Under that section, the FAA is charged with prescribing regulations to assign the use of the airspace necessary to ensure the safety of aircraft and the efficient use of airspace. This regulation is within the scope of that authority as it would modify controlled airspace at Watts-Woodland Airport, Woodland, CA.

This proposal will be subject to an environmental analysis in accordance with FAA Order 1050.1E, "Environmental Impacts: Policies and Procedures" prior to any FAA final regulatory action.

§ 71.1 [Amended]

2. The incorporation by reference in 14 CFR 71.1 of the Federal Aviation Administration Order 7400.9V, Airspace Designations and Reporting Points, dated August 9, 2011, and effective September 15, 2011 is amended as follows:

28 CFR Part 16

[CPCLO Order No. 006-2012]

Privacy Act of 1974: Implementation

AGENCY: Drug Enforcement Administration, United States Department of Justice.

ACTION: Proposed rule.

SUMMARY: The Department of Justice (DOJ), Drug Enforcement Administration (DEA) proposes to amend its Privacy Act regulations for the modified system of records entitled the Investigative Reporting and Filing System (IRFS) (JUSTICE/DEA-008), published April 11, 2012 in the **Federal Register**. This system will be exempt from subsections (c)(3) and (4); (d)(1), (2), (3), and (4); (e)(1), (2), (3), (4)(G), (H), (I), (5), and (8); (f); (g); and (h) of the Privacy Act of 1974 for the reasons set forth in the following text. The exemptions are necessary to avoid interference with the law enforcement and counterterrorism functions and responsibilities of the DEA.

DATES: Comments must be received by May 18, 2012.

ADDRESSES: Address all comments to the Department of Justice, Attn: Privacy Analyst, Office of Privacy and Civil Liberties, Department of Justice, National Place Building, 1331 Pennsylvania Avenue NW., Suite 1000, Washington, DC 20530 or by facsimile (202) 307-0693. You may review an electronic version of the proposed rule at <http://www.regulations.gov> and may also comment at <http://www.regulations.gov>.

Please include the CPCLD Order number in the subject box.

Please note that the Department is requesting that electronic comments be submitted before midnight Eastern Standard Time on the day the comment period closes because <http://www.regulations.gov> terminates the public's ability to submit comments at that time. Commenters in time zones other than Eastern Standard Time may want to consider this so that their electronic comments are received. All comments sent via regular or express mail will be considered timely if postmarked on the day the comment period closes.

Posting of Public Comments: Please note that all comments received are considered part of the public record and made available for public inspection online at <http://www.regulations.gov> and in the Department's public docket. Such information includes personally identifying information (such as your name, address, etc.) voluntarily submitted by you as the commenter.

If you want to submit personally identifying information (such as your name, address, etc.) as part of your comment, but do not want it to be posted online or made available in the public docket, you must include the phrase "PERSONALLY IDENTIFYING INFORMATION" in the first paragraph of your comment. You must also place all the personally identifying information you do not want posted online or made available in the public docket in the first paragraph of your comment and identify what information you want redacted.

If you want to submit confidential business information as part of your comment, but do not want it to be posted online or made available in the public docket, you must include the phrase "CONFIDENTIAL BUSINESS INFORMATION" in the first paragraph of your comment. You must also prominently identify confidential business information to be redacted within the comment. If a comment has so much confidential business information that it cannot be effectively redacted, all or part of that comment may not be posted online or made available in the public docket.

Personally identifying information and confidential business information identified and located as set forth above will be redacted and the comment, in redacted form, will be posted online and placed in the Department's public docket file. Please note that the Freedom of Information Act applies to all comments received. If you wish to inspect the agency's public docket file in person by appointment, please see

the **FOR FURTHER INFORMATION CONTACT** paragraph.

FOR FURTHER INFORMATION CONTACT: DEA Headquarters, Attn: Bettie E. Goldman, CCA/Chief, 8701 Morrisette Drive, Springfield, VA 22152, 202-307-3624.

SUPPLEMENTARY INFORMATION: This proposed rule seeks to amend 28 CFR 16.98 to add paragraphs (i) and (j) as set forth below and to delete all references to "Investigative Reporting and Filing System (Justice/DEA-008)" from paragraphs (c) and (d) and to renumber the subparagraphs in paragraph (c) accordingly. These modified paragraphs exempt the "Investigative Reporting and Filing System (IRFS), JUSTICE/DEA-008" (77 FR 21808) from certain provisions of the Privacy Act, as amended.

In this rulemaking, the Department of Justice proposes to exempt certain records in this Privacy Act system of records from certain provisions of the Privacy Act because the system contains material compiled for law enforcement purposes.

