

Standard Time, the Equity and Excellence Commission will hold an open meeting in Washington, DC at the United States Department of Education at 400 Maryland Avenue SW., Washington, DC 20202, in Room 1W105/108.

The purpose of the Commission is to collect information, analyze issues, and obtain broad public input regarding how the Federal government can increase educational opportunity by improving school funding equity. The Commission will also make recommendations for restructuring school finance systems to achieve equity in the distribution of educational resources and further student performance, especially for the students at the lower end of the achievement gap. The Commission will examine the disparities in meaningful educational opportunities that give rise to the achievement gap, with a focus on systems of finance, and recommend appropriate ways in which Federal policies could address such disparities.

The agenda for the Commission's June 4, 2012 meeting will include reviewing and deliberating on a draft report to the Secretary of the U.S. Department of Education (Secretary), prepared by the Draft Review subcommittee, summarizing the Commission's findings and recommendations for appropriate ways in which Federal policies can improve equity in school finance. The Commission is also expected to discuss what materials, if any, will accompany its report to the Secretary and the timing of the release of the report. Due to time constraints, there will not be a public comment period. However, individuals wishing to provide written comments may send their comments to the Commission via email at equitycommission@ed.gov or via U.S. mail to Guy Johnson, Designated Federal Official, Equity and Excellence Commission, U.S. Department of Education, 400 Maryland Avenue SW., Washington, DC 20202. For comments related to the upcoming meeting, please submit comments for receipt no later than May 29, 2012.

Individuals interested in attending the meeting must register in advance, as meeting room seating may be limited. Please contact Guy Johnson at (202) 453-6567 or by email at equitycommission@ed.gov. Individuals who will need accommodations for a disability in order to attend the meeting (e.g., interpreting services, assistive listening devices, or materials in alternative format) should notify Guy Johnson at (202) 453-6567 no later than May 29, 2012. We will attempt to meet requests for accommodations after this date but cannot guarantee availability.

The meeting site is accessible to individuals with disabilities.

Records are kept of all Commission proceedings and are available for public inspection at the Department of Education, 400 Maryland Avenue SW., Washington, DC 20202 between the hours of 9 a.m. to 5 p.m. Eastern Standard Time. You may contact Guy Johnson, Designated Federal Official, Equity and Excellence Commission, at equitycommission@ed.gov, or at (202) 453-6567 if you have additional questions regarding inspection of records.

Sandra Battle,

Assistant Secretary for Enforcement, Office for Civil Rights.

BILLING CODE 4000-01-P

DEPARTMENT OF ENERGY

Federal Energy Regulatory Commission

[Project No. 12758-004]

Application Ready for Environmental Analysis and Soliciting Comments, Recommendations, Terms and Conditions, and Prescriptions; BOST5 Hydroelectric, LLC

Take notice that the following hydroelectric application has been filed with the Commission and is available for public inspection.

a. *Type of Application:* Original Major License.

b. *Project No.:* P-12758-004.

c. *Date filed:* March 28, 2011.

d. *Applicant:* BOST5 Hydroelectric, LLC (BOST5).

e. *Name of Project:* Red River Lock & Dam No. 5 Hydroelectric Project.

f. *Location:* The proposed project would be located at the existing U.S. Army Corps of Engineer's (Corps) Red River Lock & Dam No. 5 on the Red River, in Bossier Parish, near the Town of Ninock, Louisiana. The proposed project would occupy 69.9 acres of land administered by the Corps.

g. *Filed Pursuant to:* Federal Power Act 16 U.S.C. 791(a)-825(r).

h. *Applicant Contact:* Mr. Douglas A. Spalding, BOST5 Hydroelectric, LLC, 8441 Wayzata Blvd., Suite 101, Golden Valley, MN 55426; (952) 544-8133.

i. *FERC Contact:* Jeanne Edwards (202) 502-6181, or by email at jeanne.edwards@ferc.gov.

j. *Deadline for filing comments, recommendations, terms and conditions, and prescriptions:* 60 days from the issuance date of this notice; reply comments are due 105 days from the issuance date of this notice.

