19 CFR Part 122

[CBP Dec. 12–08]

Technical Amendment to Cuba Airport List: Addition of Recently Approved Airports

AGENCY: Customs and Border Protection, Department of Homeland Security.

ACTION: Final rule; technical amendment.

SUMMARY: This document amends the Customs and Border Protection (CBP) regulations by updating the list of airports authorized to accept aircraft traveling to or from Cuba.

SUPPLEMENTARY INFORMATION:

Background

Part 122, subpart O, of the CBP regulations sets forth special procedures that apply to all aircraft (except public aircraft) entering or departing the United States to or from Cuba. Prior to January 2011, the regulations required direct flights between the United States and Cuba to arrive at or depart from one of three named U.S. airports: John F. Kennedy International Airport, Los Angeles International Airport, or Miami International Airport.

In a statement issued on January 14, 2011, the President announced a series of changes to ease the restrictions on travel to and from Cuba as part of an initiative to support the Cuban people’s desire to freely determine their country’s future by, among other things, supporting licensed travel and intensifying people-to-people exchanges. In the statement, the President announced that additional U.S. airports able to process international flights may request CBP approval to accept direct flights to and from Cuba in accordance with procedures to be established by CBP. On January 28, 2011, CBP published a final rule

The CBP regulations also specify that for reference purposes, approved airports will be listed on the CBP Web site and reflected in updates to the list in 19 CFR 122.153(c). The current list includes the three airports that were authorized to accept aircraft traveling to or from Cuba before the publication of the January 28, 2011 final rule: John F. Kennedy International Airport, Los Angeles International Airport, and Miami International Airport. This document updates the list of airports to reflect the 16 airports that CBP has approved to accept aircraft traveling to or from Cuba, since the publication of the final rule. Those airports include:

- George Bush Intercontinental Airport
- Key West International Airport
- Louis Armstrong New Orleans International Airport
- Oakland International Airport
- Orlando International Airport
- Pittsburgh International Airport
- San Juan Luis Muñoz Marín International Airport
- Tampa International Airport
- Palm Beach International Airport

The updated list of approved airports also appears on the CBP Web site: www.cbp.gov.

Inapplicability of Public Notice and Delayed Effective Date Requirements

Because this amendment merely updates the list of airports authorized to accept aircraft traveling to or from Cuba to include airports already approved by CBP in accordance with 19 CFR 122.153 and neither imposes additional burdens on, nor takes away any existing rights or privileges from the public, pursuant to 5 U.S.C. 553(d)(3), a delayed effective date is not required.

The Regulatory Flexibility Act and Executive Order 12866

Because no notice of proposed rulemaking is required, the provisions of the Regulatory Flexibility Act (5 U.S.C. 601 et seq.) do not apply. This amendment does not meet the criteria for a “significant regulatory action” as specified in Executive Order 12866.

Signing Authority

This final rule technical amendment is being issued in accordance with 19 CFR 0.2(a).

SUPPLEMENTARY INFORMATION:

Regulatory Information

On February 9, 2012, we published a notice of proposed rulemaking (NPRM) entitled “Special Local Regulations for Marine Events; Potomac River, Charles County, MD” in the Federal Register (77 FR 27). We received one comment on the proposed rule. No public meeting was requested, and none was held.

Background and Purpose

On June 2, 2012, Enviro-Sports Productions, Inc. of Stinson Beach, California, will sponsor an amateur swim across the Potomac River between Newburg, Maryland and King George, VA. The event consists of up to 500 swimmers on a course located upriver and parallel to the Governor Harry W. Nice Memorial (US–301) Bridge. The swimmers will be supported by sponsor-provided watercraft. The start will be located along the shore at the Aqua-Land Marina and the finish will be located along the shore at Dahlgren Wayside Park. A portion of the swim course will cross the federal navigation channel. Due to the need for vessel control during the event, the Coast Guard will temporarily restrict vessel traffic in the event area to provide for the safety of participants, spectators and other transiting vessels.

Discussion of Comments and Changes

The Coast Guard received one comment in response to the NPRM. No public meeting was requested and none was held. What follows is a review of, and the Coast Guard’s response to, the issue that was presented by the commenter concerning the proposed regulations.

The commenter, Mr. David R. Horning of EnviroSports, who is the event organizer, stated that after further review of the tidal currents for June 2, 2012, it has been determined that the best time to start the swim event would be between 11:30 a.m. and 12 p.m. (Noon) to get all participants across the Potomac River safely. Furthermore, the timeline in the proposed regulation closing this portion of the Potomac...
