Policy Justification

Singapore—F-15SG Pilot Training

The Government of Singapore has requested a possible sale of follow-on support and services for Singapore's Continental United States (CONUS) detachment PEACE CARVIN V (F-15SG) based at Mountain Home Air Force Base (AFB) for a five-year period. MDE includes: 40 GBU-10 PAVEWAY II Laser Guided Bomb Units, 40 MXU-651/B Air Foil Groups, 84 GBU-12 PAVEWAY II Laser Guided Bomb Units, 84 MXU-650/Bs Air Foil Groups, 124 MAU-169L/Bs Guidance Control Units, and 3 P5 Combat Training System Pods. Also included: Commercial vehicles, publications and technical documentation, tactics manuals and academic instruction, clothing and individual equipment, execution and

support of CONUS exercise deployments, airlift and aerial refueling, support equipment, spare and repair parts, repair and return, personnel training and training equipment, U.S. Government and contractor technical and logistics support services, and other related elements of logistical and program support. The estimated cost is \$435 million.

This proposed sale will contribute to the foreign policy and national security of the United States by helping to improve the security of a friendly country that has been, and continues to be, an important force for economic progress in Southeast Asia.

Singapore needs this training and munitions to support its F-15 aircraft. This program will enable Singapore to develop mission-ready and experienced pilots to support its current and future F-15 aircraft inventory. The well-established pilot proficiency training program at Mountain Home Air Force Base will support professional interaction and enhance operational interoperability with U.S. forces.

The proposed sale of this equipment and support will not alter the basic military balance in the region.

There is no prime contractor involved in this proposed sale. There are no known offset agreements proposed in connection with this potential sale.

Implementation of this proposed sale will not require the assignment of any additional U.S. Government and contractor representatives to Singapore.

There will be no adverse impact on U.S. defense readiness as a result of this proposed sale.

Transmittal No. 12-16

Notice of Proposed Issuance of Letter of Offer Pursuant to Section 36(b)(1) of the Arms Export Control Act

Annex

Item No. vii

(vii) *Sensitivity of Technology:*

1. The GBU-10/12 PAVEWAY II is a laser guidance kit and tail assembly for general purpose bombs. The laser seeker allows the user to select a unique code for use in the multi-laser environment and reduce the probability of interference among multiple weapons. The hardware is Unclassified and the ballistics is Confidential.

2. If a technologically advanced adversary were to obtain knowledge of the specific hardware and software elements, the information could be used to develop countermeasures which might reduce weapon system effectiveness or be used in the

development of a system with similar or advanced capabilities.

BILLING CODE 5001-06-P

DEPARTMENT OF DEFENSE

Office of the Secretary

Renewal of Threat Reduction Advisory Committee

AGENCY: DoD.

ACTION: Renewal of Federal Advisory Committee.

SUMMARY: Under the provisions of the Federal Advisory Committee Act of 1972 (5 U.S.C. Appendix), the Government in the Sunshine Act of 1976 (5 U.S.C. 552b), and 41 CFR 102-3.50(d), the Department of Defense gives notice that it is renewing the charter for the Threat Reduction Advisory Committee (hereafter referred to as "the Committee").

The Committee is a discretionary federal advisory committee that shall provide the Secretary of Defense, through the Under Secretary of Defense (Acquisition, Technology, and Logistics) and the Assistant Secretary of Defense (Nuclear, Chemical and Biological Defense Programs), independent advice and recommendations on:

a. Reducing the threat to the United States, its military forces, and its allies and partners posed by nuclear, biological, chemical, conventional and special weapons;

b. Combating weapons of mass destruction to include non-proliferation, counterproliferation, and consequence management;

c. Nuclear deterrence transformation, nuclear material lockdown and accountability;

d. Nuclear weapons effects;

e. The nexus of counterproliferation and counter WMD terrorism; and

f. Other Acquisition, Technology, and Logistics; Nuclear, Chemical and Biological Defense; and Defense Threat Reduction Agency mission-related matters.

The Committee shall be composed of not more than 30 committee members who are eminent authorities in the fields of national defense, geopolitical and national security affairs, weapons of mass destruction, nuclear physics, chemistry, and biology.