All documents may be filed electronically via the Internet. See 18 CFR 385.2001(a)(1)(iii) and the instructions on the Commission's Web site <http://www.ferc.gov/docs-filing/efiling.asp>. Commenters can submit brief comments up to 6,000 characters, without prior registration, using the eComment system at <http://www.ferc.gov/docs-filing/ecomment.asp>. You must include your name and contact information at the end of your comments. For assistance, please contact FERC Online Support at FERCOnlineSupport@ferc.gov or toll free at 1-866-208-3676, or for TTY, (202) 502-8659. Although the Commission strongly encourages electronic filing, documents may also be paper-filed. To paper-file, mail an original and seven copies to: Kimberly D. Bose, Secretary, Federal Energy Regulatory Commission, 888 First Street NE., Washington, DC 20426.

The Commission's Rules of Practice require all intervenors filing documents with the Commission to serve a copy of that document on each person on the official service list for the project. Further, if an intervenor files comments or documents with the Commission relating to the merits of an issue that may affect the responsibilities of a particular resource agency, they must also serve a copy of the document on that resource agency.

k. This application has been accepted and is now ready for environmental analysis.

l. *Project Description:* The proposed project would utilize the existing Corps Red River Lock and Dam No. 5, and operate consistent with the Corps' current operation policy. The proposed project would consist of: (1) An excavated 416-foot-long headrace channel to convey water from the upstream Pool No. 5 of the Red River to a 301-foot-long by 90-foot-wide concrete powerhouse located northeast of the end of the existing overflow weir; (2) an excavated 495-foot-long tailrace channel to discharge water from the powerhouse to the downstream Pool No. 4 of the Red River; (3) a 28.1-megawatt horizontal Kaplan bulb turbine/generator unit; (4) a 6.5-mile-long, 34.5-kilovolt overhead transmission line which would connect to Central Louisiana Electric Company's new substation; and (5) appurtenant facilities. The proposed project would generate about 129,400 megawatt-hours annually which would be sold to a local utility.

m. A copy of the application is available for review at the Commission in the Public Reference Room or may be viewed on the Commission's Web site at <http://www.ferc.gov> using the

“eLibrary” link. Enter the docket number excluding the last three digits in the docket number field to access the document. For assistance, contact FERC Online Support. A copy is also available for inspection and reproduction at the address in item h above.

All filings must: (1) Bear in all capital letters the title “COMMENTS”, “REPLY COMMENTS”, “RECOMMENDATIONS,” “TERMS AND CONDITIONS,” or “PRESCRIPTIONS”; (2) set forth in the heading the name of the applicant and the project number of the application to which the filing responds; (3) furnish the name, address, and telephone number of the person submitting the filing; and (4) otherwise comply with the requirements of 18 CFR 385.2001 through 385.2005. All comments, recommendations, terms and conditions or prescriptions must set forth their evidentiary basis and otherwise comply with the requirements of 18 CFR 4.34(b). Agencies may obtain copies of the application directly from the applicant. Each filing must be accompanied by proof of service on all persons listed on the service list prepared by the Commission in this proceeding, in accordance with 18 CFR 4.34(b) and 385.2010.

You may also register online at <http://www.ferc.gov/docs-filing/esubscription.asp> to be notified via email of new filings and issuances related to this or other pending projects. For assistance, contact FERC Online Support.

n. Public notice of the filing of the initial development application, which has already been given, established the due date for filing competing applications or notices of intent. Under the Commission’s regulations, any competing development application must be filed in response to and in compliance with public notice of the initial development application. No competing applications or notices of intent may be filed in response to this notice.

o. *A license applicant must file no later than 60 days following the date of issuance of this notice:* (1) A copy of the water quality certification; (2) a copy of the request for certification, including proof of the date on which the certifying agency received the request; or (3) evidence of waiver of water quality certification.

Dated: May 11, 2012.

Kimberly D. Bose,
Secretary.
