*Proposed Project:* The Children’s Health Insurance Program Reauthorization Act (CHIPRA) Express Lane Eligibility (ELE) Evaluation—OMB No. 0990–NEW—Assistant Secretary Planning and Evaluation (ASPE).

*Abstract:* The Office of the Assistant Secretary for Planning and Evaluation (ASPE) is requesting the Office of Management and Budget (OMB) approval on a new collection to evaluate the implementation of a new policy known as Express Lane Eligibility (ELE). With ELE, a state’s Medicaid and/or Children’s Health Insurance Program (CHIP) can rely on another agency’s eligibility findings to qualify children for health coverage, despite their different methods of assessing income or otherwise determining eligibility.

CHIPRA authorized an extensive, rigorous evaluation of ELE, creating an exceptional opportunity to document ELE implementation across states and to assess the changes to coverage or administrative costs that may have resulted. The evaluation also provides an opportunity to understand other methods of simplified enrollment that states have been pursuing and to assess the benefits and potential costs of these methods compared to those of ELE. To answer key research questions, ASPE will draw on 5 primary data collections including (1) Collecting administrative cost data from ELE and non-ELE states, (2) collecting enrollment data from ELE and non-ELE states, (3) conducting case studies in ELE and non-ELE states, including key informant interviews and focus groups, (4) conducting a 51-state (50 states and the District of Columbia) survey, and (5) holding quarterly monitoring calls with 30 states. This request seeks clearance on all data collections except the collection of administrative cost and enrollment data for ELE states.