Regulatory Flexibility Act

This proposed rule relates to individuals as opposed to small business entities. Pursuant to the requirements of the Regulatory Flexibility Act, 5 U.S.C. 601-612, the proposed rule will not have a significant economic impact on a substantial number of small entities.

Paperwork Reduction Act

The Paperwork Reduction Act of 1995, 44 U.S.C. 3507(d), requires that the Department of Justice consider the impact of paperwork and other information collection burdens imposed on the public. There is no current or new information collection requirements associated with this proposed rule.

Unfunded Mandates

Title II of the Unfunded Mandates Reform Act of 1995 (UMRA), Public Law 104-4, 109 Stat. 48, requires federal agencies to assess the effects of certain regulatory actions on State, local, and tribal governments, and the private sector. UMRA requires a written statement of economic and regulatory alternatives for proposed and final rules that contain Federal mandates. A "federal mandate" is a new or additional enforceable duty, imposed on any state, local, or tribal government, or the private sector. If any federal mandate causes those entities to spend, in aggregate, \$100 million or more in any one year the UMRA analysis is required. This proposed rule would not

impose federal mandates on any state, local, or tribal government or the private sector.

Pursuant to the authority vested in the Attorney General by 5 U.S.C. 552a and delegated to me by Attorney General Order 2940-2008, it is proposed to amend 28 CFR part 16 as follows:

PART 16—[AMENDED]

1. The authority citation for part 16 continues to read as follows:

Authority: 5 U.S.C. 301, 552, 552a, 552b(g), 553; 18 U.S.C. 4203(a)(1); 28 U.S.C. 509, 510, 534; 31 U.S.C. 3717, 9701.

Subpart E—Exemption of Records Systems Under the Privacy Act

2. In § 16.98, revise paragraphs (c) and (d) introductory text and add paragraphs (i) and (j) to read as follows:

§ 16.98 Exemption of Drug Enforcement Administration (DEA)—limited access.

* * * * *

(c) Systems of records identified in paragraphs (c)(1) through (c)(6) of this section are exempted pursuant to the provisions of 5 U.S.C. 552a(j)(2) from subsections (c)(3) and (4); (d)(1), (2), (3), and (4); (e)(1), (2), (3), (5), and (8); and (g) of 5 U.S.C. 552a. In addition, systems of records identified in paragraphs (c)(1), (c)(2), (c)(3), (c)(4), and (c)(5) of this section are also exempted pursuant to the provisions of 5 U.S.C. 552a(k)(1) from subsections (c)(3); (d)(1), (2), (3) and (4); and (e)(1):

- (1) Air Intelligence Program (Justice/DEA-001)
- (2) Clandestine Laboratory Seizure System (CLSS) (Justice/DEA-002)
- (3) Planning and Inspection Division Records (Justice/DEA-010)
- (4) Operation Files (Justice/DEA-011)
- (5) Security Files (Justice/DEA-013)
- (6) System to Retrieve Information from Drug Evidence (STRIDE/Ballistics) (Justice/DEA-014)

(d) Exemptions apply to the following systems of records only to the extent that information in the systems is subject to exemption pursuant to 5 U.S.C. 552a(j)(2), (k)(1), and (k)(2): Air Intelligence Program (Justice/DEA-001); Clandestine Laboratory Seizure System (CLSS) (Justice/DEA-002); Planning and Inspection Division Records (Justice/DEA-010); and Security Files (Justice/DEA-013). Exemptions apply to the Operations Files (Justice/DEA-011) only to the extent that information in the

system is subject to exemption pursuant to 5 U.S.C. 552a(j)(2) and (k)(2). Exemptions apply to the System to Retrieve Information from Drug Evidence (STRIDE/Ballistics) (Justice/DEA-014) only to the extent that information in the system is subject to exemption pursuant to 5 U.S.C. 552a(j)(2). Exemption from the particular subsections is justified for the following reasons:

* * * * *

(i) The following system of records is exempt from 5 U.S.C. 552a(c)(3) and (4); (d)(1), (2), (3), and (4); (e)(1), (2), (3), (4)(G), (H), (I), (5), and (8); (f); (g); and (h): Investigative Reporting and Filing System (IRFS) (JUSTICE/DEA-008). These exemptions apply only to the extent that information in this system is subject to exemption pursuant to 5 U.S.C. 552a(j)(2), (k)(1), or (k)(2). Where compliance would not appear to interfere with or adversely affect the law enforcement or counterterrorism purposes of this system, or the overall law enforcement process, the applicable exemption may be waived by the DEA in its sole discretion.

