The Economic Development Authority of Western Nevada, grantee of FTZ 126, submitted a notification of proposed production activity on behalf of Brightpoint North America L.P. (Brightpoint), located in Reno, Nevada. The Brightpoint facility is located within Site 23 of FTZ 126. The facility is used for cell phone kitting, warehousing and distribution operations.

Customs duties also could possibly be deferred or reduced on foreign status production equipment.

Components and materials sourced from abroad include: Power supplies; nicad batteries; lithium batteries; cellular phone sets; video phones; base

stations; voice, data and image regeneration machines; microphones; answering machines; video recorders; answering machine and video recorder components; transceivers, monitors and projectors; transceiver, monitor and projector parts and accessories; thermionic, cathode and photocathode tubes; cables; connectors and plugs; decals; plastic holsters; leather carrying cases; leather pouches; plastic carrying cases; leather straps; wrist straps; key pads with connectors; external speaker sets; headsets with microphones; and, hands-free speaker kits (duty rate ranges from free to 20%).

### International Trade Administration

[A-428-840]

#### Lightweight Thermal Paper From Germany: Notice of Amended Final Results of the 2009-2010 Antidumping Duty Administrative Review

**AGENCY:** Import Administration, International Trade Administration, Department of Commerce.

**SUMMARY:** On April 9, 2012, the Department of Commerce (the Department) published its final results of the 2009-2010 administrative review for lightweight thermal paper (LWTP) from Germany for the period from

November 1, 2009, through October 31, 2010. We are amending our final results to correct a ministerial error made to the weighted average dumping margin with respect to Papierfabrik August Koehler AG (Koehler), pursuant to section 751(h) of the Tariff Act of 1930, as amended (the Act).

**DATES:** *Effective Date:* May 16, 2012.

**FOR FURTHER INFORMATION CONTACT:**

Stephanie Moore, AD/CVD Operations, Office 3, Import Administration, International Trade Administration, U.S. Department of Commerce, 14th Street and Constitution Avenue NW., Washington, DC 20230; telephone: (202) 482-3692.

**SUPPLEMENTARY INFORMATION:**

**Background**

On April 9, 2012, the Department published its final results of the 2009–2010 administrative review for LWTP from Germany for the period from

November 1, 2009, through October 31, 2010.<sup>1</sup>

On April 11, 2012, pursuant to 19 CFR 351.224(c), Appleton Papers Inc., (petitioner) alleged that the Department made a ministerial error by assigning an incorrect weighted-average margin of 3.99 percent with respect to Koehler, and requested that the Department correct the ministerial error. The Department agrees with the petitioner that it made a ministerial error by assigning an incorrect weighted-average margin of 3.99 percent with respect to Koehler. The Department has corrected this error by assigning Koehler its weighted-average margin of 4.33 percent, as released to the interested parties with the *Final Results*.<sup>2</sup>

**Amended Final Results of Review**

After analyzing petitioner’s comment, we have determined, in accordance with section 751(h) of the Act and 19 CFR 351.224, that the Department has made

a ministerial error in the final results calculation for Koehler in this administrative review, due to a transcription error. The Department has now corrected Koehler’s final weighted-average margin. For a further discussion of the ministerial error, see “Memorandum from James Terpstra to Melissa Skinner, re: Amended Final Results of the Administrative Review of the Antidumping Duty Order on Lightweight Thermal Paper from Germany (Period of Review: November 1, 2009, through October 31, 2010): Allegations of Ministerial Error,” dated May 9, 2012 (Ministerial Error Memo).

In accordance with section 751(h) of the Act, we are amending the final results of the antidumping duty administrative review of LWTP from Germany for the period November 1, 2009 through October 31, 2010. As a result of correcting the ministerial error discussed above, the following margin applies:

Company	Final margin	Amended final margin
Papierfabrik August Koehler AG .....	3.99 percent .....	4.33 percent.

**Duty Assessment**

We have been enjoined from liquidating entries of the subject merchandise produced and exported by Koehler.<sup>3</sup> Therefore, we do not intend to issue liquidation instructions to U.S. Customs and Border Protection (CBP) for such entries covered by this administrative review, until the preliminary injunction issued on February 5, 2009, is lifted.

Upon lifting of the injunction, the Department shall determine and CBP shall assess antidumping duties on all appropriate entries. Pursuant to 19 CFR 351.212(b)(1), the Department calculates an assessment rate for each importer of the subject merchandise for each respondent. If any importer-specific assessment rates calculated in the final results are above *de minimis* (i.e., at or above 0.5 percent), the Department will issue appraisal instructions directly to CBP to assess antidumping duties on appropriate entries.

