request an extension by the stated deadline.

**Statutory Time Limits**

Section 751(a)(3)(A) of the Tariff Act of 1930, as amended ("the Act"), requires the Department to issue the preliminary results of an administrative review within 245 days after the last day of the anniversary month of an order for which a review is requested. Consistent with section 751(a)(3)(A) of the Act, the Department may extend the 245-day period to 365 days if it is not practicable to complete the review within a 245-day period.

**Extension of Time Limit of Preliminary Results**

The preliminary results are currently due on July 2, 2012. The Department determines that completion of the preliminary results of this review within the statutory time period is not practicable because of an ongoing surrogate country selection issue.<sup>11</sup> Thus, the Department requires more time to gather and analyze surrogate country and value information, review questionnaire responses, and issue supplemental questionnaires. The current date of the preliminary results does not afford the Department adequate time to gather and analyze surrogate country and value information, request supplementary information, and allow parties to fully participate in the proceeding.

Therefore, in accordance with section 751(a)(3)(A) of the Act, the Department finds that it is not practicable to complete the preliminary results within the original time period and, thus, the Department is extending the time limit for issuing the preliminary results by 120 days until October 30, 2012. The final results continue to be due 120 days after the publication of the preliminary results.

This notice is published pursuant to section 777(i) of the Act.

Dated: May 8, 2012.