(j) Exemptions from the particular subsections are justified for the following reasons:

(1) From subsection (c)(3) because to provide the subject with an accounting of disclosure of records in this system could impede or compromise an ongoing investigation, interfere with a law enforcement activity, lead to the disclosure of properly classified information which could compromise the national defense or disrupt foreign policy, invade the privacy of a person who provides information in connection with a particular investigation, or result in danger to an individual's safety, including the safety of a law enforcement officer.

(2) From subsection (c)(4) because this subsection is inapplicable to the extent that an exemption is being claimed for subsections (d)(1), (2), (3), and (4).

(3) From subsection (d)(1) because disclosure of records in the system could alert the subject of an investigation of an actual or potential criminal, civil, or regulatory violation of the existence of that investigation, of the nature and scope of the information and evidence obtained as to his activities, of the identity of confidential witnesses and informants, of the investigative interest of the DEA, and lead to the destruction of evidence, improper influencing of witnesses, fabrication of testimony, and/or flight of the subject; reveal the details of a sensitive investigative or intelligence technique, or the identity of a confidential source;

or otherwise impede, compromise, or interfere with investigative efforts and other related law enforcement and/or intelligence activities. In addition, disclosure could invade the privacy of third parties and/or endanger the life, health, and physical safety of law enforcement personnel, confidential informants, witnesses, and potential crime victims. Access to records could also result in the release of information properly classified pursuant to Executive Order, thereby compromising the national defense or foreign policy.

(4) From subsection (d)(2) because amendment of the records thought to be incorrect, irrelevant, or untimely would also interfere with ongoing investigations, criminal or civil law enforcement proceedings, and other law enforcement activities, and impose an impossible administrative burden by requiring investigations, analyses, and reports to be continuously reinvestigated and revised, as well as may impact information properly classified pursuant to Executive Order.

(5) From subsections (d)(3) and (4) because these subsections are inapplicable to the extent exemption is claimed from (d)(1) and (2).

(6) From subsection (e)(1) because, in the course of its acquisition, collation, and analysis of information under the statutory authority granted to it, an agency may occasionally obtain information, including information properly classified pursuant to Executive Order, that concerns actual or potential violations of law that are not strictly within its statutory or other authority or may compile information in the course of an investigation which may not be relevant to a specific prosecution. It is impossible to determine in advance what information collected during an investigation will be important or crucial to the apprehension of fugitives. In the interests of effective law enforcement, it is necessary to retain such information in this system of records because it can aid in establishing patterns of criminal activity and can provide valuable leads for federal and other law enforcement agencies. This consideration applies equally to information acquired from, or collated or analyzed for, both law enforcement agencies and agencies of the U.S. foreign intelligence community and military community.

(7) From subsection (e)(2) because in a criminal investigation, prosecution, or proceeding, the requirement that information be collected to the greatest extent practicable from the subject individual would present a serious impediment to law enforcement because the subject of the investigation,

prosecution, or proceeding would be placed on notice as to the existence and nature of the investigation, prosecution, and proceeding and would therefore be able to avoid detection or apprehension, to influence witnesses improperly, to destroy evidence, or to fabricate testimony. Moreover, thorough and effective investigation and prosecution may require seeking information from a number of different sources.

(8) From subsection (e)(3) because the requirement that individuals supplying information be provided a form stating the requirements of subsection (e)(3) would constitute a serious impediment to criminal law enforcement in that it could compromise the existence of a confidential investigation or reveal the identity of witnesses or confidential informants and endanger their lives, health, and physical safety. The individual could seriously interfere with undercover investigative techniques and could take appropriate steps to evade the investigation or flee a specific area.

(9) From subsections (e)(4)(G), (H), and (I) because this system is exempt from the access provisions of subsection (d) pursuant to subsections (j) and (k) of the Privacy Act.

(10) From subsection (e)(5) because the acquisition, collation, and analysis of information for criminal law enforcement purposes from various agencies does not permit a determination in advance or a prediction of what information will be matched with other information and thus whether it is accurate, relevant, timely, and complete. With the passage of time, seemingly irrelevant or untimely information may acquire new significance as further investigation brings new details to light and the accuracy of such information can often only be determined in a court of law. The restrictions imposed by subsection (e)(5) would restrict the ability of trained investigators, intelligence analysts, and government attorneys to exercise their judgment in collating and analyzing information and would impede the development of criminal or other intelligence necessary for effective law enforcement.

(11) From subsection (e)(8) because the individual notice requirements of subsection (e)(8) could present a serious impediment to criminal law enforcement by revealing investigative techniques, procedures, evidence, or interest and interfering with the ability to issue warrants or subpoenas, and could give persons sufficient warning to evade investigative efforts.

(12) From subsections (f) and (g) because this subsection is inapplicable

to the extent that the system is exempt from other specific subsections of the Privacy Act.