The Committee members are appointed by the Secretary of Defense, and their appointments will be renewed on an annual basis. The Committee members who are not full-time or permanent part-time federal officers or

employees, shall be appointed as experts and consultants under the authority of 5 U.S.C. 3109 and shall serve as special government employees.

Committee members shall, with the exception of travel and per diem for official travel, serve without compensation, unless authorized by the Secretary of Defense.

The Under Secretary of Defense (Acquisition, Technology, and Logistics) and the Assistant Secretary of Defense (Nuclear, Chemical and Biological Defense Programs) shall select the Committee's Chairperson and Vice Chairperson from the Committee membership at large.

The Secretary of Defense may approve the appointment of Committee members for one to four year terms of service; however, no member, unless authorized by the Secretary of Defense, may serve more than two consecutive terms of service. This same term of service limitation also applies to any DoD authorized subcommittees.

Each Committee member is appointed to provide advice on behalf of the government on the basis of his or her best judgment without representing any particular point of view and in a manner that is free from conflict of interest.

With DoD approval, the Committee shall be authorized to establish subcommittees and panels, as required and consistent with its mission. Establishment of subcommittees will be based upon a written determination, to include terms of reference, by the Secretary of Defense, the Deputy Secretary of Defense or the advisory committee's sponsor.

Such subcommittees or panels shall not work independently of the chartered Committee, and shall report their findings and advice solely to the Committee for full deliberation and discussion. Subcommittees or working groups have no authority to make decisions and recommendation verbally or in writing on behalf of the chartered Committee, nor can they report directly or release documents to the Agency or any Federal officers or employees not Committee Members.

All subcommittee members shall be appointed in the same manner as the Committee members; that is, the Secretary of Defense shall appoint subcommittee members even if the member in question is already a Committee member. Subcommittee members, with the approval of the Secretary of Defense, may serve a term of service on the subcommittee of one to four years; however, no member shall serve more than two consecutive terms of service on the subcommittee.

Subcommittee members, if not full-time or part-time government employees, shall be appointed to serve as experts and consultants under the authority of 5 U.S.C. 3109, and shall serve as special government employees, whose appointments must be renewed by the Secretary of Defense on an annual basis. With the exception of travel and per diem for official Committee related travel, subcommittee members shall serve without compensation. All subcommittees operate under the provisions of FACA, the Government in the Sunshine Act, governing Federal statutes and regulations, and governing DoD policies/procedures.

FOR FURTHER INFORMATION CONTACT: Jim Freeman, Advisory Committee Management Officer for the Department of Defense, 703-692-5952.

SUPPLEMENTARY INFORMATION: The Committee shall meet at the call of the Committee's Designated Federal Officer, in consultation with the Chairperson. The estimated number of Committee meetings is four per year.

In addition, the Designated Federal Officer is required to be in attendance at all committee and subcommittee meetings; however, in the absence of the Designated Federal Officer, the Alternate Designated Federal Officer shall attend the meeting.

The Designated Federal Officer, or the Alternate Designated Federal Officer, shall call all of the Committee's meetings; prepare and approve all meeting agendas; adjourn any meeting when the Designated Federal Officer, or the Alternate Designated Federal Officer, determines adjournment to be in the public interest or required by governing regulations or DoD policies/procedures; and chair meetings when directed to do so by the official to whom the Committee reports.

Pursuant to 41 CFR 102-3.105(j) and 102-3.140, the public or interested organizations may submit written statements to Threat Reduction Advisory Committee membership about the Committee's mission and functions. Written statements may be submitted at any time or in response to the stated agenda of planned meeting of Threat Reduction Advisory Committee. All written statements shall be submitted to the Designated Federal Officer for the Threat Reduction Advisory Committee, and this individual will ensure that the written statements are provided to the membership for their consideration. Contact information for the Threat Reduction Advisory Committee's Designated Federal Officer can be obtained from the GSA's FACA

Database—<https://www.fido.gov/facadatabase/public.asp>.

The Designated Federal Officer, pursuant to 41 CFR 102-3.150, will announce planned meetings of the Threat Reduction Advisory Committee. The Designated Federal Officer, at that time, may provide additional guidance on the submission of written statements that are in response to the stated agenda for the planned meeting in question.
