comply with section 19(b) and rule 19b–1.

2. Applicants state that their proposal meets the standards of section 6(c). Applicants assert that any sale of portfolio securities would be triggered by the need to meet Trust expenses, installment payments, or by redemption requests, events over which the Depositor and the Equity Series do not have control. Applicants further state that, because principal distributions must be clearly indicated in accompanying reports to Unitholders as a return of principal and will be relatively small in comparison to normal dividend distributions, there is little danger of confusion from failure to differentiate among distributions.

Applicants' Conditions

Applicants agree that any order granting the requested relief will be subject to the following conditions:

A. DSC Relief and Exchange and Rollover Options

1. Whenever the Exchange Option or the Rollover Option is to be terminated or its terms are to be amended materially, any holder of a security subject to that privilege will be given prominent notice of the impending termination or amendment at least 60 days prior to the date of termination or the effective date of the amendment, provided that: (a) No such notice need be given if the only material effect of an amendment is to reduce or eliminate the sales charge payable at the time of an exchange, to add one or more new Series eligible for the Exchange Option or the Rollover Option, or to delete a Series which has terminated; and (b) no notice need be given if, under extraordinary circumstances, either (i) there is a suspension of the redemption of Units of the Series under section 22(e) of the Act and the rules and regulations promulgated thereunder, or (ii) a Series temporarily delays or ceases the sale of its Units because it is unable to invest amounts effectively in accordance with applicable investment objectives, policies and restrictions.

2. An investor who purchases Units under the Exchange Option or the Rollover Option will pay a lower sales charge than that which would be paid for the Units by a new investor.

3. The prospectus of each Series offering exchanges or rollovers and any sales literature or advertising that mentions the existence of the Exchange Option or Rollover Option will disclose that the Exchange Option and the Rollover Option are subject to modification, termination or suspension without notice, except in certain limited cases.

4. Any DSC imposed on a Series' Units will comply with the requirements of subparagraphs (1), (2) and (3) of rule 6c–10(a) under the Act.

5. Each Series offering Units subject to a DSC will include in its prospectus the disclosure required by Form N–1A relating to deferred sales charges (modified as appropriate to reflect the differences between UITs and open-end management investment companies) and a schedule setting forth the number and date of each installment payment.

B. Net Worth Requirement

1. Applicants will comply in all respects with the requirements of rule 14a–3 under the Act, except that the Equity Series will not restrict their portfolio investments to ''eligible trust securities.''

For the Commission, by the Division of Investment Management, under delegated authority.

SECURITIES AND EXCHANGE COMMISSION

[Release No. 34–66912; File No. SR–CME–2012–17]

Self-Regulatory Organizations; Chicago Mercantile Exchange Inc.; Notice of Filing and Order Granting Accelerated Approval of Proposed Rule Change To Amend Rules Regarding IRS Clearing Member Obligations and Qualifications

May 3, 2012.

Pursuant to Section 19(b)(1) of the Securities Exchange Act of 1934 (''Act''),[1] and Rule 19b–4 thereunder,[2] notice is hereby given that on April 23, 2012, Chicago Mercantile Exchange Inc. (''CME'') filed with the Securities and Exchange Commission (''Commission'') the proposed rule change described in Items I and II, below, which items have been prepared substantially by CME. The Commission is publishing this Notice and Order to solicit comments on the proposed rule change from interested persons and to approve the proposed rule change on an accelerated basis.

I. Self-Regulatory Organization's Statement of the Terms of Substance of the Proposed Rule Change

CME proposes to amend certain of its rules to comply with pending revisions to the CFTC Regulations. The text of the proposed rule change is available at the CME's Web site at *http://www.cmegroup.com*.

II. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

In its filing with the Commission, the self-regulatory organization included statements concerning the purpose and basis for the proposed rule change and discussed any comments it received on the proposed rule change. The text of these statements may be examined at the places specified in Item III below. The self-regulatory organization has prepared summaries, set forth in sections A, B, and C below, of the most significant aspects of such statements.

A. Self-Regulatory Organization's Statement of the Purpose of, and Statutory Basis for, the Proposed Rule Change

CME is registered as a derivatives clearing organization with the Commodity Futures Trading Commission (''CFTC'') and operates a substantial business clearing futures and swaps contracts subject to the jurisdiction of the CFTC. CME proposes to amend certain of its rules to comply with certain mandatory revisions that are related to recent changes in CFTC Regulations that will become effective on May 7, 2012. More specifically, CME proposes to adopt revisions to CME Rule 8G04 (IRS Clearing Member Obligations and Qualifications).

As described above, the CFTC adopted a number of new regulations designed to implement the core principles for derivatives clearing organizations (DCOs) in the Commodity Exchange Act, as amended by the Dodd-Frank Act. CFTC Regulation 39.12, which becomes effective on May 7, 2012, provides for participant and product eligibility requirements. CFTC Regulation 39.12(a)(iii) provides that a DCO ''shall not set minimum capital requirements of more than $50 million for any person that seeks to become a clearing member in order to clear swaps.'' CFTC Regulation 39.12(a)(2)(ii) provides that ''[c]apital requirements shall be scalable to the risks posed by clearing members.'' CFTC Regulation 39.12(a) provides that a DCO ''shall establish appropriate admission and continuing participation requirements for clearing members of the derivatives clearing organization that are objective, publicly disclosed, and risk-based.''

In order to comply with these CFTC Regulations, CME plans to amend CME Rule 8G04. New CME Rule 8G04.1 sets minimum capital for an IRS Clearing Member at $50 million and defines ''capital'' consistent with Regulation 39.12(a)(2)(i). In order to scale the capital requirements of IRS Clearing Members to the risks posed by such IRS Clearing Members, new CME Rule 8G04.2 requires IRS Clearing Members to maintain capital of at least 20% of the aggregate performance bond requirement for its proprietary and customer IRS Contracts. New CME Rule 8G04.4 requires IRS Clearing Members to provide nominations for certain members of the IRS Risk Committee and IRS Default Management Committee. The proposed amendments comport with CFTC DCO Core Principle C (Participant and Product Eligibility) and with CFTC Regulation 39.12(a).

The text of the proposed rule change is available at the CME's Web site at *http://www.cmegroup.com*. CME also made a filing, CME Submission 12–123, with its primary regulator, the CFTC, with respect to the proposed rule changes.

CME believes the proposed changes are consistent with the requirements of the Exchange Act. First, CME, a derivatives clearing organization, is required to implement the proposed changes to comply with recent changes to CFTC Regulations. CME notes that the policies of the Commodity Exchange Act (''CEA'') with respect to clearing are comparable to a number of the policies underlying the Exchange Act, such as promoting market transparency for derivatives markets, promoting the prompt and accurate clearance of transactions and protecting investors and the public interest. Second, CME believes the proposed changes are specifically designed to promote the prompt and accurate clearance and settlement of derivative agreements, contracts, and transactions, and assure the safeguarding of securities and funds which are in the custody or control of CME, and, in general, protect investors and the public interest, because the rules changes establish objective and risk-based admission and continuing participation requirements for clearing members in compliance with applicable law.

B. Self-Regulatory Organization's Statement on Burden on Competition

CME does not believe that the proposed rule change will have any impact, or impose any burden, on competition.
