SUPPLEMENTARY INFORMATION:**I. Background**

This interim rule amends DFARS part 225 and the corresponding provisions and clauses in DFARS part 252 to implement the United States-Korea Free Trade Agreement (see the United States-Korea Free Trade Agreement Implementation Act (Pub. L. 112-41) (19 U.S.C. 3805 note)).

The Republic of Korea is already party to the World Trade Organization Government Procurement Agreement (WTO GPA). This Free Trade Agreement (FTA) now covers acquisition of supplies and services between \$100,000 and the current WTO GPA threshold of \$202,000, lowering the threshold for—

- Waiver of the applicability of the Buy American statute (41 U.S.C. chapter 83) for some foreign supplies and construction materials from the Republic of Korea; and
- Applicability of specified

procurement procedures designed to ensure fairness in the acquisition of supplies and services (see FAR 25.408). These obligations include, among others, that an agency shall not impose the condition that, in order for an offeror to be allowed to submit an offer or be awarded a contract, the offeror has been previously awarded one or more contracts by an agency of the United States Government or that the offeror has prior work experience in the United States (see FAR 15.305(a)(2)(iv)).

II. Discussion and Analysis

This interim rule adds the Republic of Korea to the definition of "Free Trade Agreement country" in multiple locations in the DFARS. The Republic of Korea was already listed as a designated country because it is party to the WTO GPA. The excluded services for Korea FTA are the same as for the WTO GPA. By implementation of this Korea FTA, eligible goods and services from Korea are now covered when valued at or above \$100,000, rather than at or above the WTO GPA threshold of \$202,000. The threshold for the Korea FTA for construction is the same as the threshold for the WTO GPA for construction.

The Korea FTA \$100,000 threshold for supplies and services is higher than the threshold for supplies and services for most of the FTAs (\$77,494), but not as high as the Bahrain, Morocco, and Peru FTA threshold for supplies and services (\$202,000). Therefore, new alternates are required for the provision

and clause for acquisition of photovoltaic devices (DFARS 252.225-7017 and 252.225-7018) and the Buy American Act—Free Trade Agreements—Balance of Payments Program provision and clause (DFARS 252.225-7035 and 252.225-7036) to cover acquisitions that are valued at \$77,494 or more but less than \$100,000. In that dollar range, all FTAs are applicable, except for the Bahrain, Korea, Morocco, and Peru FTAs.

Because the Korea FTA construction threshold of \$7,777,000 is the same as the WTO GPA threshold, no new clause alternates are required for the Balance of Payments Program—Construction Material under Trade Agreements clause (DFARS 252.225-7045).

There are also conforming changes to the clause prescriptions at DFARS 225.1101, Alternate A, Annual Representations and Certifications, and DFARS 252.212-7001, Contract Terms and Conditions required to Implement Statutes or Executive Orders Applicable to Defense Acquisitions of Commercial Items.

A minor correction was made to paragraph (c) of DFARS 252.225-7036, Buy American Act—Free Trade Agreements—Balance of Payments Program to add Peruvian end products to the list of end products not covered by the clause. The definition of "Peruvian end products" had been added to paragraph (a), but was not then added in paragraph (c). This makes paragraph (c) consistent with the trade agreement thresholds specified in FAR 25.402(b), as already implemented in paragraph (c) of Alternate II to DFARS 252.225-7036, as well as in the basic provision at DFARS 252.225-7035 and its Alternate II.

III. Executive Orders 12866 and 13563

Executive Orders (E.O.s) 12866 and 13563 direct agencies to assess all costs and benefits of available regulatory alternatives and, if regulation is necessary, to select regulatory approaches that maximize net benefits (including potential economic, environmental, public health and safety effects, distributive impacts, and equity). E.O. 13563 emphasizes the importance of quantifying both costs and benefits, of reducing costs, of harmonizing rules, and of promoting flexibility. This is a significant regulatory action and, therefore, was subject to review under section 6(b) of E.O. 12866, Regulatory Planning and Review, dated September 30, 1993. This rule is not a major rule under 5 U.S.C. 804.

IV. Regulatory Flexibility Act

DoD does not expect this rule to have a significant economic impact on a substantial number of small entities within the meaning of the Regulatory Flexibility Act, 5 U.S.C. 601, *et seq.* Korea is already a designated country under the WTO GPA. Although the rule now opens up Government procurement to the goods and services of Korea at or above the threshold of \$100,000, DoD does not anticipate any significant economic impact on U.S. small businesses. The Department of Defense only applies the trade agreements to the non-defense items listed at DFARS 225.401–70, and acquisitions that are set aside or provide other forms of preference for small businesses are exempt. FAR 19.502–2 states that acquisitions that do not exceed \$150,000 (except as described in paragraph (1) of the definition of “simplified acquisition threshold” at FAR 2.101) are automatically reserved exclusively for small business concerns, unless the contracting officer determines that there is not a reasonable expectation of obtaining offers from two or more responsible small business concerns.

DoD invites comments from small business concerns and other interested parties on the expected impact of this rule on small entities.

DoD will also consider comments from small entities concerning the existing regulations in subparts affected by the rule in accordance with 5 U.S.C. 610. Interested parties must submit such comments separately and should cite 5 U.S.C. 610 (DFARS Case 2012–D025), in correspondence.

V. Paperwork Reduction Act

This rule affects the certification and information collection requirements in the provisions at DFARS 252.225–7020 and 252.225–7035, currently approved under OMB Control Number 0704–0229, titled Defense Federal Acquisition Regulation Supplement part 225, Foreign Acquisition, and related clauses, in accordance with the Paperwork Reduction Act (44 U.S.C. chapter 35). The impact, however, is negligible, because it is just a question of under which category offered goods from the Republic of Korea would be listed. The rule also affects DFARS 252.225–7018, which is a variant of the Buy American-trade agreements certifications already approved, which was issued as an interim rule under DFARS Case 2011–D046 (76 FR 78858, December 20, 2011).

VI. Determination To Issue an Interim Rule

A determination has been made under the authority of the Secretary of Defense that urgent and compelling reasons exist to promulgate this interim rule without prior opportunity for public comment. This action is necessary because the FTA with the Republic of Korea, for which the President signed the implementing legislation into law on October 21, 2011 (Pub. L. 112–041), entered into force on March 15, 2012. This is a reciprocal agreement, approved by Congress and the President of the United States. It is important for the United States Government to honor its new trade obligations to the Republic of Korea, as the Republic of Korea in turn honors its new trade obligations to the United States. However, pursuant to 41 U.S.C. 1707 and FAR 1.501–3(b), DoD will consider public comments received in response to this interim rule in the formation of the final rule.