(13) From subsection (h) when application of those provisions could impede or compromise an ongoing criminal investigation, interfere with a law enforcement activity, reveal an investigatory technique or confidential source, invade the privacy of a person who provides information for an investigation, or endanger law enforcement personnel.

Dated: March 12, 2012.

I. Background

The Commission is soliciting comments on its current procedures under 39 U.S.C. 3661 for reviewing proposals by the Postal Service to make changes in the nature of postal services. After reviewing the comments submitted in this proceeding, the Commission may institute rulemaking proceedings to consider the adoption of new, updated procedures for processing nature of service cases. The goal of any such changes would be to increase the efficiency and timely resolution of nature of service cases while protecting the rights of all participants, including affected mail users.

In this proceeding, the Commission welcomes comments on (1) whether changes to the current procedures and regulations are warranted; (2) if so, what those changes would be; and (3) such other relevant subjects as commenters may wish to address.

Nature of service proceedings conducted pursuant to 39 U.S.C. 3661 have traditionally been referred to as "N-cases." In N-cases, the Commission issues advisory opinions on proposals by the Postal Service for "a change in the nature of postal services which will generally affect service on a nationwide, or substantially nationwide basis * * *." 39 U.S.C. 3661(b).

The Commission's authority to conduct N-cases was originally established by the Postal Reorganization Act of 1970, Public Law 91-375, August 12, 1970 (PRA). Five N-cases were initiated between the enactment of the PRA in 1970 and the passage 36 years later of the Postal Accountability and Enhancement Act (PAEA), Public Law 109-435, 120 Stat. 3219 (2006).¹ In the 5 years since passage of the PAEA, the Commission has docketed four N-cases.²

¹ Docket No. N75-1, Retail Analysis for Facilities Development Program; Docket No. N75-2, Changes in Operating Procedures Affecting First-Class Mail and Airmail; Docket No. N86-1, Change in Service, 1986, Collect on Delivery Service; Docket No. N89-1, Change in Service, 1989, First-Class Delivery Standards Realignment; Docket No. N2006-1, Evolutionary Network Development Service Changes, 2006.

² Docket No. N2009-1, Station and Branch Optimization and Consolidation Initiative, 2009;

The varying degrees of complexity presented by N-cases affects the time required to issue advisory opinions. Ordinarily, cases that present the most far-reaching implications to mailers require more extensive procedures and a greater time between the initial filing and the issuance of an advisory opinion by the Commission. To date, the Commission has issued advisory opinions in three of the four N-cases instituted since enactment of the PAEA.³ The length of those proceedings ranged from a low of 5 months in Docket No. N2011-1 to a high of 12 months in Docket No. N2010-1.⁴ The fourth post-PAEA proceeding was filed on December 5, 2011, and remains pending.

Recently, the Postal Service has found itself in an extremely challenging financial situation, and is seeking to act quickly to remedy its financial difficulties. The Postal Service has expressed a need for a more expeditious hearing process for N-cases in light of its present financial situation. Thus, the Commission is soliciting comments on the advisability of adjusting N-case procedures in ways that allow more timely and relevant advisory opinions.

II. Legal Requirements

A. 39 U.S.C. 3661

If the Postal Service determines that a change in the nature of its services that will affect mail users on a nationwide or substantially nationwide basis may be called for, it must, prior to implementation, submit a proposal to the Commission requesting an advisory opinion on the proposed changes. 39 U.S.C. 3661(b). After the request is submitted, the Postal Service, mail users, and an officer of the Commission required to represent the interests of the general public must be afforded an opportunity for a hearing on the record in accordance with the provisions of 5

Docket No. N2010-1, Six-Day to Five-Day Street Delivery and Related Service Changes, 2010; Docket No. N2011-1, Retail Access Optimization Initiative, 2011; Docket No. N2012-1, Mail Processing Network Rationalization Service Changes, 2012.

³ Docket No. N2009-1, Station and Branch Optimization and Consolidation Initiative, 2009; Docket No. N2010-1, Six-Day to Five-Day Street Delivery and Related Service Changes, 2010; Docket No. N2011-1, Retail Access Optimization Initiative, 2011.

⁴ In Docket No. N2009-1, the Postal Service filed its request on July 2, 2009, and the Commission issued its advisory opinion 8 months later on March 10, 2010. In Docket No. N2010-1, the Postal Service filed its request on March 30, 2010, and the Commission issued its advisory opinion nearly 12 months later on March 24, 2011. In Docket No. N2011-1, the Postal Service filed its request on July 27, 2011, and the Commission issued its advisory opinion almost 5 months later on December 23, 2011.
