Title: RCRA Definition of Solid Waste (Renewal).

ICR numbers: EPA ICR No. 2310.02, OMB Control No. 2050-0202.

ICR Status: This ICR is scheduled to expire on May 31, 2012. Under OMB regulations, the Agency may continue to conduct or sponsor the collection of information while this submission is pending at OMB. An Agency may not conduct or sponsor, and a person is not required to respond to, a collection of information, unless it displays a currently valid OMB control number. The OMB control numbers for EPA's regulations in title 40 of the CFR, after appearing in the **Federal Register** when approved, are listed in 40 CFR part 9, are displayed either by publication in the **Federal Register** or by other appropriate means, such as on the related collection instrument or form, if applicable. The display of OMB control

numbers in certain EPA regulations is consolidated in 40 CFR part 9.

Abstract: The U.S. Environmental Protection Agency (EPA) has published final revisions to the definition of solid waste that exclude certain hazardous secondary materials from regulation under Subtitle C of the Resource Conservation and Recovery Act (RCRA), as amended. The information requirements help ensure that (1) entities operating under the regulatory exclusions contained in today's action are held accountable to the applicable requirements; (2) state inspectors can verify compliance with the restrictions and conditions of the exclusions when needed; and (3) hazardous secondary materials exported for recycling are actually handled as commodities abroad.

Burden Statement: The annual public reporting and recordkeeping burden for this collection of information is estimated to average .13 hours per response. Burden means the total time, effort, or financial resources expended by persons to generate, maintain, retain, or disclose or provide information to or for a Federal agency. This includes the time needed to review instructions; develop, acquire, install, and utilize technology and systems for the purposes of collecting, validating, and verifying information, processing and maintaining information, and disclosing and providing information; adjust the existing ways to comply with any previously applicable instructions and requirements which have subsequently changed; train personnel to be able to respond to a collection of information; search data sources; complete and review the collection of information; and transmit or otherwise disclose the information.

Respondents/Affected Entities: Private business or other for-profit; State, Local, or Tribal governments.

Estimated Number of Respondents: 4,915

Frequency of Response: On occasion, Annual, Biannual, or Once.

Estimated Total Annual Hour Burden: 20,403 hours.

Estimated Total Annual Cost: \$1,559,149, which includes \$1,002,587 annualized labor costs and \$556,562 annualized capital or O&M costs.

Changes in the Estimates: There is no change hours in the total estimated burden currently identified in the OMB Inventory of Approved ICR Burdens.

Director, Collection Strategies Division.
