

progress of innovation in the United States?

12. How would such a secrecy order regime affect international efforts toward a more harmonized patent system?

13. Should the USPTO consider limiting what is published at 18 months?

This Notice also poses the following questions to determine the adequacy of the criteria used to place various technologies under secrecy orders for national security reasons.

#### Questions on National Security-Based Secrecy Orders

14. How should criteria currently used by United States defense agencies to screen patent applications for potential national security-based secrecy orders pursuant to 35 U.S.C. 181 properly encompass the scope of invention, which may have a bearing on ensuring the United States maintains its technical advantages in defense-related fields?

15. Are there examples where technologies that could relate to United States defense capabilities that were excluded from consideration for a secrecy order?

16. What is the competitive cost to expanding the scope of the criteria used to screen applications for security order consideration?

17. Among patent practitioners, is there a common practice of attempting to avoid consideration for a secrecy order by drafting the patent disclosure in such a way as to not raise national security implications of an invention?
