

would constitute an allowable exception fails to provide a realistic means for entities to balance these economic and reliability considerations. Instead, I would have provided that an entity could submit its plan to shed firm load for a single contingency to its relevant regulatory authority or governing body prior to any actual interruption.³ The politically accountable regulatory authority or governing body would have then made the determination, based upon economics and in the best interests of its customers, as to whether firm load shedding should be permitted. Those determinations would be subject to oversight and review by NERC, the Regional Entity, and/or the planning authority to ensure that they will not adversely impact the Bulk Power System.⁴

For these reasons, I respectfully dissent in part and concur in part.

John R. Norris,
Commissioner.

⁴ NERC may propose an alternative to Commission guidance that is equally efficient and effective at addressing the Commission's reliability concerns. Order No. 693 at P 31.

Ireland, has informed FDA that it has changed its name and address to Mylan Institutional, LLC, 4901 Hiawatha Dr., Rockford, IL 61103. Synerx Pharma, LLC, 100 N. State St., Newton, PA 18940, has informed FDA that it has transferred ownership of, and all rights and interest in, abbreviated new animal drug application (ANADA) 200-472 for Fomepizole for Injection to Mylan Institutional, LLC. Modern Veterinary Therapeutics, LLC, 1550 Madruga Ave., suite 329, Coral Gables, FL 33146, has informed FDA that it has changed its address to 18001 Old Cutler Rd., suite 317, Miami, FL 33157. Accordingly, the Agency is amending the regulations in parts 510 and 522 (21 CFR parts 510 and 522) to reflect these changes.

Following this change of sponsorship, Synerx Pharma, LLC, is no longer the sponsor of an approved application. Accordingly, § 510.600 (21 CFR 510.600) is being amended to remove the entries for this firm.

This rule does not meet the definition of "rule" in 5 U.S.C. 804(3)(A) because it is a rule of "particular applicability." Therefore, it is not subject to the congressional review requirements in 5 U.S.C. 801-808.
