SUPPLEMENTARY INFORMATION: The Office of Management and Budget (OMB) has approved under the PRA information collection requirements contained in recently revised final regulations under the Older Americans Act (OAA) published by the Department of Labor in the **Federal Register** on January 31, 2012. See 77 FR 4654. The purpose of the Final Rule was to implement an additional indicator for volunteer work in the SCSEP. Specifically, this rule amended existing regulations regarding Performance Accountability for title V of the OAA and corresponding

definitions. These regulations also provided administrative and programmatic guidance and requirements for the implementation of the SCSEP.

The preamble to the new regulations stated an effective date of March 1, 2012; however, OMB had not yet provided a PRA-required approval for the revised information collection requirements contained in the revised SCSEP rules at the time of their publication. 44 U.S.C. 3507(a)(2). An agency may not conduct an information collection unless it has a currently valid OMB approval; therefore, in accordance with the PRA, the effective date of the information collection requirements in the revised regulations was delayed until OMB approved them under the PRA. 44 U.S.C. 3506(c)(1)(B)(iii)(V). On March 27, 2012, OMB approved the Department's information collection request under Control Number 1215-0040, thus giving effect to the requirements, as announced and published in the **Federal Register** on January 31, 2012, under the PRA. The current expiration date for OMB authorization for this information collection is March 31, 2015.

Dated: Signed in Washington, DC on this 18th day, April 2012.

Jane Oates,

Assistant Secretary, Employment and Training Administration.

NUCLEAR REGULATORY COMMISSION

[NRC-2012-0094; EA-11-254]

In the Matter of ABSG Consulting Inc. Confirmatory Order (Effective Immediately)

I

ABSG Consulting Inc. (ABSG) is an independently owned and operated risk, safety, and integrity management company serving various industries in the United States and overseas; some of which are regulated by the U.S. Nuclear Regulatory Commission (NRC). ABSG's main office is located in Houston, TX.

This Confirmatory Order (referenced as CO, Confirmatory Order or Order) is the result of an agreement reached during an alternative dispute resolution (ADR) mediation session conducted on March 12, 2012, in Arlington VA.

II

On October 5, 2011, the NRC's Office of Investigations (OI) issued its report of investigation (OI Report No. 1-2010-050). Based upon evidence developed during its investigation, the NRC identified an apparent violation of Title 10 of the Code of Federal Regulations (10 CFR) 50.7, "Employee protection," involving a former ABSG employee who was terminated, in part, for participating in a Commission proceeding before the NRC Atomic Safety and Licensing Board Panel prior to his employment with ABSG.

By letter dated January 17, 2012, the NRC identified to ABSG the apparent violation of 10 CFR 50.7 and offered ABSG the opportunity to provide a response in writing, attend a pre-decisional enforcement conference, or to request alternative dispute resolution (ADR) in which a neutral mediator with no decision-making authority would facilitate discussions between the NRC and ABSG, and if possible, assist the NRC and the parties in reaching an agreement on resolving the concerns. ABSG chose to participate in ADR in an effort to resolve this matter.

On March 12, 2012, the NRC and ABSG met at ABSG's facility in Arlington, Virginia in an ADR session mediated by a professional mediator, arranged through Cornell University's Institute on Conflict Resolution. This Confirmatory Order is issued pursuant

to the agreement reached during the ADR process.

III

The NRC acknowledges that ABSG on its own initiative undertook several actions. These actions included:

1. Issuance of a letter to the manager involved with the termination of the employment of the individual reiterating ABSG's commitment to its non-retaliation policies;
2. Directing ABSG's HR Manager of Employee Relations to draft an expanded anti-retaliation policy for inclusion in the Company's Policies and Benefits Guide; and
3. Directing ABSG's Director of Compliance to draft an expanded anti-retaliation policy for inclusion in the Company's Code of Ethics.

During the ADR mediation session, an agreement in principle was reached in which ABSG agreed to take the following additional actions:

1. The President of ABSG shall issue a communication in writing to those employees involved in its U.S. Nuclear Utilities Market Sector informing them of the Company's policy and their right and avenues for raising nuclear safety concerns without fear of retaliation. This communication shall also be provided to all new hire employees within thirty days of their assumption of duties. All employees to whom this communication is given shall confirm their receipt in writing.
2. ABSG shall hire an outside consultant with expertise in NRC employee protection regulations to develop anti-retaliation training for all ABSG U.S. Nuclear Utilities Market Sector employees which shall include those items identified in 10 CFR 50.7, "Employee protection." Training shall:
 - a. Inform managers that it is the position of the NRC that ABSG is subject to 10 CFR 50.7.
 - b. Define key terms and include examples of discriminatory practices that address all categories of protected activities listed in 10 CFR 50.7.
 - c. Inform employees of their rights and avenues for raising nuclear safety concerns (including to the NRC) without fear of retaliation.

3. The anti-retaliation training, developed in paragraph 2 above, shall be conducted by an outside consultant with expertise in NRC employee protection regulations.

a. The training shall be provided every two years commencing within two months after development.

b. The training, after its first offering may be provided by ABSG training staff.

c. Training records shall be retained consistent with applicable ABSG record retention policies.

4. ABSG shall establish a process to conduct a secondary review of all proposed adverse actions (including written reprimand or above, but excluding reductions-in-force and other ordinary layoffs) for any of its U.S. Nuclear Utilities Market Sector employees who have engaged in protected activities to ensure that these actions comport with applicable employee-protection requirements and assess and mitigate the potential for any chilling effect on such protected activities.

a. ABSG shall establish requirements for this process in an ABSG procedure that shall become effective thereafter.

b. This review shall be conducted by management personnel, including legal and/or human resources.

5. ABSG shall publish, as part of its on-line newsletter, an article concerning the protections afforded by 10 CFR 50.7.

On April 17, 2012, ABSG consented to the NRC issuing this Confirmatory Order with the commitments, as described in Section IV below. ABSG further agreed in its April 17, 2012, letter that this Order is to be effective upon issuance and that it has waived its right to a hearing.

The NRC has concluded that its concerns can be resolved through effective implementation of ABSG's commitments. I find that ABSG's commitments as set forth in Section IV are acceptable and necessary and conclude that with these commitments the public health and safety are reasonably assured. In view of the foregoing, I have determined that the public health and safety require that ABSG's commitments be confirmed by this Order. Based on the above and ABSG's consent, this Order is immediately effective upon issuance. Accordingly, the staff is exercising its enforcement discretion and will not issue a Notice of Violation or civil penalty in this matter.

IV

Accordingly, pursuant to Sections 103, 161b, 161i, 161o, 182, and 186 of the Atomic Energy Act of 1954, as amended, and the Commission's regulations in 10 CFR 2.202 and 10 CFR Part 50, *it is hereby ordered, effective immediately, that:*

1. By no later than three months after issuance of the Confirmatory Order, the President of ABSG shall issue a communication in writing to those employees involved in its U.S. Nuclear Utilities Market Sector informing them of the Company's policy and their right