The Department clarified its “automatic assessment” regulation on May 6, 2003. See *Antidumping and Countervailing Duty Proceedings:*

*Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003). This clarification will apply to entries of subject merchandise during the POR produced by the respondent for which it did not know its merchandise was destined for the United States. In such instances, we will instruct CBP to liquidate unreviewed entries at the all-others rate if there is no rate for the intermediate company(ies) involved in the transaction. For a full discussion of this clarification, see *Antidumping and Countervailing Duty Proceedings: Assessment of Antidumping Duties*, 68 FR 23954 (May 6, 2003).

**Cash Deposit Requirements**

The following antidumping duty deposit requirements will be effective upon publication of the amended final results of this administrative review for all shipments of lightweight thermal paper from Germany entered, or withdrawn from warehouse, for consumption on or after the publication date of these final results, as provided for by section 751(a) of the Act: (1) For companies covered by this review, the cash deposit rate will be the rate listed

above; (2) for previously reviewed or investigated companies other than those covered by this review, the cash deposit rate will be the company-specific rate established for the most recent period; (3) if the exporter is not a firm covered in this review, a prior review, or the less-than-fair-value investigation, but the producer is, the cash deposit rate will be the rate established for the most recent period for the manufacturer of the subject merchandise; and (4) if neither the exporter nor the producer is a firm covered in this review, a prior review, or the investigation, the cash deposit rate will be 6.50 percent, the all-others rate established in the less-than-fair-value investigation. See *Antidumping Duty Orders: Lightweight Thermal Paper from Germany and the People’s Republic of China*, 73 FR 70959 (November 24, 2008). These cash deposit requirements shall remain in effect until further notice.

**Notification to Importers**

This notice serves as a final reminder to importers of their responsibility under 19 CFR 351.402(f)(2) to file a certificate regarding the reimbursement

<sup>1</sup> See *Lightweight Thermal Paper From Germany: Notice of Final Results of the 2009–2010 Antidumping Duty Administrative Review*, 77 FR 21082 (April 9, 2012) (*Final Results*).

<sup>2</sup> See the Department’s Memorandum to the File, dated May 9, 2012, titled “Correction of the Cover Page of the Final Calculation Memorandum,” from

Stephanie Moore, Case Analyst through James Terpstra, Program Manager.

<sup>3</sup> On February 5, 2009, the U.S. Court of International Trade issued a preliminary injunction enjoining liquidation of certain entries which are subject to the antidumping duty order on lightweight thermal paper from Germany for entries

entered or withdrawn from warehouse for consumption on or after November 20, 2008. Koehler was granted the injunction against liquidation as part of its suit against the International Trade Commission’s injury determination in the investigation.

of antidumping duties prior to liquidation of the relevant entries during this review period. Failure to comply with this requirement could result in the Secretary's presumption that reimbursement of antidumping duties occurred and the subsequent increase in antidumping duties by the amount of antidumping and/or countervailing duties reimbursed.

#### Notification Regarding APOs

This notice also serves as a reminder to parties subject to administrative protective orders (APO) of their responsibility concerning the disposition of proprietary information disclosed under APO in accordance with 19 CFR 351.305(a)(5). Timely written notification of the return/destruction of APO materials or conversion to judicial protective order is hereby requested. Failure to comply with the regulations and terms of an APO is a sanctionable violation.

These amended final results of administrative review and notice are issued and published in accordance with sections 751(a)(1) and (h), and 777(i)(1) of the Act, and 19 CFR 351.224.

Dated: May 10, 2012.

#### SUPPLEMENTARY INFORMATION:

##### I. Abstract

This is a request to extend the approval of this currently approved information collection.

In accordance with the Executive Order 12862, the National Institute of Standards and Technology (NIST), a non-regulatory agency of the Department of Commerce, proposes to conduct a number of data collection efforts—both quantitative and qualitative. The data collections will be designed to determine requirement and evaluate the usability and utility of NIST research for measurement and standardization work. These data collections efforts may include, but may not be limited to electronic methodologies, empirical studies, video and audio collections, interviews, and questionnaires. For example, data collection efforts may include the evaluation of the Electronic Health Records (HER) for use by the medical community. NIST will limit its inquiries to data collections that solicit strictly voluntary opinions or responses and will not collect information that is required or regulated. The results of the data collected will be used to guide NIST research. Steps will be taken to ensure anonymity of respondents in each activity covered under this request.

##### II. Method of Collection

NIST will collect this information by electronic means when possible, as well as by mail, fax, telephone and person-to-person interviews.
