

in the Project Area include open pit mines, roads within the mine operations areas, and other operations such as stock piling and ancillary features including service areas.

A Notice of Intent to Prepare an EIS for the Gelatom Mine Expansion Project was published in the **Federal Register** on September 15, 2008 (73 FR 53268). Public participation was solicited through the media, mailings, and the BLM Web site. Public meetings were held in Burns and Vale, Oregon, in October 2008. The Notice of Availability for the Draft EIS was published in the **Federal Register** on April 8, 2011 (76 FR 19786). Public participation was solicited through the media, mailings, and the BLM Web site. A public meeting was held in Juntura, Oregon, on April 26, 2011. Major issues brought forward and addressed in the EIS include: Air quality; forestry and woodlands; geology and minerals; grazing management; land use and realty; migratory birds; noise; recreation; social and economic values; soils; special status species; transportation and roads; vegetation; visual resources; water quality; wetlands and riparian zones; wilderness characteristics; and wildlife and fisheries.

Please note that public comments and information submitted including names, street addresses and email addresses of respondents are available for public review and disclosure at the above BLM address during regular business hours (7:45 a.m. to 4:30 p.m.), Monday through Friday, except holidays.

Comments on the Draft EIS were considered for the Final EIS. Substantive comments were incorporated into the analysis presented in the Final EIS.

Authority: 40 CFR 1506.6 and 1506.10.

Jeff Rose,

Associate District Manager, Burns.

Notice of the Establishment of the Ten Mile (Utah) Known Potash Leasing Area (KPLA)

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice.

SUMMARY: This action establishes the Ten Mile KPLA so the potash resources

on these lands will no longer be available for non-competitive leasing and may instead be available through a competitive leasing process. This action does not commit any on-the-ground resources nor does it commit BLM to any future actions except the denial of the prospecting permit applications that now lie within the boundaries of the Ten Mile KPLA.

DATES: This mineral land classification will become effective upon date of publication in the **Federal Register**.

ADDRESSES: Inquiries should be sent to the State Director (UT-923), Bureau of Land Management, Utah State Office, 440 West 200 South, Suite 500, Salt Lake City, Utah 84101.

SUPPLEMENTARY INFORMATION:

Additional information regarding this KPLA, including maps and the Potash Master Title Plats, are available in the Public Room of the Bureau of Land Management (BLM) Utah State Office and at: http://www.blm.gov/ut/st/en/prog/more/Land_Records.html. The lands included in the Ten Mile KPLA, located in Grand County, Utah, are described as follows:

The areas described, including both public and nonpublic lands, aggregate 90,240 acres.

Potash is a trade name for potassium-bearing minerals used mainly for fertilizer. Potash and certain other non-energy solid minerals found on Federal lands may be leased for development in either of two ways:

(1) If it is unknown whether an area contains valuable potash deposits, an interested party may obtain a prospecting permit, which grants the party an exclusive right to explore for potash, and, if a valuable deposit is found, that party may qualify for a noncompetitive lease, or

(2) If the BLM has access to information which shows that valuable deposits of potash exist in an area, the area may be designated a KPLA, where prospecting permits may not be issued, and any leasing must be done on a competitive basis.

In 1983, under Secretarial Order 3087, the authority to designate KPLAs was transferred to the BLM. In 1984, the BLM issued four preference right leases for potash resources found in this area.

Recent advances in drilling technology have provided the capability to extract deep potash deposits using dissolution. Based on this new technology, the BLM Assistant Director, in 2009, approved new mineral land classification standards for the Utah portion of the Paradox Basin geologic province, which includes the Ten Mile KPLA. The BLM Utah State Office used the new standards and the analysis of available drilling information to determine that the Ten Mile KPLA should be established to include deep solution-mineable potash deposits. Competitive leasing within the KPLA will be initiated based on expressions of interest. Any competitive leases issued

will be subject to the oil and gas leasing stipulations contained in the 2008 Moab Resource Management Plan (Moab RMP, Appendix A), any amendments to the leasing stipulations that result from the Moab Master Leasing Plan process, which was initiated on March 5, 2012. Competitive potash leases will also be subject to additional conditions of approval developed as part of site-specific National Environmental Policy Act of 1969 (NEPA) compliance.

In accordance with Departmental Manual (DM) 516, Chapter 11.9 J(12), the classification of a KPLA is an action that is categorically excluded from NEPA analysis, provided that there are no "extraordinary circumstances" as described in 43 CFR 46.215. The proposed Ten Mile KPLA was reviewed and was determined to have no "extraordinary circumstances" as stated in DOI-BLM-UT-9230-2012-0001-CX (number to be assigned as of date of publication). Further NEPA review will be done for site specific proposals within the KPLA.

This notice will be published in the *Moab Times Independent* for 2 consecutive weeks after publication in the **Federal Register**.

Pursuant to the authority in the Act of March 3, 1879, (43 U.S.C. 31), as supplemented by Reorganization Plan No. 3 of 1950 (43 U.S.C. 1451, note), the Departmental Manual 235 DM 1.1L, and the Mineral Leasing Act of 1920, as amended (30 U.S.C. 181 *et seq.*), the Ten Mile KPLA includes the lands listed above effective May 4, 2012.

Authority: Act of March 3, 1879, (43 U.S.C. 31), as supplemented by Reorganization Plan No. 3 of 1950 (43 U.S.C. 1451, note) and 235 Interior Department Manual 1.1L.; Mineral Leasing Act of 1920, as amended (30 U.S.C. 181 *et seq.*).

Notice of Public Meeting of the Central California Resource Advisory Council

AGENCY: Bureau of Land Management, Interior.

ACTION: Notice of public meeting.

SUMMARY: In accordance with the Federal Land Policy and Management Act and the Federal Advisory Committee Act of 1972, the U.S.

Department of the Interior, Bureau of Land Management (BLM) Central California Resource Advisory Council (RAC) will meet as indicated below.

DATES: A business meeting will be held Friday, May 18, 2012, at the Mono Memorial Hall, 100 Sinclair St., Bridgeport, beginning at 8 a.m., followed by a field trip that afternoon to BLM lands in the Bodie Hills area. Members of the public are welcome to attend the field trip and meeting. Field trip participants must provide their own transportation and lunch.

On May 19, the meeting will resume at 8 a.m. at Bridgeport Ranch Barns and Terrace, 68 Twin Lakes Road, Bridgeport (behind the Shell station). Time for public comment is reserved from 9 a.m. to 10 a.m.

FOR FURTHER INFORMATION CONTACT: BLM Central California District Manager Este Stifel, (916) 978-4626; or BLM Public Affairs Officer David Christy, (916) 941-3146.

SUPPLEMENTARY INFORMATION: The 12-member council advises the Secretary of the Interior, through the BLM, on a variety of planning and management issues associated with public land management in Central California. At this meeting, agenda topics will include an update on Resource Management Plans and other resource management issues. Additional ongoing business will be discussed by the council. All meetings are open to the public. Members of the public may present written comments to the council. Each formal council meeting will have time allocated for public comments. Depending on the number of persons wishing to speak, and the time available, the time for individual comments may be limited. The meeting and tour are open to the public, but individuals who wish to attend the tour must provide their own vehicles, food and water. Individuals who plan to attend and need special assistance, such as sign language interpretation and other reasonable accommodations, should contact the BLM as provided above.

Dated: April 26, 2012.

David Christy,

Public Affairs Officer.
