SUPPLEMENTARY INFORMATION: The statement of recovery forms (Forms CA-1108 and CA-1122) are used to obtain information about amounts received as the result of final judgments in litigation, or a settlement of the

litigation, brought against a third party who is liable for damages due to a Federal employee comprehensive work-related injury. A Federal employee can sustain a work-related injury, for which he or she is eligible for compensation under the Federal Employees' Compensation Act (FECA), under circumstances that create a legal liability for some third party to pay damages for the same injury. When this occurs, the FECA authorizes the Secretary of Labor either to require the employee to assign his or her right of action to the United States or to prosecute the action. *See* 5 U.S.C. 8131. When the employee receives a judgment or a settlement of the action, he or she must reimburse the United States for past compensation payments and if there is a surplus future compensation payments as the FECA provides that the employee must refund to the United States the amount of compensation paid by the United States and credit any surplus on future payments of compensation. *See* 5 U.S.C. 8132. The OWCP is revising this ICR by reformatting the forms. The changes are not expected to affect public burden.

This information collection is subject to the PRA. A Federal agency generally cannot conduct or sponsor a collection of information, and the public is generally not required to respond to an information collection, unless it is approved by the OMB under the PRA and displays a currently valid OMB Control Number. In addition, notwithstanding any other provisions of law, no person shall generally be subject to penalty for failing to comply with a collection of information if the collection of information does not display a valid OMB Control Number. *See* 5 CFR 1320.5(a) and 1320.6. The DOL obtains OMB approval for this information collection under OMB Control Number 1240-0001. The current OMB approval is scheduled to expire on June 30, 2012; however, it should be noted that existing information collection requirements submitted to the OMB receive a month-to-month extension while they undergo review. Any changes will only take effect after OMB approval. For additional information, see the related notice published in the **Federal Register** on February 9, 2012 (77 FR 6823).

Interested parties are encouraged to send comments to the OMB, Office of Information and Regulatory Affairs at the address shown in the **ADDRESSES** section within 30 days of publication of this notice in the **Federal Register**. In order to help ensure appropriate consideration, comments should reference OMB Control Number 1240-
