**DEPARTMENT OF TRANSPORTATION****Federal Motor Carrier Safety Administration****Requirements and Registration for the U.S. DOT Motorcoach Safety Data Utilization Student Challenge**

**AGENCY:** Federal Motor Carrier Safety Administration (FMCSA), DOT.

**ACTION:** Notice.

**SUMMARY:** FMCSA announces the U.S. DOT Motorcoach Safety Data Utilization Student Challenge. The purpose of the Challenge is to facilitate the development of mobile Web sites and applications to make FMCSA's motorcoach safety data more accessible and user-friendly. The Challenge is open to students currently enrolled at a fully-accredited higher education institution, or who plan to enroll in the fall of 2012 or the winter of 2013. The eligibility requirements and rules can be found below.

**DATES:** *Submission period:* Start: April 30, 2012 12:00 p.m. EDT, *end:* August 1, 2012 11:59 p.m. EDT. *Judging period:* Start: August 2, 2012 12:00 a.m. EDT, *end:* September 15, 2012 11:59 p.m. EDT. *Winner(s) announced:* September 20, 2012.

**FOR FURTHER INFORMATION CONTACT:** Katherine Sinrud, Office of Research and Information Technology, telephone (202) 366–3843, or email [katherine.sinrud@dot.gov](mailto:katherine.sinrud@dot.gov).

*Award Approving Official:* Dr. Kelly Leone, Associate Administrator for Research and Information Technology, FMCSA.

**SUPPLEMENTARY INFORMATION:****I. Background**

The Agency believes that developers, small businesses, and the general public would make better use of FMCSA-collected data if it were available in a more versatile and user-friendly format. To that end, FMCSA announces the U.S. DOT Motorcoach Safety Data Utilization Student Challenge, pursuant to the America COMPETES Act (15 U.S.C. 3719), to engage student developers to create methods for the traveling public to more meaningfully make use of motorcoach safety data. Up to two winning student-developed applications

or Web sites for mobile devices will be showcased at a U.S. DOT or industry event. FMCSA will release motorcoach safety data in the form of Application Programming Interfaces (APIs) to facilitate participation.

The goal of the Challenge is to make FMCSA's motorcoach safety data easier to understand and to promote wider use among consumers, stakeholders, and policy-makers across the country. Through increased accessibility and use, the Agency seeks to help the traveling public make more informed decisions when choosing motorcoach carriers.

**II. Subject of Challenge Competition**

The goal of the U.S. DOT Motorcoach Safety Data Utilization Student Challenge is to showcase the potential benefits of online or mobile applications that present motorcoach safety data to the public in an innovative way resulting in improved traveler safety.

**III. Eligibility Rules for Participating in the Competition**

To be eligible to enter and win this Challenge, an individual or group of individuals must meet all eligibility requirements listed in the Official Rules (provided below) and have registered to participate in the competition through [Challenge.gov](http://Challenge.gov). In addition, all entries must meet Submission Requirements listed in the Official Rules.

**IV. Registration Process for Participants**

Contestants must register for the contest on the [Challenge.gov](http://Challenge.gov) Web site by creating an account. Registrants will receive an email to verify their account and may then enter their submissions via the "Enter a Submission" tab. More information governing submissions and their content can be found in the Official Rules, which are provided below.

**V. Winner Recognition/Award**

Up to two winning entries will be recognized. Depending on the number of entries, the U.S. DOT may also identify submissions as honorable mentions through the U.S. DOT FMCSA Web site. The winner(s) will be recognized at a U.S. DOT or industry event to be determined. Authorized travel expenses will be paid for up to two members of each team being recognized to attend the event.

**VI. Basis Upon Which Winner Will Be Selected**

Challenge submissions will be scored in each of four criteria, as listed below:

1. Creativity and aesthetics of data utilization.
