

SUPPLEMENTARY INFORMATION: The OCC is proposing to extend OMB approval, without change, of the following information collection:

Title: Investment Securities.

OMB Control No.: 1557-0205.

Description: This submission covers an existing regulation and involves no change to the regulation or to the information collection requirements. The OCC requests only that OMB extend its approval of the information collection.

The information collection requirements in 12 CFR part 1 are as follows:

Under 12 CFR 1.3(h)(2), a national bank may request an OCC determination that it may invest in an entity that is exempt from registration under section 3(c)(1) of the Investment Company Act of 1940¹ if the portfolio of the entity consists exclusively of assets that a national bank may purchase and sell for its own account. The OCC uses the information contained in the request as a basis for determining that the bank's investment is consistent with its investment authority under applicable law and does not pose unacceptable risk.

Under 12 CFR 1.7(b), a national bank may request OCC approval to extend the five-year holding period of securities held in satisfaction of debts previously contracted (DPC) for up to an additional five years. The bank must provide a clearly convincing demonstration of why any additional holding period is needed. The OCC uses the information in the request to ensure, on a case-by-case basis, that the bank's purpose in retaining the securities is not speculative and that the bank's reasons for requesting the extension are adequate, and to evaluate the risks to the bank of extending the holding period, including potential effects on bank safety and soundness.

Type of Review: Extension of a currently approved collection.

Affected Public: Businesses or other for-profit.

Estimated Number of Respondents: 25.

Estimated Total Annual Responses: 25.

Estimated Total Annual Burden: 460 hours.
