

statement showing the classification of expenditures associated with the provisions of this notice as they relate to acute care hospitals. This table provides our best estimate of the change in Medicare payments to providers as a result of the changes to the IPPS presented in this notice. All expenditures are classified as transfers from the Federal government to

Medicare providers. As previously discussed, relative to what was projected in the FY 2012 IPPS final rule, the changes in this notice are projected to increase FY 2012 IPPS operating payments by \$90 million and IPPS capital payments by \$ 8 million. As previously discussed, relative to what was projected in the CY 2012 OPPS final rule, the changes in this notice will

increase CY 2011 OPPS payments by \$11 million, and will increase CY 2012 OPPS payments by \$15 million. Thus, the total increase in Federal expenditures for implementing section 302 of the TPTCCA and section 3001 of the MCTRJCA under the IPPS and the OPPS is approximately \$124 million.
